S 1047. AMEND ENV. & NAT. RESOURCES LAWS--1. TO AMEND LAWS RELATING TO THE ENVIRONMENT OR NATURAL RESOURCES. Blank bill.

Intro. by Albertson.

Ref. to Rules

GS 143

April 26, 1999

S 1047. PROTECT CERTAIN CULTCH PLANTING AREAS. Intro. 04/15/99. Senate committee substitute replaces blank bill relating to the environment or natural resources with a bill entitled "AN ACT TO PROHIBIT THE TAKING OF SHELLFISH WITHIN ONE HUNDRED FIFTY FEET OF A PUBLICALLY OWNED PIER BENEATH WHICH THE DIVISION OF MARINE FISHERIES HAS DEPOSITED CULTCH MATERIAL." As title indicates. Changes title of GS 113-207 from "Clamming on posted oyster rocks forbidden" to "Taking shellfish from certain areas forbidden." Defines oyster rocks as those rocks in the coastal fishing waters upon which oysters grow. Makes various organizational and conforming changes. Makes act effective Sept. 1, 1999, and applies to violations occurring on or after that date.
