**S 1336. STORMWATER UTILITY FEES.** Intro. 5/18/00. Senate committee substitute makes the following changes to 1st edition. Amends GS 162A-2, 160A-6, and 162A-9 to allow water and sewer authorities to operate stormwater management programs, to establish stormwater utility fees, and to own and manage stormwater facilities to essentially the same extent that cities and counties are authorized by the bill to do so in operating a stormwater public enterprise. Makes these changes for water and sewer authorities effective July 8, 1991 (changes for cities and counties remains effective July 15, 1989).
