S 394. CREDIT CARD PAYMENT OF INSURANCE. Intro. 3/17/99. House committee substitute makes the following changes to 1st edition. Expands scope of bill to allow payment of any insurance premium by credit card (was, payment of auto, property, and casualty insurance only). Replaces existing GS 58-3-145 with provision permitting an insurer, agent, or broker to accept payment of any insurance premium by credit card as long as: (1) the insurer makes this payment form available to all existing and prospective insurers and does not limit use of credit cards to certain persons, and (2) the insurer pays the fees charged by the credit card company for payment of premiums by credit card (unless otherwise agreed to in writing by the insurer and the agent or broker). Makes conforming change in GS 58-57-105(a).
