Ref. to Transportation	GS 20
------------------------	-------

April 25, 2001

**H 686. RECREATION VEHICLES-WIDTH/LENGTH CHANGES.** Intro. 3/19/01. House amendment makes the following changes to 1st edition. Deletes original bill's amendment to GS 20-116(a) (which provided that the general 102-inch maximum width for vehicles would not include appurtenances and retracted awnings less than six inches in width). Adds new amendment to GS 20-116(b) (which now provides that no "passenger-type vehicle" may be operated on any highway with a load extending beyond the line of the fenders on the left side or extending more than six inches beyond the line of the fenders on the right) to make that section applicable to recreational vehicles.
