S 888. NONRESIDENT LICENSE FEES. Intro. 4/4/01. Senate committee substitute makes the following changes to 1st edition. (1) The bill amends GS 113-270.1C(b)(4), which provides for a lifetime combined hunting and fishing license for disabled residents, to provide that the application form for such a license must include the option of applying only for fishing privileges. The bill provided that in that case the individual was not subject to hunter education requirements; the committee substitute removes that provision. (2) The bill amends GS 113-270.4, which governs the licensing of hunting and fishing guides. The bill included a provision adding to the statute a requirement that the Wildlife Resources Commission's rules must include requirements for liability insurance coverage of guides; the committee substitute removes that provision.
