H 1050. FIRE SAFETY IN JAILS. *TO IMPROVE FIRE SAFETY IN LOCAL CONFINEMENT FACILITIES.* Requires each local confinement facility in NC to provide for a licensed professional engineer and architect to evaluate the fire safety of the facility and to determine what fire safety upgrades are necessary to bring the facility into compliance with applicable laws and regulations. If a facility is not in compliance with applicable standards, the unit of local government responsible for the facility shall arrange for the necessary upgrades, and devise and implement an interim safety plan. Requires each local confinement facility to be in compliance by Jan. 1, 2007.
