**H 1304. MUNICIPAL MULTIMEMBER DISTRICTS.** *TO ALLOW CITIES TO HAVE THE SAME POWER TO CREATE MULTIMEMBER DISTRICTS AS DO COUNTIES.* GS 160A-101 lays out the options for election of city council members that a city may adopt for itself without action by the General Assembly. The options include elections for at-large seats, elections for seats from single-member districts, and elections that combine at-large seats and seats from single-member districts. This bill amends the statute to include elections for seats from multi-member districts.
