H 2209. ENVIRONMENTAL REPORTS CONSOLIDATION 2006. Filed 5/17/06. *TO AMEND OR REPEAL VARIOUS ENVIRONMENTAL REPORTING REQUIREMENTS, AS RECOMMENDED BY THE ENVIRONMENTAL REVIEW COMMISSION.* As title indicates, modifies the following reporting requirements: (1) amends GS 113-206(f) to eliminate the report on resolution of claims registered pursuant to GS 113-205; (2) amends SL 2002-4, section 11, to extend from September 2005 to September 2007 the date on which the Environmental Management Commission must begin filing annual reports on reducing emissions of oxides of nitrogen and sulfur dioxide; (3) repeals GS 143-215.107C(c), which required annual reports from the Department of Environment and Natural Resources on progress in increasing the use of alternative-fueled and low emission light duty cars and trucks; (4) modifies the list of recipients of the annual report from the Department of Environment and Natural Resources on the environmental permitting process imposed by GS 143B-279.12(e) to delete requirement that reports be made to General Assembly committees and to change the annual reporting date from October to March; (5) makes agency litter enforcement, prevention, and removal reports, required by GS 147-12(b) annual rather than semi-annual; and (6) changes the annual reporting date for the report on implementation of resident inspection programs at commercial hazardous waste facilities imposed by GS 130A-295.02(m) from September to October.
