H 1196. DUPLIN COUNTY/GARNISHMENT OF WAGES. Filed 3/28/07. House committee substitute makes the following changes to 1st edition. Allows Duplin County to treat the amount due for any fee or debt that the county has the authority to levy or collect as if it were a tax, and may collect the amount due through attachment and garnishment proceedings as set out in GS 105-368 to garnish a person's disposable income (was, Duplin County may garnish the disposable income of any person who owes the county any fee or debt that the county has the authority to levy or collect). Clarifies that the act applies to debts accruing on or after the effective date.
