GS 20

May 29, 2008

**H 2135. SPECIAL PLATES RECOGNIZING MILITARY SERVICES.** Filed 5/15/08. House committee substitute makes the following changes to 1st edition. Amends proposed GS 20-79.4(b)(1a) to remove the requirement that the plates be numbered sequentially with 1 through 5,000 reserved for offices and instead provides that before developing a plate for a branch of the armed forces, the Division of Motor Vehicles must receive 300 applications for the plate for that branch.
