**S 680. AMEND TELECOMMUNICATIONS STATUTES.** Filed 3/12/07. *AMENDING CERTAIN TELECOMMUNICATIONS STATUTES TO REFLECT THE CHANGING COMPETITIVE MARKETPLACE.*

GS 62-133.5(f) permits local exchange companies and competing local providers to offer promotions or bundled services without Utilities Commission approval, upon one day's notice to the Commission, when the promotion or bundled service involves "both regulated and nonregulated services that feature[s] price discounts that apply exclusively to services not regulated by the Commission." This bill deletes the quoted condition. It also adds a new subsection providing that these companies need only comply with federal truth-in-billing regulations prescribed by the FCC when billing for retail communications services. Repeals GS 62-110(d), which authorizes the Commission to adopt procedures for allowing shared use and/or resale of telephone service provided to persons occupying the same contiguous premises.
