S 977. MODIFY SCHOOL SICK LEAVE BANK PROVISIONS. Filed 3/19/07. *MODIFYING THE LAW REGARDING SICK LEAVE BANKS FOR PUBLIC SCHOOL EMPLOYEES.*

Current law provides that public school employees may withdraw sick leave days from voluntary sick leave banks established by local boards of education and requires notice to employees who donate or withdraw sick leave from the sick leave bank of the state retirement credit consequences of the donated sick leave. This act amends GS 115C-336 to expand the rules concerning the establishment of sick leave banks to include: (1) notice to employees upon retirement of the amount of sick leave that they may donate to the sick leave bank without any state retirement consequences; (2) automatically crediting the accumulated sick leave of any former employee whose leave time would otherwise be forfeited to the sick leave bank; and (3) prohibiting any mandatory donations of sick leave. Effective July 1, 2007.
