H 1814. CATAWBA ENERGY EFFICIENCY/RENEWABLE. Filed 5/18/10. House amendment makes the following changes to 1st edition.

Provides two alternatives for amending Section 3 of SL 2009-149, depending on whether Senate Bill 1114, 2009 Regular Session, becomes law or not. Both alternatives exempt Catawba County from competitive bidding requirements when granting authorized contracts aimed at increasing energy efficiency, and authorize Catawba County to enter into leases for the siting and operation of renewable energy facilities for 20 years without treating it as a sale and without giving notice by publication.
