H 2067. CASWELL INTERNET. Filed 5/26/10. House committee substitute makes the following changes to 1st edition.

Amends GS 153A-274 to clarify that *cable television systems* may be operated as a public enterprise, to the limited extent that there is no existing provider of cable television or comparable internet service (limiting language added). Adds Franklin and Nash to the list of applicable counties for the act, and makes a conforming change to the title.
