**S 687. EXEMPT PLUMB'G CONTRACTOR/WELL CONTRACTR REQS.** Filed 3/18/09. *TO EXEMPT PLUMBING CONTRACTORS FROM WELL CONTRACTOR CERTIFICATION REQUIREMENTS.*

Amends GS 87-98.4(b) by adding a new subdivision exempting from well contractor certification requirements a person who is licensed as a plumbing contractor who installs, breaks, or reinstalls a well seal or sanitizes a well incident to the installation, alteration, or replacement of pumps and associated piping within or near a well.

GS 87

July 15, 2009

**S 687. EXEMPT PLUMB'G CONTRACTOR/WELL CONTRACTR REQS.** Filed 3/18/09. House committee substitute makes the following changes to 1st edition. Under current law, GS 87-98.4(b) identifies persons and activities that are exempt from the well contractor certification requirements of GS Chapter 87, Article 7A. Amends subsection (b) to extend this exemption to a person licensed as a plumbing contractor under GS Chapter 87, Article 2 who (1) installs pumps or pumping equipment; (2) installs, breaks, or reinstalls a well seal in accordance with GS 87-85(6); or (3) disinfects a well incident to the installation, alteration, or replacement of pumps or pumping equipment within or near a well (was, person licensed as a plumbing contractor who installs, breaks, or reinstalls a well seal or sanitizes a well incident to the installation, alteration, or replacement of pumps and associated piping within or near a well).

Requires the plumbing contractor to maintain documentation of having attended a continuing education course (CE course) that covered well seal installation, protection, and sanitation within the last two years prior to performing the work. Directs the State Board of Examiners of Plumbing, Heating and Fire Sprinkler Contractors to ensure that CE courses in these disciplines are available during each six-month CE course schedule. Requires the licensed plumber contractor to remain on site while the work is being performed until the well is disinfected and sealed.
