A BILL TO BE ENTITLED	
AN ACT TO AUTHORIZE COALITIONS OF LOCAL GOVERNMENTS TO	JOINTLY
IMPLEMENT WATER QUALITY PROTECTION PLANS FOR THE FAI	LLS LAKE
WATERSHED; TO PROVIDE THAT AN APPLICANT FOR AN INT	
TRANSFER CERTIFICATE SHALL PAY THE COSTS ASSOCIATED V	
REQUIRED PUBLIC HEARINGS; TO CREATE A TEMPORARY, STRE	
INTERBASIN TRANSFER CERTIFICATION PROCESS FOR INT TRANSFERS IN THE CENTRAL COASTAL PLAIN CAPACITY USE A	
INTO ISOLATED RIVER BASINS; TO LIMIT TRANSFERS OF WATER F	
CATAWBA RIVER BASIN UNDER THE CONCORD AND KAN	
INTERBASIN TRANSFER CERTIFICATE; AND TO PROVIDE THAT BE	
REUSE OF WASTEWATER INCLUDES CERTAIN FACILITIES THAT	
RELOCATION OF A DISCHARGE FROM ONE RECEIVING STR	-
ANOTHER.	
The General Assembly of North Carolina enacts:	
SECTION 1. Chapter 77 of the General Statutes is amended by add	ding a new
Article to read:	
"Article 8A. "Falla Laka Watanka d Association	
"Falls Lake Watershed Association." **Talls Lake Watershed Association.**	
The following definitions apply in this Article:	
(1) "Board of directors" has the same meaning as in G.S. 55A-1-40.	
(2) "Falls Lake watershed" means those natural areas of drainage in	ncluding all
tributaries contributing to the supply of Falls Lake, the specifi	ic limits of
which are designated by the Environmental Management C	Commission
pursuant to G.S. 143-213.	
(3) "Local government" means a county, city, town, or incorporated	_
is located in whole or in part within the Falls Lake waters	
government also includes any water or sewer authority that pursuant to Article 1 of Chapter 162A of the General Statutes the	
service within the Falls Lake watershed.	iai provides

<u>(4)</u>

"Nonprofit corporation" has the same meaning as in G.S. 55A-1-40.

1 2

"§ 77-120. Falls Lake Watershed Association criteria for creation; board of directors; purpose; meetings; and records.

- (a) Local governments may elect to incorporate the Falls Lake Watershed Association nonprofit corporation or establish the Association using an existing nonprofit corporation. The Association shall only be comprised of local governments that choose to participate in the Association.
- (b) Each local government that elects to participate in the Association shall appoint a representative and an alternate representative to serve on the board of directors of the Association. The first board of directors that is appointed to the Association shall adopt bylaws that govern the operation of the Association.
 - (c) The purposes of the Association may include, but are not limited to:
 - (1) Providing a forum for sharing information in order to assist local governments in complying with State and federal laws that pertain to the water quality in the Falls Lake watershed.
 - (2) Providing a mechanism for participating local governments to coordinate and fund common technical resources.
 - (3) Planning for and conducting water quality monitoring in the Falls Lake watershed in coordination with the Department of Environment and Natural Resources.
 - (4) Coordinating with the Department of Environment and Natural Resources in the development of a transparent and accessible system for recording and maintaining nutrient offsets and credits that complies with any rules adopted to protect and restore water quality in the Falls Lake watershed.
 - (5) Providing a public forum to review and discuss innovative approaches to restore, protect, and maintain water quality in the Falls Lake watershed.
 - (6) Conducting and evaluating scientific research that describes or predicts conditions related to or affecting water quality in the Falls Lake watershed, including the reservoir.
- (d) The Association shall be subject to the requirements for meetings of public bodies pursuant to Article 33C of Chapter 143 of the General Statutes.
- (e) The Association shall be subject to the requirements for public records pursuant to Chapter 132 of the General Statutes.

"§ 77-121. Memoranda of understanding.

To the extent allowed by law, the Department of Environment and Natural Resources may enter into memoranda of understanding with the Association to implement the purposes in G.S. 77-120(c).

"§ 77-122. Authority.

The authority granted pursuant to this Article is in addition to and not in derogation of any other authority granted to local governments under any other provision of law."

SECTION 2. G.S. 143-215.22L(e) reads as rewritten:

"(e) Public Hearing on the Draft Environmental Document. – The Commission shall hold a public hearing on the draft environmental document for a proposed interbasin transfer after giving at least 30 days' written notice of the hearing in the Environmental Bulletin and as provided in subdivisions (2) and (3) of subsection (c) of this section. The notice shall indicate where a copy of the environmental document can be reviewed and the procedure to be followed by anyone wishing to submit written comments and questions on the environmental document. The Commission shall prepare a record of all comments and written responses to questions posed in writing. The record shall include complete copies of scientific or technical comments related to the potential impact of the interbasin transfer. The Commission shall accept written comment on the draft environmental documents document for a minimum of 30 days following the last public hearing. The applicant who petitions the Commission for a certificate under this

50 51 section shall pay the costs associated with the notice and public hearing on the draft environmental document."

SECTION 3. G.S. 143-215.22L(j) reads as rewritten:

Public Hearing on the Draft Determination. – Within 60 days of the issuance of the "(i) draft determination as provided in subsection (i) of this section, the Commission shall hold public hearings on the draft determination. At least one hearing shall be held in the affected area of the source river basin, and at least one hearing shall be held in the affected area of the receiving river basin. In determining whether more than one public hearing should be held within either the source or receiving river basins, the Commission shall consider the differing or conflicting interests that may exist within the river basins, including the interests of both upstream and downstream parties potentially affected by the proposed transfer. The public hearings shall be conducted by one or more hearing officers appointed by the Chair of the Commission. The hearing officers may be members of the Commission or employees of the Department. The Commission shall give at least 30 days' written notice of the public hearing as provided in subsection (c) of this section. The Commission shall accept written comment on the draft determination for a minimum of 30 days following the last public hearing. The Commission shall prepare a record of all comments and written responses to questions posed in writing. The record shall include complete copies of scientific or technical comments related to the potential impact of the interbasin transfer. The applicant who petitions the Commission for a certificate under this section shall pay the costs associated with the notice and public hearing on the draft determination."

SECTION 4. Section 7 of S.L. 2007-518 reads as rewritten:

"SECTION 7.(a) Except as provided in subsection (b) subsections (b) and (c) of this section, this act becomes effective when it becomes law and applies to any petition for a certificate for a transfer of surface water from one river basin to another river basin first made on or after that date.

"SECTION 7.(b) For a petition for a certificate for transfer of surface water from one river basin to another river basin to supplement ground water supplies in the fifteen counties designated as the Central Coastal Plain Capacity Use Area under 15A NCAC 2E .0501, this act becomes effective 1 January 2011.2013. Prior to 1 January 2011,2013, a petition for a certificate for transfer of surface water from one river basin to another river basin to supplement ground water supplies in the fifteen counties designated as the Central Coastal Plain Capacity Use Area shall be considered and acted upon by the Environmental Management Commission pursuant to the procedures and standards set out in G.S. 143-215.22I on 1 July 2007.

"SECTION 7.(c) For purposes of this subsection, "isolated river basin" means each of the following river basins set out in G.S. 143-215.22G(1):

```
g. 2-6
v. 9-4
aa. 12-1
hh. 17-1
New River.
Shallotte River.
Albemarle Sound.
White Oak River.
```

For a petition for a certificate for transfer of surface water from a river basin to an isolated river basin for the purpose of supplementing ground water supplies, this act becomes effective 1 July 2020. Prior to 1 July 2020, a petition for a certificate for transfer of surface water from a river basin to an isolated river basin for the purpose of supplementing ground water supplies shall be considered and acted upon by the Environmental Management Commission pursuant to the procedures and standards set out in G.S. 143-215.22I on 1 July 2007."

SECTION 5. Concord and Kannapolis may not transfer water from the Catawba River Basin pursuant to the Certificate Authorizing the Cities of Concord and Kannapolis to Transfer Water from the Catawba River and Yadkin River Basins to the Rocky River Basin under the Provisions of G.S. 143-215.22I, approved by the Environmental Management

2 3 4

Commission on January 10, 2007, and signed into effect on January 25, 2007, unless the Department of Environment and Natural Resources determines that both of the following conditions are met:

 (1) Concord and Kannapolis are transferring 10 million gallons per day from the Yadkin River Basin to the Rocky River Basin pursuant to the Interbasin Transfer Certificate.

(2) There are no other water supplies located within the Yadkin River Basin that are available to Concord and Kannapolis.

SECTION 6. G.S. 143-355.5(a) reads as rewritten:

"(a) Water Reuse Policy. – It is the public policy of the State that the reuse of treated wastewater or reclaimed water is critical to meeting the existing and future water supply needs of the State. The General Assembly finds that reclaimed water systems permitted and operated under G.S. 143-215.1(d2) in an approved wastewater reuse program can provide water for many beneficial purposes in a way that is both environmentally acceptable and protective of public health. This finding includes and applies to conjunctive facilities that require the relocation of a discharge from one receiving stream to another under all of the following conditions:

(1) The relocation is necessary to create an approved comprehensive wastewater reuse program.

(2) The reuse program provides significant reuse benefits.

 (3) The relocated discharge will comply with all applicable water quality standards; will not result in degradation of water quality in the receiving waters; will not contribute to water quality impairment in the receiving watershed; and will result in net benefits to water quality, such as the elimination of a wastewater discharge in a nutrient sensitive river basin."

SECTION 7. This act is effective when it becomes law. Sections 2 and 3 apply to the costs, including costs of notice, associated with public hearings held on or after that date.
