3 **"§ 77-122. Board of Directors.**

4 (a) Appointment. – The Board of Directors of the Yadkin River Trust shall consist of
5 seven directors who shall be appointed by the Governor upon the advice of the Speaker of the
6 House of Representatives and the President Pro Tempore of the Senate and subject to
7 confirmation by the General Assembly by joint resolution. Two of the directors shall have
8 substantial work experience within the operations of electric cooperatives or investor-owned
9 utilities or substantial experience on an electric cooperative board or investor-owned utility
10 board but must not serve as an employee or board member of an electric cooperative or
11 investor-owned utility during their term as a director of the Yadkin River Trust. The names of
12 directors to be appointed by the Governor shall be submitted by the Governor to the General
13 Assembly for confirmation by the General Assembly on or before June 1 of the year in which
14 the terms for which the appointments are to be made are to expire. Upon failure of the
15 Governor to submit names by that date, the President Pro Tempore of the Senate and Speaker
16 of the House of Representatives jointly shall submit the names of a like number of directors to
17 the General Assembly on or before June 15 of the same year for confirmation by the General
18 Assembly. Regardless of the way in which the names of directors are submitted, confirmation
19 of directors must be accomplished prior to adjournment of the then current session of the
20 General Assembly. The Governor may remove any director of the Board for misfeasance,
21 malfeasance, or nonfeasance.

22 (b) Terms. – The term of office of directors of the Board is four years. A director may
23 be reappointed to any number of successive four-year terms. A director in office continues to
24 serve until the director's successor is duly confirmed and qualified, but the holdover does not
25 affect the expiration date of the succeeding term.

26 (c) Chair; Vice-Chair. – Upon confirmation of the directors by the General Assembly as
27 provided in subsection (a) of this section, the Governor shall designate one of the directors to
28 serve as chair of the Board for the succeeding four years and until the director's successor is
29 duly confirmed and qualified. Upon death or resignation of the director appointed as chair, the
30 Governor shall designate the chair from the remaining directors and appoint a successor in
31 accordance with this section to fill the vacancy on the Board. The Governor shall convene the
32 first meeting of the Board, at which time the members of the Board shall elect from their
33 membership a vice-chair of the Board.

34 (d) Vacancies. – In case of death, incapacity, resignation, or vacancy for any other
35 reason in the office of any director prior to the expiration of the director's term of office, the
36 name of the director's successor shall be submitted by the Governor within four weeks after the
37 vacancy arises to the General Assembly for confirmation by the General Assembly. Upon
38 failure of the Governor to submit the name of the successor, the President Pro Tempore of the
39 Senate and the Speaker of the House of Representatives jointly shall submit the name of a
40 successor to the General Assembly within six weeks after the vacancy arises. Regardless of the
41 way in which the names of directors are submitted, confirmation of directors must be
42 accomplished prior to the adjournment of the then current session of the General Assembly. If a
43 vacancy arises in the office of director when the General Assembly is not in session, and the
44 appointment is deemed urgent by the Governor, the Governor may appoint a director to serve
45 on an interim basis pending confirmation by the General Assembly.

46 (e) Organization of the Board. – The Board shall adopt bylaws with respect to the
47 calling of meetings, quorums, voting procedures, the keeping of records, and other
48 organizational and administrative matters as the Board may determine. A quorum consists of a
49 majority of the members of the Board. No vacancy in the membership of the Board impairs the
50 right of a quorum to exercise all rights and to perform all the duties of the Board and the Trust.

1 (f) Compensation of the Board. – No part of the revenues or assets of the Trust shall
2 inure to the benefit of or be distributable to the members of the Board or officers or other

8 it shall pursue transfer of the license at the Federal Energy Regulatory Commission and other
9 transfer of title for property or permits and may enter into negotiations, execute agreements, file
10 an application for a new license, amend the existing license, and take any other actions
11 necessary to become the licensee for the Yadkin Project on behalf of the State. Any terms of
12 acquisition must be approved by the Board prior to completion of the acquisition. If acquired,
13 the Trust cannot agree to voluntarily surrender, terminate, transfer, or sell the Yadkin River
14 License or the Yadkin Project unless an act of the General Assembly approves the action.

15 **"§ 77-124. Operation of the Trust.**

16 (a) Management. – The Board shall determine the policies of the Trust by majority vote
17 of the members of the Board present and voting, a quorum having been established. Once a
18 policy is determined, the Board must communicate it to the executive director who shall have
19 the sole and exclusive authority to execute the policy of the Trust. No member of the Board has
20 the responsibility or authority to give operational directives to any employee of the Trust other
21 than the executive director.

22 (b) Employees. – The Board shall appoint an executive director, whose salary is fixed
23 by the Board, to serve at its pleasure. The executive director or a person designated by the
24 executive director shall appoint, employ, dismiss, and, within the limits of available funding,
25 fix the compensation of other employees as considered necessary. During any fiscal year, the
26 Trust may not expend funds for merit and performance-based salary increases in excess of the
27 funds that would have been expended had the employees of the Trust received the same
28 across-the-board salary increases granted by the General Assembly to State employees subject
29 to the State Personnel Act. These merit and performance-based salary increases may be
30 awarded on an aggregated average basis according to rules adopted by the Trust. Except as to
31 the provisions of Articles 6 and 7 of Chapter 126 of the General Statutes, the employees of the
32 Trust are exempt from the State Personnel Act.

33 (c) Consultants. – The Board may employ consulting engineers, architects, attorneys,
34 real estate counselors, appraisers, and other consultants as needed.
