The General Assembly of North Carolina enacts:

**SECTION 1.** Part 2 of Article 16 of Chapter 153A of the General Statutes reads as rewritten:

"Part 2. County Research and Production Service ~~Districts~~Districts and Urban Research Service Districts.

**"§ 153A-311. Purposes for which districts may be established.**

The board of commissioners of any county may define a county research and production service district in order to finance, provide, and maintain for the district any service, facility, or function that a county or a city is authorized by general law to provide, finance, or maintain. Such a service, facility, or function shall be financed, provided, or maintained in the district either in addition to or to a greater extent than services, facilities, or functions are financed, provided, or maintained for the entire county.

**"§ 153A-312. Definition of research and production service district.**

(a) Standards. – The board of commissioners may by resolution establish a research and production service district for any area of the county that, at the time the resolution is adopted, meets the following standards:

- (1) All (i) real property in the district is being used for or is subject to covenants that limit its use to ~~research~~research; or scientifically-oriented production or for production, technology, education; or associated commercial, residential, or institutional purposes; or for other purposes specifically authorized pursuant to the terms and conditions of the covenants, or (ii) if all the real property in the district is part of a multijurisdictional industrial park that satisfies the criteria of G.S. 143B-437.08(h), all such real property in the district is subject to covenants that limit its use to research or scientifically oriented production, associated commercial or institutional purposes, or other industrial and associated commercial and institutional uses.
- (2) The district (i) contains at least 4,000 acres or (ii) satisfies the criteria of G.S. 143B-437.08(h).

\* H 3 9 1 - P C S 8 0 3 6 4 - T D X - 6 0 \*

- 1 (3) The district (i) includes research and production facilities that in  
2 combination employ at least 5,000 persons or (ii) satisfies the criteria of  
3 G.S. 143B-437.08(h).
- 4 (4) ~~All real property located in the district was at one time or is currently owned  
5 by a nonprofit corporation, which developed or is developing the property as  
6 a research and production park.~~
- 7 (5) A petition requesting creation of the district signed by at least fifty percent  
8 (50%) of the owners of real property in the district who own at least fifty  
9 percent (50%) of total area of the real property in the district has been  
10 presented to the board of commissioners. In determining the total area of real  
11 property in the district and the number of owners of real property, there shall  
12 be excluded (1) real property exempted from taxation and real property  
13 classified and excluded from taxation and (2) the owners of such exempted  
14 or classified and excluded property.
- 15 (6) ~~The district has no more than 25 permanent residents.~~
- 16 (7) There exists in the district an association of owners and tenants, to which at  
17 least seventy-five percent (75%) of the owners of nonresidential real  
18 property belong, which association can make the recommendations provided  
19 for in G.S. 153A-313. This subdivision shall not apply to a research and  
20 production service district that satisfies the criteria of G.S. 143B-437.08(h).
- 21 (8) ~~There exists, or will exist when conveyed by the nonprofit corporation  
22 described in subdivision (4) of this subsection, exist deed-imposed  
23 conditions, covenants, restrictions, and reservations that apply to all real  
24 property in the district other than property owned by the federal  
25 government district, provided that the covenants, restrictions, and  
26 reservations shall not be effective against the United States as long as it  
27 owns or leases property in the district but shall apply to any subsequent  
28 owner or lessee of such property.~~
- 29 (9) No part of the district lies within the boundaries of any incorporated city or  
30 town.

31 The Board of Commissioners may establish a research and production service district if,  
32 upon the information and evidence it receives, the Board finds that:

- 33 (1) The proposed district meets the standards set forth in this subsection; and  
34 (2) It is impossible or impracticable to provide on a countywide basis the  
35 additional or higher levels of services, facilities, or functions proposed for  
36 the district; and  
37 (3) It is economically feasible to provide the proposed services, facilities, or  
38 functions to the district without unreasonable or burdensome tax levies.

39 (a1) Additional Uses. – A developer of a research and production service district  
40 established prior to June 1, 2012, may amend the covenants that limit the use of real property in  
41 the district to include any of the following uses: research; or scientifically-oriented production,  
42 technology, education; or associated commercial, residential, or institutional purposes; or for  
43 other purposes specifically authorized pursuant to the terms and conditions of the covenants. A  
44 research and production service district is presumed to be in compliance with the standards in  
45 subsection (a) of this section if the district met the standards in subsection (a) of this section, as  
46 that subsection was enacted at the time of the establishment of the district.

47 (b) Multi-County Districts. – If an area that meets the standards for creation of a  
48 research and production service district lies in more than one county, the boards of  
49 commissioners of those counties may adopt concurrent resolutions establishing a service  
50 district, even if that portion of the district lying in any one of the counties does not by itself

1 meet the standards. Each of the county boards of commissioners shall follow the procedure set  
2 out in this section for creation of a ~~service~~-district.

3 If a multi-county ~~service~~-district is established, as provided in this subsection, the boards of  
4 commissioners of the counties involved shall jointly determine whether the same appraisal and  
5 assessment standards apply uniformly throughout the district. This determination shall be set  
6 out in concurrent resolutions of the boards. If the same appraisal and assessment standards  
7 apply uniformly throughout the district, the boards of commissioners of all the counties shall  
8 levy the same rate of tax for the district, so that a uniform rate of tax is levied for district  
9 purposes throughout the district. If the boards determine that the same standards do not apply  
10 uniformly throughout the district, the boards shall agree on the extent of divergence between  
11 the counties and on the resulting adjustments of tax rates that will be necessary in order that an  
12 effectively uniform rate of tax is levied for district purposes throughout the district.

13 The boards of commissioners of the counties establishing a multi-county ~~service~~-district  
14 pursuant to this subsection may, by concurrent resolution, provide for the administration of  
15 services within the district by one or more counties on behalf of all the establishing counties.

17 commissioners shall cause to be prepared a report containing:

20 subsection (a); and

22 district.

23 The report shall be available for public inspection in the office of the clerk to the board for  
24 at least four weeks before the date of the public hearing.

25 (d) Hearing and Notice. – The board of commissioners shall hold a public hearing  
26 before adopting any resolution defining a ~~service~~-district under this section. Notice of the  
27 hearing shall state the date, hour, and place of the hearing and its subject, and shall include a  
28 map of the proposed district and a statement that the report required by subsection (c) is  
29 available for public inspection in the office of the clerk to the board. The notice shall be  
30 published at least once not less than one week before the date of the hearing. In addition, it  
31 shall be mailed at least four weeks before the date of the hearing by any class of U.S. mail  
32 which is fully prepaid to the owners as shown by the county tax records as of the preceding  
33 January 1 (and at the address shown thereon) of all property located within the proposed  
34 district. The person designated by the board to mail the notice shall certify to the board that the  
35 mailing has been completed and his certificate is conclusive in the absence of fraud.

36 (e) Effective Date. – The resolution defining a ~~service~~-district shall take effect at the  
37 beginning of a fiscal year commencing after its passage, as determined by the board of  
38 commissioners.

47 advisory committee. If a multi-county ~~service~~-district is established, the concurrent resolutions  
48 establishing the district shall provide how many members of the advisory committee are to be  
49 appointed by each board of commissioners. Before making the appointments, the appropriate  
50 board shall request the association of owners and tenants, required by G.S. 153A-312(a), to

18 committee as to the level of services, facilities, or functions to be provided for the district for  
19 the ensuing year. The board or boards of commissioners shall, to the extent permitted by law,  
20 expend the proceeds of any tax levied for the district in the manner recommended by the  
21 advisory ~~board~~-committee.
