12 "**§ 90-21.81. Definitions.**

13 The following definitions apply in this Article:

- 14 (1) Abortion. – The use or prescription of any instrument, medicine, drug, or

1 necessitate the immediate abortion of her pregnancy to avert her death or for
2 which a delay will create serious risk of substantial and irreversible physical
3 impairment of a major bodily function, not including any psychological or
4 emotional conditions. For purposes of this definition, no condition shall be
5 deemed a medical emergency if based on a claim or diagnosis that the
6 woman will engage in conduct which would result in her death or in
7 substantial and irreversible physical impairment of a major bodily function.

8 (6) Physician. – An individual licensed to practice medicine in accordance with
9 this Chapter.

10 (7) Probable gestational age. – What, in the judgment of the physician, will,

14 practitioner, or physician assistant licensed in accordance with Article 1 of

24 practicable, is safeguarded from having its content altered other than by the
25 Department.

26 (11) Woman. – A female human, whether or not she is an adult.

27 **"§ 90-21.82. Informed consent to abortion.**

28 No abortion shall be performed upon a woman in this State without her voluntary and
29 informed consent. Except in the case of a medical emergency, consent to an abortion is
30 voluntary and informed only if all of the following conditions are satisfied:

31 (1) At least 24 hours prior to the abortion, a physician or qualified professional
32 has orally informed the woman, by telephone or in person, of all of the
33 following:

34 a. The name of the physician who will perform the abortion.

35 b. The particular medical risks associated with the particular abortion
36 procedure to be employed, including, when medically accurate, the
37 risks of infection, hemorrhage, cervical tear or uterine perforation,
38 danger to subsequent pregnancies, including the ability to carry a
39 child to full term, and any adverse psychological effects associated
40 with the abortion.

41 c. The probable gestational age of the unborn child at the time the
42 abortion is to be performed.

43 d. The medical risks associated with carrying the child to term.

44 e. The display of a real-time view of the unborn child and heart tone
45 monitoring that enable the pregnant woman to view her unborn child
46 or listen to the heartbeat of the unborn child are available to the
47 woman. The physician performing the abortion, qualified technician,
48 or referring physician shall inform the woman that the printed
49 materials and Web site described in G.S. 90-21.83 and G.S. 90-21.84
50 contain phone numbers and addresses for facilities that offer the
51 services free of charge. If requested by the woman, the physician or

1 qualified professional shall provide to the woman the list as compiled
2 by the Department.

3 f. If the physician who is to perform the abortion has no liability
4 insurance for malpractice in the performance or attempted
5 performance of an abortion, that information shall be communicated.

6 g. The location of the hospital that offers obstetrical or gynecological
7 care located within 30 miles of the location where the abortion is
8 performed or induced and at which the physician performing or
9 inducing the abortion has clinical privileges. If the physician who
10 will perform the abortion has no local hospital admitting privileges,
11 that information shall be communicated.

12 If the physician or qualified professional does not know the information
13 required in sub-subdivisions a., f., or g. of this subdivision, the woman shall
14 be advised that this information will be directly available from the physician
15 who is to perform the abortion. However, the fact that the physician or
16 qualified professional does not know the information required in
17 sub-subdivisions a., f., or g. shall not restart the 24-hour period. The
18 information required by this subdivision shall be provided in English and in
19 each language that is the primary language of at least two percent (2%) of
20 the State's population. The information may be provided orally either by
21 telephone or in person, in which case the required information may be based
22 on facts supplied by the woman to the physician and whatever other relevant
23 information is reasonably available. The information required by this
24 subdivision may not be provided by a tape recording but shall be provided
25 during a consultation in which the physician is able to ask questions of the
26 patient and the patient is able to ask questions of the physician. If, in the
27 medical judgment of the physician, a physical examination, tests, or the
28 availability of other information to the physician subsequently indicates a
29 revision of the information previously supplied to the patient, then that
30 revised information may be communicated to the patient at any time before
31 the performance of the abortion. Nothing in this section may be construed to
32 preclude provision of required information in a language understood by the
33 patient through a translator.

34 (2) The physician or qualified professional has informed the woman, either by
35 telephone or in person, of each of the following at least 24 hours before the
36 abortion:

37 a. That medical assistance benefits may be available for prenatal care,
38 childbirth, and neonatal care.

39 b. That public assistance programs under Chapter 108A of the General
40 Statutes may or may not be available as benefits under federal and
41 State assistance programs.

42 c. That the father is liable to assist in the support of the child, even if
43 the father has offered to pay for the abortion.

44 d. That the woman has other alternatives to abortion, including keeping
45 the baby or placing the baby for adoption.

46 e. That the woman has the right to review the printed materials
47 described in G.S. 90-21.83, that these materials are available on a
48 State-sponsored Web site, and the address of the State-sponsored
49 Web site. The physician or a qualified professional shall orally
50 inform the woman that the materials have been provided by the
51 Department and that they describe the unborn child and list agencies

1 that offer alternatives to abortion. If the woman chooses to view the
2 materials other than on the Web site, the materials shall either be
3 given to her at least 24 hours before the abortion or be mailed to her
4 at least 72 hours before the abortion by certified mail, restricted
5 delivery to addressee.

6 f. That the woman is free to withhold or withdraw her consent to the
7 abortion at any time before or during the abortion without affecting
8 her right to future care or treatment and without the loss of any State
9 or federally funded benefits to which she might otherwise be entitled.

10 The information required by this subdivision shall be provided in English
11 and in each language that is the primary language of at least two percent
12 (2%) of the State's population. The information required by this subdivision
13 may be provided by a tape recording if provision is made to record or
14 otherwise register specifically whether the woman does or does not choose
15 to have the printed materials given or mailed to her. Nothing in this
16 subdivision shall be construed to prohibit the physician or qualified
17 professional from e-mailing a Web site link to the materials described in this
18 subdivision or G.S. 90-21.83.

19 (3) The woman certifies in writing, before the abortion, that the information
20 described in subdivisions (1) and (2) of this section has been furnished her
21 and that she has been informed of her opportunity to review the information
22 referred to in sub-subdivision (2)e. of this section. The original of this
23 certification shall be maintained in the woman's medical records, and a copy
24 shall be given to her.

25 (4) Before the performance of the abortion, the physician who will perform the
26 abortion or the qualified technician must receive a copy of the written
27 certification required by subdivision (3) of this section.

28 **"§ 90-21.83. Printed information required.**

29 (a) Within 90 days after this Article becomes effective, the Department shall publish in
30 English and in each language that is the primary language of at least two percent (2%) of the
31 State's population and shall cause to be available on the State Web site established under
32 G.S. 90-21.84, the following printed materials in a manner that ensures that the information is
33 comprehensible to a person of ordinary intelligence:

34 (1) Geographically indexed materials designed to inform a woman of public and
35 private agencies and services available to assist her through pregnancy, upon
36 childbirth, and while the child is dependent, including adoption agencies.
37 The information shall include a comprehensive list of the agencies available,
38 a description of the services they offer, including which agencies offer, at no
39 cost to the woman, imaging that enables the woman to view the unborn child
40 or heart tone monitoring that enables the woman to listen to the heartbeat of
41 the unborn child, and a description of the manner, including telephone
42 numbers, in which they might be contacted. In the alternative, in the
43 discretion of the Department, the printed materials may contain a toll-free,
44 24-hour-a-day telephone number that may be called to obtain, orally or by
45 tape recorded message tailored to the zip code entered by the caller, a list of
46 these agencies in the locality of the caller and of the services they offer.

47 (2) Materials designed to inform the woman of the probable anatomical and
48 physiological characteristics of the unborn child at two-week gestational
49 increments from the time a woman can be known to be pregnant until full
50 term, including pictures or drawings representing the development of the
51 unborn child at two-week gestational increments. The pictures shall contain

1 the dimensions of the unborn child, information about brain and heart
2 functions, the presence of external members and internal organs, and be
3 realistic and appropriate for the stage of pregnancy depicted. The materials
4 shall be objective, nonjudgmental, and designed to convey only accurate
5 scientific information about the unborn child at the various gestational ages.
6 The material shall contain objective information describing the methods of
7 abortion procedures employed, the medical risks associated with each
8 procedure, the possible adverse psychological effects of abortion, as well as
9 the medical risks associated with carrying an unborn child to term.

10 (b) The materials referred to in subsection (a) of this section shall be printed in a
11 typeface large enough to be clearly legible. The Web site provided for in G.S. 90-21.84 shall be
12 maintained at a minimum resolution of 70 DPI (dots per inch). All pictures appearing on the
13 Web site shall be a minimum of 200x300 pixels. All letters on the Web site shall be a minimum
14 of 12-point font. All information and pictures shall be accessible with an industry-standard
15 browser requiring no additional plug-ins.

16 (c) The materials required under this section shall be available at no cost from the
17 Department upon request and in appropriate numbers to any physician, person, health facility,
18 hospital, or qualified professional.

19 **"§ 90-21.84. Internet Web site.**

20 The Department shall develop and maintain a stable Internet Web site to provide the
21 information described under G.S. 90-21.83. No information regarding who accesses the Web
22 site shall be collected or maintained. The Department shall monitor the Web site on a regular
23 basis to prevent and correct tampering.

24 **"§ 90-21.85. Display of real-time view requirement.**

25 (a) Notwithstanding G.S. 14-45.1, except in the case of a medical emergency, in order
26 for the woman to make an informed decision, at least four hours before a woman having any
27 part of an abortion performed or induced, and before the administration of any anesthesia or
28 medication in preparation for the abortion on the woman, the physician who is to perform the
29 abortion, or qualified technician working in conjunction with the physician, shall do each of the
30 following:

- 31 (1) Perform an obstetric real-time view of the unborn child on the pregnant
32 woman.
- 33 (2) Provide a simultaneous explanation of what the display is depicting, which
34 shall include the presence, location, and dimensions of the unborn child
35 within the uterus and the number of unborn children depicted. The individual
36 performing the display shall offer the pregnant woman the opportunity to
37 hear the fetal heart tone. The image and auscultation of fetal heart tone shall
38 be of a quality consistent with the standard medical practice in the
39 community. If the image indicates that fetal demise has occurred, a woman
40 shall be informed of that fact.
- 41 (3) Display the images so that the pregnant woman may view them.
- 42 (4) Provide a medical description of the images, which shall include the
43 dimensions of the embryo or fetus and the presence of external members and
44 internal organs, if present and viewable.
- 45 (5) Obtain a written certification from the woman, before the abortion, that the
46 requirements of this section have been complied with, which shall indicate
47 whether or not she availed herself of the opportunity to view the image.
- 48 (6) Retain a copy of the written certification prescribed by subdivision (a)(5) of
49 this section. The certification shall be placed in the medical file of the
50 woman and shall be kept by the abortion provider for a period of not less
51 than seven years. If the woman is a minor, then the certification shall be

1 placed in the medical file of the minor and kept for at least seven years or for
2 five years after the minor reaches the age of majority, whichever is greater.

3 If the woman has had an obstetric display of a real-time image of the unborn child within 72
4 hours before the abortion is to be performed, the certification of the physician or qualified
5 technician who performed the procedure in compliance with this subsection shall be included in
6 the patient's records and the requirements under this subsection shall be deemed to have been
7 met.

8 (b) Nothing in this section shall be construed to prevent a pregnant woman from
9 averting her eyes from the displayed images or from refusing to hear the simultaneous
10 explanation and medical description.

11 (c) In the event the person upon whom the abortion is to be performed is an
12 unemancipated minor, as defined in G.S. 90-21.6(1), the information described in subdivisions
13 (a)(2) and (a)(4) of this section shall be furnished and offered respectively to a person required
14 to give parental consent under G.S. 90-21.7(a) and the unemancipated minor. The person
15 required to give consent in accordance with G.S. 90-21.7(a), as appropriate, shall make the
16 certification required by subdivision (a)(5) of this section. In the event the person upon whom
17 the abortion is to be performed has been adjudicated mentally incompetent by a court of
18 competent jurisdiction, the information shall be furnished and offered respectively to her
19 spouse or a legal guardian if she is married or, if she is not married, to one parent or a legal
20 guardian and the woman. The spouse, legal guardian, or parent, as appropriate, shall make the
21 certification required by subdivision (a)(5) of this section. In the case of an abortion performed
22 pursuant to a court order under G.S. 90-21.8(e) and (f), the information described in
23 subdivisions (a)(2) and (a)(4) of this section shall be provided to the minor, and the certification
24 required by subdivision (a)(5) of this section shall be made by the minor.

25 **"§ 90-21.86. Procedure in case of medical emergency.**

26 When a medical emergency compels the performance of an abortion, the physician shall
27 inform the woman, before the abortion if possible, of the medical indications supporting the
28 physician's judgment that an abortion is necessary to avert her death or that a 24-hour delay will
29 create a serious risk of substantial and irreversible impairment of a major bodily function, not
30 including psychological or emotional conditions. As soon as feasible, the physician shall
31 document in writing the medical indications upon which the physician relied and shall cause
32 the original of the writing to be maintained in the woman's medical records and a copy given to
33 her.

34 **"§ 90-21.87. Informed consent for a minor.**

35 If the woman upon whom an abortion is to be performed is an unemancipated minor, the
36 voluntary and informed written consent required under G.S. 90-21.82 shall be obtained from
37 the minor and from the adult individual who gives consent pursuant to G.S. 90-21.7(a).

38 **"§ 90-21.88. Civil remedies.**

39 (a) Any person upon whom an abortion has been performed and any father of an unborn
40 child that was the subject of an abortion may maintain an action for damages against the person
41 who performed the abortion in knowing or reckless violation of this Article. Any person upon
42 whom an abortion has been attempted may maintain an action for damages against the person
43 who performed the abortion in willful violation of this Article.

44 (b) Injunctive relief against any person who has willfully violated this Article may be
45 sought by and granted to (i) the woman upon whom an abortion was performed or attempted to
46 be performed in violation of this Article, (ii) any person who is the spouse, parent, sibling, or
47 guardian of, or a current or former licensed health care provider of, the woman upon whom an
48 abortion has been performed or attempted to be performed in violation of this Article, or (iii)
49 the Attorney General. The injunction shall prevent the abortion provider from performing or
50 inducing further abortions in this State in violation of this Article.

1 (c) If judgment is rendered in favor of the plaintiff in any action authorized under this
2 section, the court shall also tax as part of the costs reasonable attorneys' fees in favor of the
3 plaintiff against the defendant. If judgment is rendered in favor of the defendant and the court
4 finds that the plaintiff's suit was frivolous or brought in bad faith, then the court shall tax as part
5 of the costs reasonable attorneys' fees in favor of the defendant against the plaintiff.

6 **"§ 90-21.89. Protection of privacy in court proceedings.**

7 In every proceeding or action brought under this Article, the court shall rule whether the
8 anonymity of any woman upon whom an abortion has been performed or attempted shall be
9 preserved from public disclosure if she does not give her consent to the disclosure. The court,
10 upon motion or sua sponte, shall make the ruling and, upon determining that her anonymity
11 should be preserved, shall issue orders to the parties, witnesses, and counsel and shall direct the
12 sealing of the record and exclusion of individuals from courtrooms or hearing rooms to the
13 extent necessary to safeguard her identity from public disclosure. Each order issued pursuant to
14 this section shall be accompanied by specific written findings explaining (i) why the anonymity
15 of the woman should be preserved from public disclosure, (ii) why the order is essential to that
16 end, (iii) how the order is narrowly tailored to serve that interest, and (iv) why no reasonable
17 less restrictive alternative exists. In the absence of written consent of the woman upon whom an
18 abortion has been performed or attempted, anyone who brings an action under G.S. 90-21.88
19 (a) or (b) shall do so under a pseudonym. This section may not be construed to conceal the
20 identity of the plaintiff or of witnesses from the defendant.

21 **"§ 90-21.90. Assurance of informed consent.**

22 (a) All information required to be provided under G.S. 90-21.82 to a woman
23 considering abortion shall be presented to the woman individually and, except for information
24 that may be provided by telephone, in the physical presence of the woman and in a language
25 the woman understands to ensure that the woman has adequate opportunity to ask questions and
26 to ensure the woman is not the victim of a coerced abortion.

27 (b) Should a woman be unable to read the materials provided to the woman pursuant to
28 this section, a physician or qualified professional shall read the materials to the woman in a
29 language the woman understands before the abortion.

30 **"§ 90-21.91. Assurance that consent is freely given.**

31 If a physician acting pursuant to this Article has reason to believe that a woman is being
32 coerced into having an abortion, the physician or qualified professional shall inform the woman
33 that services are available for the woman and shall provide the woman with private access to a
34 telephone and information about, but not limited to, each of the following services:

- 35 (1) Rape crisis centers.
- 36 (2) Shelters for victims of domestic violence.
- 37 (3) Restraining orders.
- 38 (4) Pregnancy care centers.

39 **"§ 90-21.92. Severability.**

40 If any one or more provision, section, subsection, sentence, clause, phrase, or word of this
41 Article or the application thereof to any person or circumstance is found to be unconstitutional,
42 the same is hereby declared to be severable, and the balance of this Article shall remain
43 effective, notwithstanding such unconstitutionality. The General Assembly hereby declares that
44 it would have passed this Article, and each provision, section, subsection, sentence, clause,
45 phrase, or word thereof, irrespective of the fact that any one or more provision, section,
46 subsection, sentence, clause, phrase, or word be declared unconstitutional."

47 **SECTION 2.** G.S. 90-21.7 reads as rewritten:

48 **"§ 90-21.7. Parental consent required.**

49 (a) No physician licensed to practice medicine in North Carolina shall perform an
50 abortion upon an unemancipated minor unless the physician or agent thereof or another
51 physician or agent thereof first obtains the written consent of the minor and of:

- 1 (1) A parent with custody of the minor; or
- 2 (2) The legal guardian or legal custodian of the minor; or
- 3 (3) A parent with whom the minor is living; or
- 4 (4) A grandparent with whom the minor has been living for at least six months
- 5 immediately preceding the date of the minor's written consent.

6 (a1) The written consent required by subsection (a) of this section shall be signed and
7 acknowledged before a notary public. The physician shall retain in the medical records of the
8 minor a copy of the written notarized consent required by this subsection for three years after
9 the minor reaches the age of majority.

10 (b) The pregnant minor may petition, on her own behalf or by guardian ad litem, the
11 district court judge assigned to the juvenile proceedings in the district court where the minor
12 resides or where she is physically present for a waiver of the parental consent requirement if:

- 13 (1) None of the persons from whom consent must be obtained pursuant to this
14 section is available to the physician performing the abortion or the
15 physician's agent or the referring physician or the agent thereof within a
16 reasonable time or manner; or
- 17 (2) All of the persons from whom consent must be obtained pursuant to this
18 section refuse to consent to the performance of an abortion; or
- 19 (3) The minor elects not to seek consent of the person from whom consent is
20 required."

21 **SECTION 3.** The Department of Health and Human Services shall use funds
22 appropriated to it in implementing this act.

23 **SECTION 4.** This act becomes effective 90 days after it becomes law and applies
24 to claims for relief arising on or after October 1, 2011.
