14 (a) The Foundation may from time to time conduct referenda among dealers and

16 sold in this State.

17 (b) The Foundation, upon prior consultation with the Association, shall determine:

18 (1) The amount of the proposed assessment.

19 (2) The time and place of the referendum.

20 (3) Procedures for conducting the referendum and counting of votes.

21 (4) The proposed effective date for the imposition of the assessment, which shall
22 not be less than 180 days from the date the referendum ballot is required to
23 be returned to the Foundation in order to be considered on the question
24 presented.

25 (5) Any other matters pertaining to the referendum.

26 (c) The amount of the proposed assessment shall be stated on the referendum ballot.
27 The amount may not exceed the maximum allowable rate of two thousandths of one cent
28 (\$.002) for each gallon of propane sold in this State by distributors to dealers.

29 (d) All dealers and distributors may vote in the referendum. Each distributor and each
30 dealer shall have one vote regardless of the number of bulk plants or retail sales outlets owned.
31 Any dispute over eligibility to vote or any other matter relating to the referendum shall be
32 resolved by the Foundation. The Foundation shall make reasonable efforts to provide all dealers
33 and distributors with notice of the referendum and an opportunity to vote.

34 (e) Prior to conducting any referenda, the Foundation shall request a list of dealers and
35 their addresses from the Department and the Department shall provide such information to the
36 Foundation. In order to be eligible to vote, a distributor shall provide the Foundation with a
37 written statement signed by an authorized individual containing its corporate name, address,
38 and the individual authorized to cast a ballot on its behalf, which statement shall be effective
39 until revoked or modified in like manner.

40 (f) A proposed assessment shall become effective if more than fifty percent (50%) of
41 the eligible votes cast by dealers in the referendum are cast in favor of the assessment and if
42 more than fifty percent (50%) of the eligible votes cast by distributors in the referendum are
43 cast in favor of the assessment. If the assessment is approved by the referendum, then the
44 Foundation shall notify the Department and the Association of the amount of the assessment
45 and the effective date of the assessment. The Department shall notify all distributors and
46 dealers of the assessment.

47 **"§ 119-63.5. Payment and collection of assessment; refunds.**

48 (a) Each distributor, as the owner of propane at the time of odorization, or at the time of
49 import of odorized propane, shall make the assessment based on the volume of odorized
50 propane sold and placed into commerce in this State. Each dealer must pay the assessment on
51 each gallon of propane purchased from a distributor. The assessment charge shall be identified

1 and listed as a separate line item on each distributor's invoice to a dealer for the sale of odorized
2 propane.

3 (b) Each distributor shall collect the assessment from the dealer to whom the sale is
4 made. Each distributor shall remit to the Foundation the sum of the amount of the assessment
5 multiplied by the number of gallons of propane sold to any dealer during the preceding quarter
6 not later than the 25th day of the month following the end of the prior quarter. The Foundation
7 shall provide forms to the distributors for reporting the assessment. Each distributor shall file
8 the report not later than the 25th day of the month following the end of the prior quarter
9 regardless of the amount due.

10 (c) A distributor shall keep records of the number of gallons of propane sold to dealers,
11 including number of gallons, name of dealer, and rate of assessment. All documents or records
12 regarding purchases and sales that are made or kept as required by this subsection or subsection
13 (d) of this subsection shall be made available to the Foundation upon its written request from
14 time to time for the purpose of determining the distributor's compliance with the provisions of
15 this Article. The Foundation shall keep the records confidential and shall not disclose the
16 records except to its accountants, attorneys, or financial advisors without a court order directing
17 it to do so.

18 (d) The Foundation may bring an action to recover any unpaid assessments plus the
19 reasonable costs, including attorney fees, incurred in the action and may use assessment funds
20 to cover all reasonable costs and expenses incurred in connection with recovery of any unpaid
21 assessment.

22 (e) A dealer may request a refund of the assessment collected from the dealer in the
23 prior month by submitting a written request for a refund to the Foundation no later than 30 days
24 after the end of the month for which the refund is requested. The refund request shall state
25 specifically the period of time for which a refund is requested, the amount of the refund, the
26 distributors to whom the dealer paid assessments, and the amount of each assessment paid and
27 shall be accompanied by proof of payment of the assessment satisfactory to the Foundation.
28 The Foundation shall mail a refund to the producer within 30 days of receipt of a properly
29 documented refund request, provided that the Foundation shall have no obligation to make a
30 refund to a dealer of assessments that are not yet paid to the Foundation by the distributor. Any
31 dealer who requests and is paid a refund in accordance with this subsection shall not be eligible
32 to receive the benefit of any consumer rebate programs for a period of one year following the
33 date of a refund request under this subsection and shall not be entitled to the payment of any
34 interest by the Foundation on the amount refunded.

35 **"§ 119-63.6. Use of assessments; reporting.**

36 (a) The Foundation shall use the funds to promote the common good, welfare, and
37 advancement of the propane industry, including, but not limited to, the following activities and
38 programs: education, training, safety compliance, equipment replacement for low-income
39 customers, marketing, advertising, promotion, and customer rebates to encourage energy
40 efficient appliance and equipment purchases by residential, commercial, or agricultural
41 consumers. The Foundation shall consult with the Association regarding its proposed use of the
42 funds. In addition, the Foundation shall consult with agricultural industry trade associations and
43 other organizations representing agricultural consumers of propane to ensure that some
44 programs and activities benefit the agriculture industry.

45 (b) No funds collected pursuant to this Article shall be used in any manner for
46 influencing State or federal legislation or for lobbying.

47 (c) No more than ten percent (10%) of the funds collected pursuant to this Article shall
48 be used by the Foundation for administrative expenses relating to the expenditure of the funds.
49 The Foundation may advance costs of conducting referenda pursuant to this Article and
50 reimburse those costs from the assessment funds. Costs of conducting referenda, litigation

1 expenses incurred in connection with actions authorized by G.S. 119-63.5, and the cost of the
2 audit required by subsection (e) of this section are not administrative expenses.

3 (d) All funds received by the Foundation pursuant to this Article shall be kept in
4 separate accounts from other Foundation funds. The Foundation shall keep minutes, books, and
5 records that clearly reflect all of the acts and transactions of the Foundation with respect to use
6 and expenditure of the funds. The Foundation shall submit a written report annually, not later
7 than March 31 of each year, to the Commissioner on the use and expenditure of the funds
8 received pursuant to this Article.

9 (e) The books and records of the Foundation shall be audited by a certified public
10 accountant each fiscal year with respect to the receipt and use of the funds. Copies of such audit
11 shall be provided to the Commissioner, to the Association, and to any other interested party
12 upon written request. The Foundation may pay for the audit from the assessment funds.

13 **"§ 119-63.7. Termination of assessment.**

14 (a) Upon the Commissioner's receipt of a petition signed by at least ten percent (10%)
15 of the dealers requesting a referendum pursuant to this section, or a receipt of a petition signed
16 by at least fifty percent (50%) of the distributors requesting a referendum pursuant to this
17 section, the Department shall notify the Foundation, and the Foundation shall, within six
18 months, conduct a referendum upon the question of continuing the assessment. If a majority of
19 the votes eligible to be cast by dealers in the referendum are cast against continuing the
20 assessment then in effect and a majority of the votes eligible to be cast by distributors in the
21 referendum are cast against continuing the assessment then in effect, or if the Foundation fails
22 to conduct a referendum within the six-month period, the assessment expires at the end of the
23 year that follows the year in which the Commissioner received a petition pursuant to this
24 section. If more than two-thirds of the eligible votes cast by dealers and more than two-thirds of
25 the eligible votes cast by distributors in the referendum conducted pursuant to this section are
26 in favor of continuing the assessment, then no subsequent referendum shall be required to be
27 conducted pursuant to this section for a period of at least three years from the date the petition
28 was received by the Commissioner.

29 (b) The Foundation may, on its own initiative, conduct a referendum at any time upon
30 the question of continuing the assessment. If a majority of the votes eligible to be cast by
31 dealers in the referendum are cast against continuing the assessment and if a majority of the
32 votes eligible to be cast by distributors in the referendum are cast against continuing the
33 assessment, the assessment then in effect expires at the end of the year that follows the year in
34 which the referendum was conducted.

35 (c) The Foundation shall certify to the Department the election results of any
36 referendum conducted pursuant to this Article and shall provide the Department, upon written
37 request, with any documents, papers, tallies, or other information related to the conduct of any
38 referendum conducted by the Foundation.

39 **"§ 119-63.8. Association activities deemed not in restraint of trade; pricing.**

40 (a) No meeting or activity undertaken by the Association or the Foundation in
41 pursuance of the provisions of this Article shall be considered illegal under antitrust law or a
42 restraint of trade.

43 (b) In all cases, the price of propane shall be determined by market forces. Neither the
44 Foundation nor the Association may take any action nor shall any provision of this Article be
45 interpreted as establishing an agreement to pass along to consumers the cost of any assessment
46 provided for by this Article."

47 **SECTION 2.** This act is effective when it becomes law.
