6 OF THE ANIMAL WELFARE ACT.

7 The General Assembly of North Carolina enacts:

8 **SECTION 1.** G.S. 19A-23 is amended by redesignating subdivision (5a) as  
9 subdivision (5c) and by adding two new subdivisions to read:

10 "(5a) "Approved foster care provider" mean an individual, nonprofit corporation,  
11 or association that cares for stray animals that has been favorably assessed  
12 by the operator of the animal shelter through the application of written  
13 standards.

14 "(5b) "Approved rescue organization" means a nonprofit corporation or  
15 association that cares for stray animals that has been favorably assessed by  
16 the operator of the animal shelter through the application of written  
17 standards."

18 **SECTION 2.** Chapter 19A of the General Statutes is amended by adding a new  
19 section to read:

20 **"§ 19A-32.1. Minimum holding period for animals in animal shelters; public viewing of**  
21 **animals in animal shelters; disposition of animals.**

22 (a) Except as otherwise provided in this section, all animals received by an animal  
23 shelter or by an agent of an animal shelter shall be held for a minimum holding period of 72  
24 hours, or for any longer minimum period established by a board of county commissioners, prior  
25 to being sold, euthanized, or otherwise disposed of.

26 (b) Before an animal may be sold, euthanized, or otherwise disposed of, it shall be  
27 made available for adoption under procedures that enable members of the public to inspect the  
28 animal, except in the following cases:

29 (1) The animal has been found by the operator of the shelter to be unadoptable  
30 due to injury or defects of health or temperament.

31 (2) The animal is seriously ill or injured, in which case the animal may be  
32 euthanized before the expiration of the minimum holding period if the  
33 manager of the animal shelter determines, in writing, that it is appropriate to  
34 do so. The writing shall include the reason for the determination.

35 (3) The animal is being held as evidence in a pending criminal case.

1       (c) Except as otherwise provided in this subsection, a person who comes to an animal  
2 shelter attempting to locate a lost pet is entitled to view every animal held at the shelter, subject  
3 to rules providing for such viewing during at least four hours a day, three days a week. If the  
4 shelter is housing animals that must be kept apart from the general public for health reasons,  
5 public safety concerns, or in order to preserve evidence for criminal proceedings, the shelter  
6 shall make reasonable arrangements that allow pet owners to determine whether their lost pets  
7 are among those animals.

8       (d) During the minimum holding period, an animal shelter may place an animal it is  
9 holding into foster care by transferring possession of the animal to an approved foster care  
10 provider, an approved rescue organization, or the person who found the animal. If an animal  
11 shelter transfers possession of an animal under this subsection, at least one photograph  
12 depicting the head and face of the animal shall be displayed at the shelter in a conspicuous  
13 location that is available to the general public during hours of operation, and that photograph  
14 shall remain posted until the animal is disposed of as provided in subsection (f) of this section.

15       (e) If a shelter places an animal in foster care, the shelter may, in writing, appoint the  
16 person or organization possessing of the animal to be an agent of the shelter. After the  
17 expiration of the minimum holding period, the shelter may (i) direct the agent possessing the  
18 animal to return it to the shelter, (ii) allow the agent to adopt the animal consistent with the  
19 shelter's adoption policies, or (iii) extend the period of time that the agent holds the animal on  
20 behalf of the shelter. A shelter may terminate an agency created under this subsection at any  
21 time by directing the agent to deliver the animal to the shelter. The local government or  
22 organization operating the shelter, as principal in the agency relationship, shall not be liable to  
23 reimburse the agent for the costs of care of the animal and shall not be liable to the owner of the  
24 animal for harm to the animal caused by the agent, absent a written contract providing  
25 otherwise.

26       (f) An animal that is surrendered to an animal shelter by the animal's owner and not  
27 reclaimed by that owner during the minimum holding period may be disposed of in one of the  
28 following manners:

29           (1) Returned to the owner.

30           (2) Adopted as a pet by a new owner.

32 Agriculture and Consumer Services or, in the absence of such rules, by a  
33 procedure approved by the American Veterinary Medical Association, the  
34 Humane Society of the United States, or the American Humane Association.

35       (g) An animal that is surrendered to an animal shelter by the animal's owner may be  
36 disposed of before the expiration of the minimum holding period in a manner authorized under  
37 subsection (f) of this section if the owner provides to the shelter (i) some proof of ownership of  
38 the animal and (ii) a signed written consent to the disposition of the animal before the  
39 expiration of the minimum holding period.

40       (h) An animal shelter shall require every person to whom an animal is released to  
41 present one of the following valid forms of government-issued photographic identification: (i) a  
42 drivers license, (ii) a special identification card issued under G.S. 20-37.7, (iii) a military  
43 identification card, or (iv) a passport. Upon presentation of the required photographic  
44 identification, the shelter shall document the name of the person, the type of photographic  
45 identification presented by the person, and the photographic identification number.

46       (i) Animal shelters shall maintain a record of all animals impounded at the shelter, shall  
47 retain those records for a period of at least three years from the date of impoundment, and shall  
48 make those records available for inspection during regular inspections pursuant to this Article  
49 or upon the request of a representative of the Animal Welfare Section. These records shall  
50 contain, at a minimum:

51           (1) The date of impoundment.

- 1           (2)    The length of impoundment.

8           (a)    The Animal Control Officer shall canvass the county to determine if there are any  
9           animals not wearing the required rabies vaccination tag. If an animal required to wear a tag is  
10           found not wearing one, the Animal Control Officer shall check to see if the owner's  
11           identification can be found on the animal. If the animal is wearing an owner identification tag  
12           with information enabling the owner of the animal to be contacted, or if the Animal Control  
13           Officer otherwise knows who the owner is, the Animal Control Officer shall notify the owner  
14           in writing to have the animal vaccinated against rabies and to produce the required rabies  
15           vaccination certificate to the Animal Control Officer within three days of the notification. If the  
16           animal is not wearing an owner identification tag and the Animal Control Officer does not  
17           otherwise know who the owner is, the Animal Control Officer may impound the animal. The  
18           duration of the impoundment of these animals shall be established by the county board of  
19           commissioners, but the duration shall not be less than 72 hours. During the impoundment  
20           period, the Animal Control Officer shall make a reasonable effort to locate the owner of the  
21           animal. If the Animal Control Officer has access at no cost or at a reasonable cost to a  
22           microchip scanning device, the Animal Control Officer may scan the animal and utilize any  
23           information that may be available through a microchip to locate the owner of the animal, if  
24           possible. If the animal is not reclaimed by its owner during the impoundment period, the animal

30           Association, the Humane Society of the United States or of the American Humane Association.

31           (a1)   Before an animal may be sold or put to death, it shall be made available for adoption

34           ~~defects of health or temperament. An animal that is seriously ill or injured may be euthanized if~~

42           ~~to rules providing for such viewing during at least four hours a day, three days a week. If the~~  
43           ~~shelter is housing animals that must be kept apart from the general public for health reasons,~~  
44           ~~public safety concerns, or in order to preserve evidence for criminal proceedings, the shelter~~  
45           ~~shall make reasonable arrangements that allow pet owners to determine whether their lost pets~~  
46           ~~are among those animals.~~

47           (a3)   The Animal Control Officer shall maintain a record of all animals impounded under  
48           this section which shall include the date of impoundment, the length of impoundment, the  
49           method of disposal of the animal and the name of the person or institution to whom any animal
