7 The General Assembly of North Carolina enacts:
8 **SECTION 1.** G.S. 143-151.42 reads as rewritten:
9 **"§ 143-151.42. Prohibition of master meters for electric and natural gas service.**
10 (a) From and after September 1, 1977, in order that each occupant of an apartment or
11 other individual dwelling unit may be responsible for his own conservation of electricity and
12 gas, it shall be unlawful for any new residential building, as hereinafter defined, to be served by
13 a master meter for electric service or natural gas service. Each individual dwelling unit shall
14 have individual electric service with a separate electric meter and, if it has natural gas,
15 individual natural gas service with a separate natural gas meter, which service and meters shall
16 be in the name of the tenant or other occupant of said apartment or other dwelling unit. No
17 electric supplier or natural gas supplier, whether regulated public utility or municipal
18 corporation or electric membership corporation supplying said utility service, shall connect any
19 residential building for electric service or natural gas service through a master meter, and said
20 electric or natural gas supplier shall serve each said apartment or dwelling unit by separate
21 service and separate meter and shall bill and charge each individual occupant of said separate
22 apartment or dwelling unit for said electric or natural gas service. A new residential building is
23 hereby defined for the purposes of this section as any building for which a building permit is
24 issued on or after September 1, 1977, which includes two or more apartments or other family
25 dwelling units. Provided, however, that any owner or builder of a multi-unit residential building
26 who desires to provide central heat or air conditioning or central hot water from a central
27 furnace, air conditioner or hot water heater which incorporates solar assistance or other designs
28 which accomplish greater energy conservation than separate heat, hot water, or air conditioning
29 for each dwelling unit, may apply to the North Carolina Utilities Commission for approval of
30 said central heat, air conditioning or hot water system, which may include a central meter for
31 electricity or gas used in said central system, and the Utilities Commission shall promptly
32 consider said application and approve it for such central meters if energy is conserved by said
33 design. This section shall apply to any dwelling unit normally rented or leased for a minimum
34 period of one month or longer, including apartments, condominiums and townhouses, but shall
35 not apply to hotels, motels, hotels or motels that have been converted into condominiums,
36 dormitories, rooming houses or nursing homes, ~~or~~ homes for the ~~elderly~~elderly, or situations
