"§ 136-44.2. Budget and appropriations.

32 The Director of the Budget shall include in the "Current Operations Appropriations (a) 33 Act" an enumeration of the purposes or objects of the proposed expenditures for each of the 34 construction, maintenance, maintenance and improvement programs for that budget period for 35 the State primary, secondary, State parks road systems, and other transportation systems. The 36 State primary system shall include all portions of the State highway system located both inside 37 and outside municipal corporate limits that are designated by N.C., U.S. or Interstate numbers. 38 The State secondary system shall include all of the State highway system located both inside 39 and outside municipal corporate limits that is not a part of the State primary system. The State 40 parks system shall include all State parks roads and parking lots that are not also part of the 41 State highway system. The transportation systems shall also include State-maintained, 42 nonhighway modes of transportation.

43 (b) All construction, maintenance, maintenance and improvement programs for which 44 appropriations are requested shall be enumerated separately in the budget. Programs that are 45 entirely State funded shall be listed separately from those programs involving the use of 46 federal-aid funds. Proposed appropriations of State matching funds for each of the federal-aid 47 construction programs shall be enumerated separately as well as the federal aid funds 48 anticipated for each program in order that the total construction requirements for each program 49 may be provided for in the budget. Also, proposed Proposed State matching funds for the 50 highway planning and research program shall be included separately along with the anticipated 51 federal-aid funds for that purpose.

1 (c) Other program categories for which appropriations are requested, such as, but not 2 limited to, maintenance, channelization and traffic control, bridge maintenance, public service 3 and access road construction, transportation projects and systems, and ferry operations shall be 4 enumerated in the budget.

5 (d) The Department of Transportation shall have all powers necessary to comply fully 6 with provisions of present and future federal-aid acts. For purposes of this section, "federally 7 eligible construction project" means any construction project except secondary road projects 8 developed pursuant to G.S. 136-44.7 and 136-44.8G.S. 136-44.8 eligible for federal funds 9 under any federal-aid act, whether or not federal funds are actually available.

10 (e) The "Current Operations Appropriations Act" shall also contain the proposed 11 appropriations of State funds for use in each county for construction, maintenance, maintenance 12 and improvement of secondary roads, to be allocated in accordance with G.S. 136-44.5 and 13 136-44.6.G.S. 136-44.6. State funds appropriated for secondary roads shall not be transferred 14 nor used except for the construction, maintenance, maintenance and improvement of secondary 15 roads in the county for which they are allocated pursuant to G.S. 136-44.5 and 136-44.6.G.S. 136-44.6.

17

18 (g) The Department of Transportation may provide for costs incurred or accrued for 19 traffic control measures to be taken by the Department at major events which involve a high 20 degree of traffic concentration on State highways, and which cannot be funded from regular 21 budgeted items. This authorization applies only to events which are expected to generate 22 30,000 vehicles or more per day. The Department of Transportation shall provide for this 23 funding by allocating and reserving up to one hundred thousand dollars (\$100,000) before any 24 other allocations from the appropriations for State maintenance for primary, secondary, and 25 urban primary and secondary road systems are made, based upon the same proportion as is 26 appropriated to each system."

SECTION 2.3.(a) G.S. 136-44.2A reads as rewritten:

28 "§ 136-44.2A. Secondary road improvement construction program.

29 There shall be annually allocated from the Highway Fund to the Department of 30 Transportation for secondary road improvement construction programs developed pursuant to 31 G.S. 136-44.7 and 136-44.8, a sum provided by law. equal to that allocation made from the 32 Highway Fund under G.S. 136-41.1(a). In addition, as provided in G.S. 136-176(b)(4) and 33 G.S. 20-85(b), revenue is annually allocated from the Highway Trust Fund for secondary road 34 construction. Of the funds allocated from the Highway Fund, the sum of sixty-eight million six 35 hundred seventy thousand dollars (\$68,670,000) shall be allocated among the counties in 36 accordance with G.S. 136-44.5(b). All funds allocated from the Highway Fund for secondary 37 road improvements in excess of that amount shall be allocated among the counties in 38 accordance with G.S. 136-44.5(c). All funds allocated from the Highway Trust Fund for 39 secondary road improvement programs shall be allocated in accordance with G.S. 136-182." 40 **SECTION 2.3.(b)** Effective July 1, 2014, G.S. 136-44.2A is repealed.

41 **SECTION 2.4.** G.S. 136-44.2C is repealed.

42 SECTION 2.5. Article 2A of Chapter 136 is amended by adding a new section to 43 read:

44 "<u>§ 136-44.2D. Secondary unpaved road paving program.</u>

45 (a) The Department of Transportation shall expend funds allocated to the paving of 46 unpaved secondary roads for the paving of unpaved secondary roads based on a statewide 47 prioritization. The Department shall pave the eligible unpaved secondary roads that receive the 48 highest priority ranking within this statewide prioritization. Nothing in this subsection shall be 49 interpreted to require the Department to pave any unpaved secondary roads that do not meet 50 secondary road system addition standards as set forth in G.S. 136-44.10 and G.S. 136-102.6. 51 The Highway Trust Fund shall not be used to fund the paving of unpaved secondary roads."

1	SECTION 2.6.(a) G.S. 136-44.5 reads as rewritten:
2	"§ 136-44.5. Secondary roads; mileage study; allocation of funds.
3	(a) Before July 1, in each calendar year, the Department of Transportation shall make a
4	study of all State-maintained unpaved and paved secondary roads in the State. The study shall
5	determine:
6	(1) The number of miles of unpaved State-maintained roads in each county
7	eligible for paving and the total number of miles that are ineligible;
8	(2) The total number of miles of unpaved State-maintained roads in the State

2	SECTION 2.6.(b) Effective July 1, 2014, G.S. 136-44.5 is repealed.
3	SECTION 2.6.(c) G.S. 136-44.6 reads as rewritten:
4	"§ 136-44.6. Uniformly applicable formula for the allocation of secondary roads
5	maintenance and improvement funds.
5	The Department of Transportation shall develop a uniformly applicable formula for the
7	allocation of secondary roads maintenance and improvement funds for use in each county. The
8	formula shall take into consideration the number of paved and unpaved miles of
9	state-maintained secondary roads in each county and such other factors as experience may
0	dictate. This section shall not apply to projects to pave unpaved roads under G.S. 136-44.2D."

SECTION 2.6.(d) Secondary Road Funding. – The sum of fifteen million dollars 1 2 (\$15,000,000) in nonrecurring funds for the 2013-2014 fiscal year is allocated from the 3 Highway Fund for the secondary road construction program under G.S. 136-44.2A, as enacted 4 by Section 2.3 of this act, and the sum of twelve million dollars (\$12,000,000) in recurring 5 funds for the 2013-2014 fiscal year is allocated from the Highway Fund for the paving of 6 unpaved roads pursuant to G.S. 136-44.2D, as enacted by Section 2.5 of this act. 7 SECTION 2.7. G.S. 136-44.7 reads as rewritten: 8 "§ 136-44.7. Secondary roads; annual work program.right-of-way acquisition. 9 The Department of Transportation shall be responsible for developing criteria for 10 improvements and maintenance of secondary roads. The criteria shall be adopted by the Board 11 of Transportation before it shall become effective. The Department of Transportation shall be 12 responsible for developing annual work programs for both construction and maintenance of 13 secondary roads in each county in accordance with criteria developed. It shall reflect the 14 long range and immediate goals of the Department of Transportation. Projects on the annual 15 construction program for each county shall be rated according to their priority based upon the secondary road criteria and standards which shall be uniform throughout the State. Tentative 16 17 construction projects and estimated funding shall also be listed in accordance to priority. The 18 annual construction program shall be adopted by the Board of Transportation before it shall 19 become effective. 20 (b) When a secondary road in a county is listed in the first 10 secondary roads to be 21 paved during a year on a priority list issued by the Department of Transportation under this 22 section, the secondary road cannot be removed from the top 10 of that list or any subsequent 23 list until it is paved. All secondary roads in a county shall be paved, insofar as possible, in the 24 priority order of the list. When a secondary road in the top 10 of that list is removed from the 25 list because it has been paved, the next secondary road on the priority list shall be moved up to 26 the top 10 of that list and shall remain there until it is paved. 27 When it is necessary for the Department of Transportation to acquire a right-of-way (c) 28 in accordance with (a) and (b) of this section in order to pave a secondary road or undertake a 29 maintenance project, the Department shall negotiate the acquisition of the right-of-way for a 30 period of up to six months. At the end of that period, if one or more property owners have not 31 dedicated the necessary right-of-way and at least seventy-five percent (75%) of the property 32 owners adjacent to the project and the owners of the majority of the road frontage adjacent to 33 the project have dedicated the necessary property for the right-of-way and have provided funds 34 required by Department rule to the Department to cover the costs of condemning the remaining 35 property, the Department shall initiate condemnation proceedings pursuant to Article 9 of this 36 Chapter to acquire the remaining property necessary for the project. 37 (d)The Division Engineer is authorized to reduce the width of a right-of-way to less 38 than 60 feet to pave an unpaved secondary road with the allocated funds, provided that in all 39 circumstances the safety of the public is not compromised and the minimum accepted design 40 practice is satisfied." 41 SECTION 2.8.(a) G.S. 136-44.8 reads as rewritten: 42 "§ 136-44.8. Submission of secondary roads construction and unpaved roads paving 43 programs to the Boards of County Commissioners. 44 The Department of Transportation shall post in the county courthouse a county map (a) 45 showing tentative secondary road paving projects rated according to the priority of each project 46 in accordance with the criteria and standards adopted by the Board of Transportation. The map 47 shall be posted at least two weeks prior to the public meeting of the county commissioners at which the Department of Transportation representatives are to meet and discuss the proposed 48 49 secondary road construction program for the county as provided in subsection (c). 50 Representatives of the Department of Transportation shall provide to the board of (a1)

if applicable to that county, a list of roads proposed for the annual paving program approved by the Board of Transportation. If a paving priority list is presented, it shall include the priority rating of each secondary road paving project included in the proposed paving program according to the criteria and standards adopted by the Board of Transportation.

5 The Department of Transportation shall provide a notice to the public of the public (b) 6 meeting of the board of county commissioners at which the annual secondary road construction 7 program for the county proposed by the Department is to be presented to the board and other 8 citizens of the county as provided in subsection (c). The notice shall be published in a 9 newspaper published in the county or having a general circulation in the county once a week 10 for two succeeding weeks prior to the meeting. The notice shall also advise that a county map is 11 posted in the courthouse showing tentative secondary road paving projects rated according to 12 the priority of each project.

13 (c) Representatives of the Department of Transportation shall meet with the board of 14 county commissioners at a regular or special public meeting of the board of county 15 commissioners for each county and present to and discuss with the board of county 16 commissioners and other citizens present, the proposed secondary road construction program 17 for the county. The presentation and discussion shall specifically include the priority rating of 18 each tentative secondary road paving project included in the proposed construction program, 19 according to the criteria and standards adopted by the Board of Transportation.

At the same meeting after the presentation and discussion of the annual secondary road construction program for the county or at a later meeting, the board of county commissioners may (i) concur in the construction program as proposed, or (ii) take no action, or (iii) make recommendations for deviations in the proposed construction program, except as to paving projects and the priority of paving projects for which the board in order to make recommendations for deviations, must vote to consider the matter at a later public meeting as provided in subsection (d).

27 The board of county commissioners may recommend deviations in the paving (d) 28 projects and the priority of paving projects included in the proposed secondary road 29 construction program only at a public meeting after notice to the public that the board will 30 consider making recommendations for deviations in paving projects and the priority of paving 31 projects included in the proposed annual secondary road construction program. Notice of the 32 public meeting shall be published by the board of county commissioners in a newspaper 33 published in the county or having a general circulation in the county. After discussion by the 34 members of the board of county commissioners and comments and information presented by 35 other citizens of the county, the board of county commissioners may recommend deviations in 36 the paving projects and in the paving priority of secondary road projects included in the proposed secondary road construction program. Any recommendation made by the board of 37 38 county commissioners for a deviation in the paving projects or in the priority for paving 39 projects in the proposed secondary road construction program shall state the specific reason for 40 each such deviation recommended.

41 The Board of Transportation shall adopt the annual secondary construction program (e) 42 for each county after having given the board of county commissioners of each county an 43 opportunity to review the proposed construction program and to make recommendations as 44 provided in this section. The Board of Transportation shall consider such recommendations 45 insofar as they are compatible with its general plans, standards, criteria and available funds, but 46 having due regard to development plans of the county and to the maintenance and improvement 47 needs of all existing roads in the county. However, no consideration shall be given to any 48 recommendation by the board of county commissioners for a deviation in the paving projects or 49 in the priority for paving secondary road projects in the proposed construction program that is 50 not made in accordance with subsection (d).

The secondary road construction program and unpaved roads paving programs 1 (f) 2 adopted by the Board of Transportation shall be followed by the Department of Transportation 3 unless changes are approved by the Board of Transportation and notice of any changes is given 4 to the board of county commissioners. The Department of Transportation shall post a copy of 5 the adopted program, including a map showing the secondary road paving projects rated 6 according to the approved priority of each project, at the courthouse, within 10 days of its 7 adoption by the Board of Transportation. The board of county commissioners may petition the 8 Board of Transportation for review of any changes to which it does not consent and the 9 determination of the Board of Transportation shall be final. Upon request, the most recent 10 secondary road construction and unpaved roads paving programs adopted shall be submitted to 11 any member of the General Assembly. The Department of Transportation shall make the annual 12 construction program for each county available to the newspapers having a general circulation 13 in the county."

14 SECTION 2.8.(b) Effective July 1, 2014, G.S. 136-44.8, as rewritten by subsection 15 (a) of this section, reads as rewritten:

16 "§ 136-44.8. Submission of <u>unpaved</u> secondary roads construction and unpaved roads 17 paving programs to the Boards of County Commissioners.

18 (a1) Representatives In each county having unpaved roads programmed for paving, 19 representatives of the Department of Transportation shall annually provide to the board of 20 county commissioners in each countythose counties the proposed secondary road construction 21 program and, if applicable to that county, a list of roads proposed for the annual paving 22 program approved by the Board of Transportation. If a The paving priority list is presented, it 23 shall include the priority rating of each secondary road paving project included in the proposed 24 paving program according to the criteria and standards adopted by the Board of Transportation. 25

26 (e) The Board of Transportation shall adopt the annual secondary construction program 27 for each county after having given the board of county commissioners of each county an 28 opportunity to review the proposed construction program and to make recommendations as 29 provided in this section. The Board of Transportation shall consider such recommendations 30 insofar as they are compatible with its general plans, standards, criteria and available funds, but 31 having due regard to development plans of the county and to the maintenance and improvement 32 needs of all existing roads in the county.

33 The secondary road construction and unpaved secondary roads paving programs (f)34 adopted by the Board of Transportation shall be followed by the Department of Transportation 35 unless changes are approved by the Board of Transportation and notice of any changes is given 36 to the board of county commissioners. Upon request, the most recent unpaved secondary road 37 construction and unpaved roads paving programs adopted shall be submitted to any member of 38 the General Assembly. The Department of Transportation shall make the annual construction 39 program for each affected county available to the newspapers having a general circulation in 40 the county."

43 STATE AID TO MUNICIPALITIES/POWELL BILL CHANGES 44

SECTION 3.1. G.S. 136-41.1 reads as rewritten:

45 "§ 136-41.1. Appropriation to municipalities; allocation of funds generally; allocation to 46 **Butner.**

47 There is annually appropriated out of the State Highway Fund a sum equal to ten (a) 48 and four-tenths percent (10.4%) of the net amount after refunds that was produced during the 49 fiscal year by a one and three-fourths cents (1 3/4¢) tax on each gallon of motor fuel taxed the 50 tax imposed under Article 36C of Chapter 105 of the General Statutes and on the equivalent 51 amount of alternative fuel taxed under Article 36D of that Chapter. One-half of the amount

appropriated shall be allocated in cash on or before October 1 of each year to the cities and 1 2 towns of the State in accordance with this section. The second one-half of the amount 3 appropriated shall be allocated in cash on or before January 1 of each year to the cities and 4 towns of the State in accordance with this section. In addition, as provided in 5 G.S. 136 176(b)(3), revenue is allocated and appropriated from the Highway Trust Fund to the cities and towns of this State to be used for the same purposes and distributed in the same 6 7 manner as the revenue appropriated to them under this section from the Highway Fund. Like 8 the appropriation from the Highway Fund, the appropriation from the Highway Trust Fund 9 shall be based on revenue collected during the fiscal year preceding the date the distribution is

10 made.

11 Seventy-five percent (75%) of the funds appropriated for cities and towns shall be distributed among the several eligible municipalities of the State in the percentage proportion 12 13 that the population of each eligible municipality bears to the total population of all eligible 14 municipalities according to the most recent annual estimates of population as certified to the Secretary of Revenue by the State Budget Officer. This annual estimation of population shall 15 16 include increases in the population within the municipalities caused by annexations 17 accomplished through July 1 of the calendar year in which these funds are distributed. 18 Twenty-five percent (25%) of said fund shall be distributed among the several eligible 19 municipalities of the State in the percentage proportion that the mileage of public streets in 20 each eligible municipality which does not form a part of the State highway system bears to the 21 total mileage of the public streets in all eligible municipalities which do not constitute a part of 22 the State highway system.

It shall be the duty of the mayor of each municipality to report to the Department of Transportation such information as it may request for its guidance in determining the eligibility of each municipality to receive funds under this section and in determining the amount of allocation to which each is entitled. Upon failure of any municipality to make such report within the time prescribed by the Department of Transportation, the Department of Transportation may disregard such defaulting unit in making said allotment.

29 The funds to be allocated under this section shall be paid in cash to the various eligible 30 municipalities on or before October 1 and January 1 of each year as provided in this 31 section. Provided that eligible municipalities are authorized within the discretion of their 32 governing bodies to enter into contracts for the purpose of maintenance, repair, construction, 33 reconstruction, widening, or improving streets of such municipalities at any time after January 34 1 of any calendar year in total amounts not to exceed ninety percent (90%) of the amount 35 received by such municipality during the preceding fiscal year, in anticipation of the receipt of 36 funds under this section during the next fiscal year, to be paid for out of such funds when 37 received.

The Department of Transportation may withhold each year an amount not to exceed one percent (1%) of the total amount appropriated for distribution under this section for the purpose of correcting errors in allocations: Provided, that the amount so withheld and not used for correcting errors will be carried over and added to the amount to be allocated for the following year.

The word "street" as used in this section is hereby defined as any public road maintained by a municipality and open to use by the general public, and having an average width of not less than 16 feet. In order to obtain the necessary information to distribute the funds herein allocated, the Department of Transportation may require that each municipality eligible to receive funds under this section submit to it a statement, certified by a registered engineer or surveyor of the total number of miles of streets in such municipality. The Department of Transportation may in its discretion require the certification of mileage on a biennial basis."

SECTION 3.3. G.S. 136-41.3 reads as rewritten:

"§ 136-41.3. Use of funds; records and annual statement; excess accumulation of funds; contracts for maintenance, etc., of streets.

4 Uses of Funds. - The funds allocated to cities and towns under the provisions of (a) 5 G.S. 136-41.2 shall be expended by said cities and towns only for the purpose of maintaining, repairing, constructing, reconstructing or widening of any street or public thoroughfare 6 7 including bridges, drainage, curb and gutter, and other necessary appurtenances within the 8 corporate limits of the municipality or for meeting the municipality's proportionate share of 9 assessments levied for such purposes, or for the planning, construction and maintenance of 10 bikeways located within the rights of way of public streets and highways, bikeways, greenways, 11 or for the planning, construction, and maintenance of sidewalks along public streets and highways.sidewalks. 12

13 Records and Annual Statement. - Each municipality receiving funds by virtue of (b) 14 G.S. 136-41.1 and 136-41.2 shall maintain a separate record of accounts indicating in detail all receipts and expenditures of such funds. It shall be unlawful for any municipal employee or 15 16 member of any governing body to authorize, direct, or permit the expenditure of any funds 17 accruing to any municipality by virtue of G.S. 136-41.1 and 136-41.2 for any purpose not 18 herein authorized. Any member of any governing body or municipal employee shall be 19 personally liable for any unauthorized expenditures. On or before the first day of August each 20 year, the treasurer, auditor, or other responsible official of each municipality receiving funds by 21 virtue of G.S. 136-41.1 and 136-41.2 shall file a statement under oath with the Secretary of 22 Transportation showing in detail the expenditure of funds received by virtue of G.S. 136-41.1 23 and 136-41.2 during the preceding year and the balance on hand.

24 Excess Accumulation of Funds Prohibited. - No funds allocated to municipalities (c) 25 pursuant to G.S. 136-41.1 and 136-41.2 shall be permitted to accumulate for a period greater 26 than permitted by this section. Interest on accumulated funds shall be used only for the 27 purposes permitted by the provisions of G.S. 136-41.3. Except as otherwise provided in this 28 section, any municipality having accumulated an amount greater than the sum of the past 10 29 allocations made, shall have an amount equal to such excess deducted from the next allocation 30 after receipt of the report required by this section. Such deductions shall be carried over and 31 added to the amount to be allocated to municipalities for the following year. Notwithstanding 32 the other provisions of this section, the Department shall adopt a policy to allow small 33 municipalities to apply to the Department to be allowed to accumulate up to the sum of the past 34 20 allocations if a municipality's allocations are so small that the sum of the past 10 allocations 35 would not be sufficient to accomplish the purposes of this section.

36 Contracts for Maintenance and Construction. - In the discretion of the local (d) 37 governing body of each municipality receiving funds by virtue of G.S. 136-41.1 and 136-41.2 it 38 may contract with the Department of Transportation to do the work of maintenance, repair, 39 construction, reconstruction, widening or improving the streets in such municipality; or it may 40 let contracts in the usual manner as prescribed by the General Statutes to private contractors for 41 the performance of said street work; or may undertake the work by force account. The 42 Department of Transportation within its discretion is hereby authorized to enter into contracts 43 with municipalities for the purpose of maintenance, repair, construction, reconstruction, 44 widening or improving streets of municipalities. And the Department of Transportation in its 45 discretion may contract with any city or town which it deems qualified and equipped so to do 46 that the city or town shall do the work of maintaining, repairing, improving, constructing, 47 reconstructing, or widening such of its streets as form a part of the State highway system.

In the case of each eligible municipality, as defined in G.S. 136-41.2, having a population of less than 5,000, the Department of Transportation shall upon the request of such municipality made by official action of its governing body, on or prior to June 1, 1953, or June 1 in any year thereafter, for the fiscal year beginning July 1, 1953, and for the years thereafter 1 do such street construction, maintenance, or improvement on nonsystem streets as the 2 municipality may request within the limits of the current or accrued payments made to the 3 municipality under the provisions of G.S. 136-41.1.

4 In computing the costs, the Department of Transportation may use the same rates for 5 equipment, rental, labor, materials, supervision, engineering and other items, which the 6 Department of Transportation uses in making charges to one of its own department or against 7 its own department, or the Department of Transportation may employ a contractor to do the 8 work, in which case the charges will be the contract cost plus engineering and inspection. The 9 municipality is to specify the location, extent, and type of the work to be done, and shall 10 provide the necessary rights-of-way, authorization for the removal of such items as poles, trees, 11 water and sewer lines as may be necessary, holding the Department of Transportation free from 12 any claim by virtue of such items of cost and from such damage or claims as may arise 13 therefrom except from negligence on the part of the Department of Transportation, its agents, 14 or employees.

15 If a municipality elects to bring itself under the provisions of the two preceding paragraphs, 16 it shall enter into a two-year contract with the Department of Transportation and if it desires to 17 dissolve the contract at the end of any two-year period it shall notify the Department of Transportation of its desire to terminate said contract on or before April 1 of the year in which 18 19 such contract shall expire; otherwise, said contract shall continue for an additional two-year 20 period, and if the municipality elects to bring itself under the provisions of the two preceding 21 paragraphs and thereafter fails to pay its account to the Department of Transportation for the 22 fiscal year ending June 30, by August 1 following the fiscal year, then the Department of 23 Transportation shall apply the said municipality's allocation under G.S. 136-41.1 to this account 24 until said account is paid and the Department of Transportation shall not be obligated to do any 25 further work provided for in the two preceding paragraphs until such account is paid.

Section 143-129 of the General Statutes relating to the procedure for letting of public contracts shall not be applicable to contracts undertaken by any municipality with the Department of Transportation in accordance with the provisions of the three preceding paragraphs.

30 (e) <u>Permitted Offsets to Funding.</u> — The Department of Transportation is authorized to 31 apply a municipality's share of funds allocated to a municipality under the provisions of 32 G.S. 136-41.1 to any of the following accounts of the municipality with the said Department of 33 Transportation, which the municipality fails to pay:

The Department shall report to the Joint Transportation Appropriations 6 Subcommittee, on or before May 1, 2004, on its actual current and intended future use of funds 7 pursuant to subsection (a3) of this section. The Department shall certify to the Joint Legislative 8 Transportation Oversight Committee each year, on or before November 1, that use of the 9 Highway Trust Fund cash balances for the purposes listed in subsection (a3) of this section will 10 not adversely affect the delivery schedule of any Highway Trust Fund projects. If the 11 Department cannot certify that the full amounts authorized in subsection (a3) of this section are 12 available, then the Department may determine the amount that can be used without adversely 13 affecting the delivery schedule and may proportionately apply that amount to the purposes set 14 forth in subsection (a3) of this section. 15 (b) Funds in the Trust Fund are annually appropriated to the Department of 16 Transportation to be allocated and used as provided in this subsection. A sum, not to exceed 17 four and eight-tenths percent (4.8%) of the amount of revenue deposited in the Trust Fund 18 under subdivisions (a)(1), (2), and (3) of this section sum, in the amount appropriated by law, 19 may be used each fiscal year by the Department for expenses to administer the Trust Fund. 20 Operation and project development costs of the North Carolina Turnpike Authority are eligible 21 administrative expenses under this subsection. Any funds allocated to the Authority pursuant to 22 this subsection shall be repaid by the Authority from its toll revenue as soon as possible, 23 subject to any restrictions included in the agreements entered into by the Authority in 24 connection with the issuance of the Authority's revenue bonds. Beginning one year after the 25 Authority begins collecting tolls on a completed Turnpike Project, interest shall accrue on any 26 unpaid balance owed to the Highway Trust Fund at a rate equal to the State Treasurer's average 27 annual yield on its investment of Highway Trust Fund funds pursuant to G.S. 147-6.1. Interest 28 earned on the unpaid balance shall be deposited in the Highway Trust Fund upon repayment. 29 The sum up to the amount anticipated to be necessary to meet the State matching funds 30 requirements to receive federal-aid highway trust funds for the next fiscal year may be set aside 31 for that purpose. The rest of the funds in the Trust Fund shall be allocated and used as

32 follows: specified in G.S. 136-189.11.

33	(1)	Sixty-one and ninety-five hundredths percent (61.95%) to plan, design, and

46		issued under the State Highway Bond Act of 1996 and whose proceeds are
47		applied to secondary road construction.
48	The Departme	ent must administer funds allocated under subdivisions (1), (2), and (4) of this
49	subsection this se	ection in a manner that ensures that sufficient funds are available to make the
50	debt service pays	ments on bonds issued under the State Highway Bond Act of 1996 as they

51 become due.

The Secretary may authorize the transfer of funds allocated under subdivisions (1) 1 (b1) 2 through (4) of subsection (b) of this section to other projects that are ready to be let and were to 3 be funded from allocations to those subdivisions. The Secretary shall ensure that any funds 4 transferred pursuant to this subsection are repaid promptly and in any event in no more than 5 four years. The Secretary shall certify, prior to making any transfer pursuant to this subsection, that the transfer will not affect the delivery schedule of Highway Trust Fund projects in the 6 7 current Transportation Improvement Program. No transfers shall be allowed that do not 8 conform to the applicable provisions of the equity formula for distribution of funds, 9 G.S. 136-17.2A. If the Secretary authorizes a transfer pursuant to this subsection, the Secretary 10 shall report that decision to the next regularly scheduled meetings of the Joint Legislative 11 Commission on Governmental Operations, the Joint Legislative Transportation Oversight 12 Committee, and to the Fiscal Research Division.

13 (Effective July 1, 2013) There is annually appropriated to the North Carolina (b2)14 Turnpike Authority from the Highway Trust Fund the sum of one hundred twelve million 15 dollars (\$112,000,000). forty-nine million dollars (\$49,000,000). Of the amount allocated by 16 this subsection, twenty-five million dollars (\$25,000,000) shall be used to pay debt service or 17 related financing costs and expenses on revenue bonds or notes issued for the construction of 18 the Triangle Expressway, and twenty-four million dollars (\$24,000,000) shall be used to pay 19 debt service or related financing expenses on revenue bonds or notes issued for the construction 20 of the Monroe Connector/Bypass, twenty eight million dollars (\$28,000,000) shall be used to 21 pay debt service or related financing expenses on revenue bonds or notes issued for the 22 construction of the Mid Currituck Bridge, and thirty-five million dollars (\$35,000,000) shall be 23 used to pay debt service or related financing expenses on revenue bonds or notes issued for the 24 construction of the Garden Parkway. Monroe Connector/Bypass. The amounts appropriated to 25 the Authority pursuant to this subsection shall be used by the Authority to pay debt service or 26 related financing costs and expenses on revenue bonds or notes issued by the Authority to 27 finance the costs of one or more Turnpike Projects, to refund such bonds or notes, or to fund 28 debt service reserves, operating reserves, and similar reserves in connection therewith. The 29 appropriations established by this subsection constitute an agreement by the State to pay the 30 funds appropriated hereby to the Authority within the meaning of G.S. 159-81(4). 31 Notwithstanding the foregoing, it is the intention of the General Assembly that the enactment 32 of this provision and the issuance of bonds or notes by the Authority in reliance thereon shall 33 not in any manner constitute a pledge of the faith and credit and taxing power of the State, and 34 nothing contained herein shall prohibit the General Assembly from amending the 35 appropriations made in this subsection at any time to decrease or eliminate the amount annually 36 appropriated to the Authority. Funds transferred from the Highway Trust Fund to the Authority 37 pursuant to this subsection are not subject to the equity formula in 38 G.S. 136-17.2A.G.S. 136-189.11.

39 (c) If funds are received under 23 U.S.C. Chapter 1, Federal-Aid Highways, for a
40 project for which funds in the Trust Fund may be used, the amount of federal funds received
41 plus the amount of any funds from the Highway Fund that were used to match the federal funds
42 may be transferred by the Secretary of Transportation from the Trust Fund to the Highway
43 Fund and used for projects in the Transportation Improvement Program.

(d) A contract may be let for projects funded from the Trust Fund in anticipation of
revenues pursuant to the cash-flow provisions of G.S. 143C-6-11 only for the two bienniums
following the year in which the contract is let.

(e) (Effective July 1, 2013) Subject to G.S. 136-17.2A and other funding distribution
formulas, funds allocated under subdivisions (1), (3), and (4) of subsection (b) of this section
may also G.S. 136-189.11, funds may be used for fixed guideway projects, including providing

51 TRANSITION STUDY AND REPORTING REQUIREMENTS

1 SECTION 6.1. Formula Implementation Report. - The Department of 2 Transportation shall report to the Joint Legislative Transportation Oversight Committee and the 3 Fiscal Research Division no later than August 15, 2013, on the Department's recommended 4 formulas that will be used in the prioritization process to rank highway and nonhighway 5 projects. The Department of Transportation's Prioritization Office shall develop the 6 prioritization processes and formulas for all modes of transportation. The report will include a 7 statement on the process used by the Department to develop the formulas, include a listing of 8 external partners consulted during this process, and include feedback from its 3.0 workgroup 9 partners on the Department's proposed recommendations. The Department shall not finalize the 10 formula without consulting with the Joint Legislative Transportation Oversight Committee. The 11 Joint Legislative Transportation Oversight Committee has 30 days after the report is received to 12 meet and consult on the Department's recommendations. If no meeting occurs within 30 days 13 after the report is received, the consultation requirement will be met. If consultation occurs and 14 a majority of members serving on the Committee request changes to the Department's 15 recommended formulas for highway and nonhighway modes, the Department shall review the 16 requests and provide to the Committee its response to the requested changes no later than 17 October 1, 2013. A final report on the highway and intermodal formulas shall be submitted to 18 the Joint Legislative Transportation Oversight Committee by January 1, 2014.

19 **SECTION 6.2.** State Transportation Improvement Program Transition Report. – 20 The Department of Transportation shall submit transition reports to members of the Joint 21 Legislative Transportation Oversight Committee, House of Representatives Appropriations 22 Subcommittee on Transportation and the Senate Appropriations Committee on Department of 23 Transportation, and the Fiscal Research Division on March 1, 2014, and November 1, 2014. 24 The reports shall include information on the Department's transition to Strategic Prioritization, 25 overview changes to the State Transportation Improvement Program (STIP) and other internal 26 and external processes that feed into the STIP, and offer statutory and policy recommendations 27 or items for consideration to the General Assembly that will enhance the prioritization process. 28 The March 1, 2014, report shall also include an analysis of the distribution of tax and fee 29 revenues between the Highway Fund and Highway Trust Fund and an analysis to determine if 30 maintenance, construction, operations, administration, and capital expenditures are properly 31 budgeted within the two funds and existing revenues are most effectively distributed between 32 the two funds. 33

34 **EFFECTIVE DATE**

35 **SECTION 7.1.(a)** Except as provided herein, this act becomes effective July 1, 2013.

37 SECTION 7.1.(b) This act is effective only if the General Assembly appropriates
 38 funds in the Current Operations and Capital Improvements Appropriations Act of 2013 to
 39 implement this act.
