11 **PART XI. FINANCE**

12       **SECTION 11.1.** Effective when this act becomes law, G.S. 62-140(a) reads as  
13 rewritten:

14       "(a) No public utility shall, as to rates or services, make or grant any unreasonable  
15 preference or advantage to any person or subject any person to any unreasonable prejudice or  
16 disadvantage. No public utility shall establish or maintain any unreasonable difference as to  
17 rates or services either as between localities or as between classes of service. The Commission  
18 may determine any questions of fact arising under this section; provided that it shall not be an  
19 unreasonable preference or advantage or constitute discrimination against any person, firm or  
20 corporation or general rate payer for telephone utilities to contract with motels, hotels and  
21 hospitals to pay reasonable commissions in connection with the handling of intrastate toll calls  
22 charged to a guest or patient and collected by the motel, hotel or hospital; provided further, that  
23 payment of such commissions shall be in accordance with uniform tariffs which shall be  
24 subject to the approval of the Commission. Provided further, that it shall not be considered an  
25 unreasonable preference or advantage for the Commission to order, if it finds the public interest  
26 so requires, a reduction in local telephone rates for low-income residential consumers meeting a  
27 means test established by the Commission in order to match any reduction in the interstate  
28 subscriber line charge authorized by the Federal Communications Commission. If the State  
29 repeals any State funding mechanism for a reduction in the local telephone rates for  
30 low-income residential consumers, the Commission shall take appropriate action to eliminate  
31 any requirement for the reduced rate funded by the repealed State funding mechanism. For the  
32 purposes of this section, a State funding mechanism for a reduction in the local telephone rates  
33 includes a tax credit allowed for the public utility to recover the reduction in rates.

34       Nothing in this section prohibits the Commission from establishing different rates for  
35 natural gas service to counties that are substantially unserved, to the extent that those rates  
36 reflect the cost of providing service to the unserved counties and upon a finding by the  
37 Commission that natural gas service would not otherwise become available to the counties."  
38

39       **SECTION 11.2.** Effective July 1, 2014, G.S. 105-164.44K(b), as enacted by  
40 Section 4.3(a) of S.L. 2013-316, reads as rewritten:

41       "(b) Franchise Tax Share. – The quarterly franchise tax share of a city is the total amount  
42 of electricity gross receipts franchise tax distributed to the city under repealed G.S. 105-116.1  
43 or repealed provisions of G.S. 159B-27 for the same related quarter that was the last quarter in  
44 which taxes were imposed on electric power companies under repealed  
45 ~~G.S. 105-116~~.G.S. 105-116 or repealed provisions of G.S. 159B-27. The quarterly franchise tax  
46 share of a city includes adjustments made for the hold-harmless amounts under repealed  
47 G.S. 105-116. If the franchise tax share of a city, including the hold-harmless adjustments, is  
48 less than zero, then the amount is zero. The determination made by the Department with respect  
49 to a city's franchise tax share is final and is not subject to administrative or judicial review.

1 The franchise tax share of a city that has dissolved, merged with another city, or divided  
2 into two or more cities since it received a distribution under repealed G.S. 105-116.1 or  
3 repealed provisions of G.S. 159B-27 is adjusted as follows:

- 4 (1) If a city dissolves and is no longer incorporated, the franchise tax share of  
5 the city is added to the amount distributed under subsection (c) of this  
6 section.
- 7 (2) If two or more cities merge or otherwise consolidate, their franchise tax  
8 shares are combined.
- 9 (3) If a city divides into two or more cities, the franchise tax share of the city  
10 that divides is allocated among the new cities in proportion to the total  
11 amount of ad valorem taxes levied by each on property having a tax situs in  
12 the city."

13

17 commercial facility for processing renewable fuel is allowed a credit equal to twenty-five  
18 percent (25%) of the cost to the taxpayer of constructing and equipping the facility. The entire  
19 credit may not be taken for the taxable year in which the facility is placed in service but must  
20 be taken in seven equal annual installments beginning with the taxable year in which the  
21 facility is placed in service. If, in one of the years in which the installment of a credit accrues,  
22 the facility with respect to which the credit was claimed is disposed of or taken out of service,  
23 the credit expires and the taxpayer may not take any remaining installment of the credit. The  
24 taxpayer may, however, take the portion of an installment that accrued in a previous year and  
25 was carried forward to the extent permitted under G.S. 105-129.17.

26 Notwithstanding subsection (d) of this section, this section is repealed effective for facilities  
27 placed in service on or after January 1, 2017, in the case of a taxpayer that meets both of the  
28 following conditions:

- 29 (1) Signs a letter of commitment with the Department of Commerce on or  
30 before September 1, 2013, stating the taxpayer's intent to construct and place  
31 into service in this State a commercial facility for processing renewable fuel.

39 sales and use tax if purchased by a qualifying farmer and for use by the farmer in the planting,
