Representative Pittman

1 moves to amend the bill on page 36, lines 24 through 38,  
2 by rewriting those lines to read:

3  
4 "SECTION 4.(e) All electric generating facilities owned by a public utility that  
5 produce coal combustion residuals and coal combustion products shall issue a request for  
6 proposals on or before September 30, 2014, for the study of the feasibility and advisability of  
7 installation of technology to convert existing and newly generated coal combustion residuals to  
8 commercial-grade coal combustion products suitable for use in the concrete industry and other  
9 industries that might beneficially use coal combustion residuals. All electric generating  
10 facilities shall present the materials and information received in response to a request for  
11 proposals issued pursuant to this section and an assessment of the materials and information,  
12 including a forecast of specific actions to be taken in response to the materials and information  
13 received, to the Environmental Management Commission and the Coal Ash Management  
14 Commission on or before January 31, 2015. All electric generating facilities owned by a public  
15 utility that produce coal combustion residuals and coal combustion products shall issue a  
16 request for proposals on or before December 31, 2014, for (i) the conduct of a market analysis  
17 for the concrete industry and other industries that might beneficially use coal combustion  
18 residuals and coal combustion products; and (ii) an examination of all innovative technologies  
19 that might be applied to diminish, recycle or reuse, or mitigate the impact of existing and newly  
20 generated coal combustion residuals. All electric generating facilities shall present the materials  
21 and information received in response to a request for proposals issued pursuant to this section  
22 and an assessment of the materials and information, including a forecast of specific actions to  
23 be taken in response to the materials and information received, to the Environmental  
24 Management Commission and the Coal Ash Management Commission on or before August 1,  
25 2016."
