(f)(7) "Supervision" as used in this Article shall mean that acts are deemed to be under the supervision of a licensed dentist when performed in a locale where a licensed dentist is physically present during the performance of such acts, except those acts performed under direction and in compliance with G.S. 90-233(a) or G.S. 90-233(a1), and such acts G.S. 90-233(a1), and which are being performed pursuant to the dentist's order, control and approval."

SECTION 2. G.S. 90-233(a1) reads as rewritten:

"(a1) A dental hygienist who has three years of experience in clinical dental hygiene or a minimum of 2,000 hours performing primarily prophylaxis or periodontal debridement under the supervision of a licensed dentist, who (i) completes annual CPR certification, who (ii) completes six hours each year of Board-approved continuing education in medical emergencies in addition to the requirements of G.S. 90-225.1, and who (iii) is designated by the employing dentist as being capable of performing clinical hygiene procedures without the direct supervision of the dentist, may perform one or more dental hygiene functions as described in ~~G.S. 90-221(a)~~ G.S. 90-221(1) without a licensed dentist being physically present if all of the following conditions are met:

- (1) A licensed dentist directs in writing the hygienist to perform the dental hygiene functions.
- (2) The licensed dentist has personally conducted an evaluation of the patient which shall include a complete oral examination of the patient, a thorough analysis of the patient's health history, a diagnosis of the patient's condition, and a specific written plan for treatment.
- (3) The dental hygiene functions directed to be performed in accordance with this subsection shall be conducted within 120 days ~~of~~ after the dentist's evaluation.
- (4) The services are performed in nursing homes; rest homes; long-term care facilities; rural and community clinics operated by Board-approved nonprofits; rural and community clinics operated by federal, State, county, or local governments; and any other facilities identified by the Office of Rural Health and approved by the Board as serving dental access shortage areas."

SECTION 3. G.S. 90-233 is amended by adding new subsections to read:

"(a6) A dental hygienist who has completed a program approved by the Board in accordance with G.S. 90-233.5, may administer local dental anesthetics by infiltration and block techniques, but only under the direct supervision of a dentist licensed in this State."

SECTION 4. Article 16 of Chapter 90 of the General Statutes is amended by adding a new section to read:

§ 90-233.5. Board approval of programs to qualify dental hygienists to administer local anesthetics.

(a) The Board is authorized to approve any program that qualifies dental hygienists to administer local anesthetics as described in G.S. 90-221(1). The Board's authority includes approval over the content of required courses, the length of training, and the nature of a subsequent preceptorship under a dentist licensed and practicing in this State. The Board shall not approve any certification program that does not, at a minimum, require all of the following:

- (1) Instruction using lecture and laboratory or clinical formats at the University of North Carolina School of Dentistry, the East Carolina University School of Dental Medicine, or both.
- (2) Instruction by a dentist who has a DDS or DMD degree from a program of dentistry in a school or college accredited by the Commission on Dental

1 Accreditation of the American Dental Association and approved by the
2 Board.

3 (3) A faculty to student ratio of no greater than 1:4 for laboratory or clinical
4 instruction.

5 (4) Instruction to enable attainment of a minimum level of competence and upon
6 successful attainment of that minimum level of competence, issuance of a
7 certificate of completion.

8 (5) Completion of a training program that includes, at a minimum, a three-day
9 session on local anesthetics that includes all of the following:

10 a. Fourteen lecture hours on pharmacology, physiology, equipment, and
11 technique.

12 b. Three lecture hours on medical emergencies.

13 c. A two-hour laboratory or clinical course.

14 d. Three one-hour evaluations of a student's competence.

15 (6) Within 12 months after successful completion of a training program that
16 meets the requirements of subdivision (5) of this subsection, completion of a
17 six-month preceptorship that includes a minimum of 750 hours performing
18 primarily the administration of local dental anesthetics by infiltration and
19 block techniques under the direct supervision of a dentist licensed and
20 practicing in this State. The preceptorship process shall (i) include a
21 comprehensive evaluation and assessment of the dental hygienist's
22 knowledge and abilities in administration of local dental anesthetics and (ii)
23 require the preceptor dentist to execute a certificate of qualification upon
24 successful completion of the preceptorship to demonstrate that the dental
25 hygienist is qualified to administer local dental anesthetics as described in
26 G.S. 90-221(1).

27 (b) The Board may approve an application by a dental hygienist licensed under
28 G.S. 90-225 to administer local dental anesthetics as described in G.S. 90-221(1) without
29 completing a program approved by the Board in accordance with subsection (a) of this section
30 upon evidence that (i) the licensed dental hygienist was qualified to administer local dental
31 anesthetics in another state, country, or territory and (ii) the education, training, and
32 qualification requirements for administering local dental anesthetics in the other jurisdiction are
33 substantially equivalent to the requirements of subsection (a) of this section. If the Board
34 determines that the education, training, and qualification requirements of the other jurisdiction
35 are not substantially equivalent to the requirements of subsection (a) of this section, the Board
36 may require the licensed dental hygienist to complete all or parts of the requirements specified
37 in subsection (a) of this section in order to become qualified to administer local dental
38 anesthetics in this State.

39 (c) The Board shall require a dental hygienist to annually submit to the Board evidence
40 of continuing competence to administer local dental anesthetics as described in G.S. 90-221(1).
41 Evidence of continuing competence shall be satisfied upon demonstration that the dental
42 hygienist has completed annual CPR certification and at least two hours each year of
43 Board-approved continuing education related to the administration of local dental anesthetics.
44 The Board may apply these continuing education hours toward satisfaction of the six hours of
45 continuing education in medical emergencies required each year of licensed dental hygienists
46 pursuant to G.S. 90-233(a1), or require that these hours be completed in addition to the six
47 hours required by G.S. 90-233(a1).

48 (d) The Board may adopt rules not inconsistent with the provisions of this Article or
49 Article 2 of Chapter 90 which are reasonably necessary to implement, administer, and enforce
50 the provisions of this section."

1 **SECTION 5.** G.S. 90-233.1 is recodified as G.S. 90-233.10 under Article 16 of
2 Chapter 90 of the General Statutes.

3 **SECTION 6.** G.S. 90-233.1 through G.S. 90-233.4 are reserved for future
4 codification purposes.

5 **SECTION 7.** This act becomes effective January 1, 2016.
