6 The General Assembly of North Carolina enacts:

7 **SECTION 1.** Article 1B of Chapter 90 of the General Statutes is amended by  
8 adding a new section to read:

9 **"§ 90-21.15A. Emergency treatment using epinephrine auto-injector; immunity.**

10 (a) Definitions. – The following definitions apply in this section:

- 11 (1) Administer. – The direct application of an epinephrine auto-injector to the  
12 body of an individual.
- 13 (2) Authorized entity. – Any entity or organization, other than a school  
14 described in G.S. 115C-375.2A, at which allergens capable of causing  
15 anaphylaxis may be present, including, but not limited to, recreation camps,  
16 colleges, universities, day care facilities, youth sports leagues, amusement  
17 parks, restaurants, places of employment, and sports arenas.
- 18 (3) Epinephrine auto-injector. – A single-use device used for the automatic  
19 injection of a premeasured dose of epinephrine into the human body.
- 20 (4) Health care provider. – A health care provider licensed to prescribe drugs  
21 under the laws of this State.
- 22 (5) Provide. – To supply one or more epinephrine auto-injectors to an  
23 individual.

24 (b) Prescribing to Authorized Entities Permitted. – A health care provider may prescribe  
25 epinephrine auto-injectors in the name of an authorized entity for use in accordance with this  
26 section, and pharmacists and health care providers may dispense epinephrine auto-injectors  
27 pursuant to a prescription issued in the name of an authorized entity. A prescription issued  
28 pursuant to this section shall be valid for no more than two years.

29 (c) Authorized Entities Permitted to Maintain Supply. – An authorized entity may  
30 acquire and stock a supply of epinephrine auto-injectors pursuant to a prescription issued in  
31 accordance with this section. The supply of epinephrine auto-injectors shall be stored in a  
32 location readily accessible in an emergency and in accordance with the epinephrine  
33 auto-injector's instructions for use and any additional requirements that may be established by  
34 the Department of Health and Human Services. An authorized entity shall designate employees  
35 or agents to be responsible for the storage, maintenance, control, and general oversight of  
36 epinephrine auto-injectors acquired by the authorized entity.

1        (d) Use of Epinephrine Auto-Injectors by Authorized Entities. – An employee or agent  
2 of an authorized entity or other individual may use epinephrine auto-injectors prescribed  
3 pursuant to G.S. 90-726.1 to do any of the following:

4            (1) Provide an epinephrine auto-injector to any individual who the employee,  
5 agent, or other individual believes in good faith is experiencing anaphylaxis,  
6 or the parent, guardian, or caregiver of such individual, for immediate  
7 administration, regardless of whether the individual has a prescription for an  
8 epinephrine auto-injector or has previously been diagnosed with an allergy.

9            (2) Administer an epinephrine auto-injector to any individual who the employee,  
10 agent, or other individual believes in good faith is experiencing anaphylaxis,  
11 regardless of whether the individual has a prescription for an epinephrine  
12 auto-injector or has previously been diagnosed with an allergy.

13        (e) Mandatory Training Program. – Designated employees or agents of authorized  
14 entities described in subsection (c) of this section shall complete an anaphylaxis training  
15 program. The training shall be conducted by (i) a physician, physician assistant, or registered  
16 nurse licensed to practice in this State; (ii) a nationally recognized organization experienced in  
17 training laypersons in emergency health treatment; or (iii) an entity or individual approved by  
18 the Department of Health and Human Services. The training may be conducted online or in  
19 person, and shall at a minimum include all of the following components:

20            (1) How to recognize signs and symptoms of severe allergic reactions, including  
21 anaphylaxis.

22            (2) Standards and procedures for the storage and administration of an  
23 epinephrine auto-injector.

24            (3) Emergency follow-up procedures.

25        (f) Immunity. – None of the following persons shall be liable for any injuries or related  
26 damages that result from any act or omission taken pursuant to this section:

27            (1) Any authorized entity that voluntarily and without expectation of payment  
28 possesses and makes available epinephrine auto-injectors.

29            (2) Any employee or agent of an authorized entity, or any other individual, who  
30 provides or administers an epinephrine auto-injector to an individual whom  
31 the employee, agent, or other individual believes in good faith is  
32 experiencing anaphylaxis.

33            (3) A health care provider that prescribes epinephrine auto-injectors to an  
34 authorized entity.

35            (4) A pharmacist or health care provider that dispenses epinephrine  
36 auto-injectors to an authorized entity.

37            (5) Any individual or entity that conducts the training mandated by subsection  
38 (e) of this section.

39        The immunity conferred by this section does not (i) apply to acts or omissions constituting  
40 gross negligence, wanton conduct, or intentional wrongdoing or (ii) eliminate, limit, or reduce  
41 any other immunity or defense that may be available under State law, including that provided  
42 under G.S. 90-21.14.

43        (g) Liability for Acts Outside of This State. – An authorized entity located in this State  
44 shall not be liable under the laws of this State for any injuries or related damages resulting from  
45 the provision or administration of an epinephrine auto-injector outside of this State under either  
46 of the following circumstances:

47            (1) If the authorized entity would not have been liable for such injuries or  
48 related damages if the epinephrine auto-injector had been provided or  
49 administered within this State.

1           (2)   If the authorized entity is not liable for such injuries or related damages  
2                   under the laws of the state in which the epinephrine auto-injector was  
3                   provided or administered.

4       (h)   Does Not Constitute Practice of Medicine. – The administration of an epinephrine  
5   auto-injector in accordance with this section is not the practice of medicine or any other  
6   profession that otherwise requires licensure."

7           **SECTION 2.** This act becomes effective October 1, 2015.
