HOUSE DRH30278-MK-162 (04/01)

Short Title: Heat Stroke Prevention/Student Athletes. (Public) Sponsors: Representative Richardson. Referred to: A BILL TO BE ENTITLED AN ACT TO REQUIRE THE STATE BOARD OF EDUCATION AND LOCAL BOARDS OF EDUCATION TO ADDRESS HEAT-RELATED ILLNESSES DURING SCHOOL ATHLETIC ACTIVITIES AND TO RECODIFY THE STATUTORY PROVISIONS ON CONCUSSION SAFETY AND EMERGENCY ACTION PLANS. The General Assembly of North Carolina enacts: **SECTION 1.** Chapter 115C of the General Statutes is amended by adding a new Article to read: "Article 29E. "Student Safety in Athletics. "§ 115C-407.40. Definitions. The following definitions apply in this Article: Athletic activity. – An activity offered to students in any of the following (1) circumstances: Interscholastic athletics. a. An athletic contest or competition, other than interscholastic <u>b.</u> athletics, that is sponsored by a school, including cheerleading, or any other sports activities provided by a club or school-affiliated organization that is school-sponsored. Practices, interschool practices, and scrimmages for all of the <u>c.</u> activities listed under this subdivision. Concussion. – A traumatic brain injury caused by a direct or indirect impact (2) to the head that results in disruption of normal brain function, which may or may not result in loss of consciousness. (3) Heat exhaustion. – A heat-related illness resulting in the depletion of body fluids and causing weakness, dizziness, nausea, and possible collapse. Heat stroke. – A heat-related illness in which the person's core body (4) temperature is greater than 105 degrees Fahrenheit, with complications involving the central nervous system that occur after exposure to high temperatures. "§ 115C-407.41. Heat exhaustion and heat stroke education; removal from athletic

used by local boards of education to inform students who participate in athletic activities and

those students' parents and coaches on (i) heat-related illnesses, including heat stroke and heat exhaustion and (ii) the health risks associated with continuing athletic play or practice after

The State Board of Education shall adopt guidelines and educational materials to be

experiencing signs and symptoms of a heat-related illness. In developing these guidelines and materials, the State Board may utilize existing materials on the signs, symptoms, and prevention of heat-related illnesses, including guidelines on heat and humidity adopted by the North Carolina High School Athletic Association.

(b) Each school year, prior to participation by a student in an athletic activity, the

- (b) Each school year, prior to participation by a student in an athletic activity, the student's parent or guardian shall sign and return to the student's school an acknowledgment of receipt and review of an information sheet developed in accordance with materials provided by the State Board of Education under subsection (a) of this section.
- (c) Each local board of education shall adopt a mandatory heat stroke prevention protocol for students participating in athletic activities consistent with the guidelines and educational materials adopted in accordance with subsection (a) of this section. A student who exhibits symptoms of heat exhaustion or heat stroke, as determined by a game official, coach from the student's team, verified athletic trainer, licensed healthcare professional, or other official designated by the school under the venue-specific emergency action plan under G.S. 115C-407.43, at any time prior to, during, or following an athletic activity shall be removed by the coach from participation in an athletic activity. The venue-specific emergency action plan shall provide for circumstances in which specific cooling methods must be made available during an athletic activity, including weather conditions requiring access to an immersion pool. A student removed or prevented from participating in an athletic activity in accordance with this subsection shall not return to participation until the student is evaluated and cleared for return to participation in writing by a licensed healthcare professional or other official designated by the school under the venue-specific emergency action plan.

"<u>§ 115C-407.42. Concussion safety.</u>

The State Board of Education shall adopt rules governing interscholastic athletic activities with regard to concussion safety for student athletes in middle schools and high schools that provide for the following:

- (1) All coaches, school nurses, athletic directors, first responders, volunteers, students who participate in interscholastic athletic activities, and the parents of those students shall receive, on an annual basis, a concussion and head injury information sheet. School employees, first responders, volunteers, and students must sign the sheet and return it to the coach before they can participate in interscholastic athletic activities, including tryouts, practices, or competition. Parents must sign the sheet and return it to the coach before their children can participate in any such interscholastic athletic activities. The signed sheets shall be maintained in accordance with subdivision (3) of this subsection.
- (2) If a student participating in an interscholastic athletic activity exhibits signs or symptoms consistent with concussion, the student shall be removed from the activity at that time and shall not be allowed to return to play or practice that day. The student shall not return to play or practice on a subsequent day until the student is evaluated by and receives written clearance for such participation from (i) a physician licensed under Article 1 of Chapter 90 of the General Statutes with training in concussion management, (ii) a neuropsychologist licensed under Article 18A of Chapter 90 of the General Statutes with training in concussion management and working in consultation with a physician licensed under Article 1 of Chapter 90 of the General Statutes, (iii) an athletic trainer licensed under Article 34 of Chapter 90 of the General Statutes, (iv) a physician assistant, consistent with the limitations of G.S. 90-18.1, or (v) a nurse practitioner, consistent with the limitations of G.S. 90-18.2.

(3) Each school shall maintain complete and accurate records of its compliance with the requirements of this section pertaining to head injuries.

"§ 115C-407.43. Venue-specific emergency action plans.

A local board of education shall require each middle school and high school to develop a venue-specific emergency action plan to deal with serious injuries and acute medical conditions in which the condition of the patient may deteriorate rapidly. The plan shall include a delineation of roles, methods of communication, available emergency equipment, and access to and plan for emergency transport. This plan must be (i) in writing, (ii) reviewed by an athletic trainer licensed in North Carolina, (iii) approved by the principal of the school, (iv) distributed to all appropriate personnel, (v) posted conspicuously at all venues, and (vi) reviewed and rehearsed annually by all licensed athletic trainers, first responders, coaches, school nurses, athletic directors, and volunteers for interscholastic athletic activities."

SECTION 2. G.S. 115C-12(23) reads as rewritten:

- "(23) Power to Adopt Eligibility Rules for Interscholastic Athletic Competition. –
 The State Board of Education shall adopt rules governing interscholastic athletic activities conducted by local boards of education, including (i) eligibility for student participation participation and (ii) student safety in accordance with Article 29E of this Chapter. With regard to middle schools and high schools, the rules shall provide for the following:
 - a. All coaches, school nurses, athletic directors, first responders, volunteers, students who participate in interscholastic athletic activities, and the parents of those students shall receive, on an annual basis, a concussion and head injury information sheet. School employees, first responders, volunteers, and students must sign the sheet and return it to the coach before they can participate in interscholastic athletic activities, including tryouts, practices, or competition. Parents must sign the sheet and return it to the coach before their children can participate in any such interscholastic athletic activities. The signed sheets shall be maintained in accordance with sub-subdivision d. of this subdivision.

For the purpose of this subdivision, a concussion is a traumatic brain injury caused by a direct or indirect impact to the head that results in disruption of normal brain function, which may or may not result in loss of consciousness.

If a student participating in an interscholastic athletic activity b. exhibits signs or symptoms consistent with concussion, the student shall be removed from the activity at that time and shall not be allowed to return to play or practice that day. The student shall not return to play or practice on a subsequent day until the student is evaluated by and receives written clearance for such participation from (i) a physician licensed under Article 1 of Chapter 90 of the General Statutes with training in concussion management, (ii) a neuropsychologist licensed under Article 18A of Chapter 90 of the General Statutes with training in concussion management and working in consultation with a physician licensed under Article 1 of Chapter 90 of the General Statutes, (iii) an athletic trainer licensed under Article 34 of Chapter 90 of the General Statutes, (iv) a physician assistant, consistent with the limitations of G.S. 90-18.1, or (v) a nurse practitioner, consistent with the limitations of G.S. 90-18.2.
