12       (b) This Chapter applies to a custodian if the user resides in this State or resided in this  
13 State at the time of the user's death.

14       (c) This Chapter does not apply to a digital asset of an employer used by an employee in  
15 the ordinary course of the employer's business.

16 **"§ 36F-4. User direction for disclosure of digital assets.**

17       (a) A user may use an online tool to direct the custodian to disclose to a designated  
18 recipient or not to disclose some or all of the user's digital assets, including the content of  
19 electronic communications. If the online tool allows the user to modify or delete a direction at all  
20 times, a direction regarding disclosure using an online tool overrides a contrary direction by the  
21 user in a will, trust, power of attorney, or other record.

22       (b) If a user has not used an online tool to give direction under subsection (a) of this  
23 section or if the custodian has not provided an online tool, the user may allow or prohibit in a will,  
24 trust, power of attorney, or other record, disclosure to a fiduciary of some or all of the user's digital  
25 assets, including the content of electronic communications sent or received by the user.

26       (c) A user's direction under subsection (a) or (b) of this section overrides a contrary  
27 provision in a terms-of-service agreement that does not require the user to act affirmatively and  
28 distinctly from the user's assent to the terms of service.

29 **"§ 36F-5. Terms-of-service agreement.**

30       (a) This Chapter does not change or impair a right of a custodian or a user under a  
31 terms-of-service agreement to access and use digital assets of the user.

32       (b) This Chapter does not give a fiduciary or designated recipient any new or expanded  
33 rights other than those held by the user for whom, or for whose estate, the fiduciary or designated  
34 recipient acts or represents.

35       (c) A fiduciary's or designated recipient's access to digital assets may be modified or  
36 eliminated by a user, by federal law, or by a terms-of-service agreement if the user has not  
37 provided direction under G.S. 36F-4.

38 **"§ 36F-6. Procedure for disclosing digital assets.**

39       (a) When disclosing digital assets of a user under this Chapter, the custodian may, at its  
40 sole discretion, do any of the following:

41           (1) Grant a fiduciary or designated recipient full access to the user's account.

42           (2) Grant a fiduciary or designated recipient partial access to the user's account  
43 sufficient to perform the tasks with which the fiduciary or designated recipient  
44 is charged.

45           (3) Provide a fiduciary or designated recipient a copy in a record of any digital  
46 asset that, on the date the custodian received the request for disclosure, the user  
47 could have accessed if the user were alive and had full capacity and access to  
48 the account.

49       (b) A custodian may assess a reasonable administrative charge for the cost of disclosing  
50 digital assets under this Chapter.

51       (c) A custodian need not disclose under this Chapter a digital asset deleted by the user.

1       (d) If a user directs or a fiduciary requests a custodian to disclose under this Chapter some,  
2 but not all, of the user's digital assets, the custodian need not disclose the assets if segregation of  
3 the assets would impose an undue burden on the custodian. If the custodian believes the direction  
4 or request imposes an undue burden, the custodian or fiduciary may seek an order from the court  
5 to disclose any of the following:

- 6           (1) A subset limited by date of the user's digital assets.
- 7           (2) All of the user's digital assets to the fiduciary or designated recipient.
- 8           (3) None of the user's digital assets.
- 9           (4) All of the user's digital assets to the court for review in camera.

10 **"§ 36F-7. Disclosure of content of electronic communications of deceased user.**

11 If a deceased user consented or a court directs disclosure of the contents of electronic  
12 communications of the user, the custodian shall disclose to the personal representative of the estate  
13 of the user the content of an electronic communication sent or received by the user if the personal  
14 representative gives the custodian all of the following:

- 16           (2) A certified copy of the death certificate of the user.

20 administration order described in G.S. 28A-28-3, or a court order.
- 21           (4) Unless the user provided direction using an online tool, a copy of the user's  
22 will, trust, power of attorney, or other record evidencing the user's consent to  
23 disclosure of the content of electronic communications.
- 24           (5) If requested by the custodian, any of the following:
  - 25           a. A number, username, address, or other unique subscriber or account  
26 identifier assigned by the custodian to identify the user's account.
  - 27           b. Evidence linking the account to the user.
  - 28           c. A finding by the court of any of the following:
    - 29           1. That the user had a specific account with the custodian,  
30 identifiable by the information specified in sub-subdivision a. of  
31 this subdivision.
    - 32           2. That disclosure of the content of electronic communications of  
33 the user would not violate 18 U.S.C. § 2701, et seq., 47 U.S.C. §  
34 222, or other applicable law.
    - 35           3. That, unless the user provided direction using an online tool, the  
36 user consented to disclosure of the content of electronic  
37 communications.
    - 38           4. That disclosure of the content of electronic communications of  
39 the user is reasonably necessary for administration of the estate.

40 **"§ 36F-8. Disclosure of other digital assets of deceased user.**

41 Unless the user prohibited disclosure of digital assets or the court directs otherwise, a  
42 custodian shall disclose to the personal representative of the estate of a deceased user a catalogue  
43 of electronic communications sent or received by the user and digital assets, other than the content  
44 of electronic communications, of the user, if the personal representative gives the custodian all of

- 1 (4) If requested by the custodian, any of the following:  
2 a. A number, username, address, or other unique subscriber or account  
3 identifier assigned by the custodian to identify the user's account.  
4 b. Evidence linking the account to the user.  
5 c. An affidavit stating that disclosure of the user's digital assets is  
6 reasonably necessary for administration of the estate.  
7 d. A finding by the court of any of the following:  
8 1. That the user had a specific account with the custodian,  
9 identifiable by the information specified in sub-subdivision a. of  
10 this subdivision.  
11 2. That disclosure of the user's digital assets is reasonably  
12 necessary for administration of the estate.

13 **"§ 36F-9. Disclosure of content of electronic communications of principal.**

14 To the extent a power of attorney expressly grants an agent authority over the content of  
15 electronic communications sent or received by the principal and unless directed otherwise by the

17 communication if the agent gives the custodian all of the following:

45 trustee that is an original user of an account any digital asset of the account held in trust, including  
46 a catalogue of electronic communications of the trustee and the content of electronic
