Representative Conrad

1 moves to amend the bill on page 1, lines 13-21, by rewriting the lines to read:
2 "(b) Definitions. – As used in this section, "chiropractic peer review" means the
3 retrospective review of the treatment records of a chiropractic patient when requested by a
4 third-party payer, performed by an individual who was not the patient's treating chiropractor,
5 for the purpose of advising a third-party payer as to whether, in the reviewer's opinion, the
6 services rendered by the treating chiropractor were clinically necessary and supported by
7 adequate documentation. Chiropractic peer review shall not include automated screening
8 programs, reviews limited to coding and billing entries, or reviews performed by a third-party
9 payer's in-house employees or individuals hired for the purpose of providing expert testimony
10 in or preparing for litigation of personal injury claims. Materials submitted for chiropractic peer
11 review shall be redacted to remove any information that would identify the provider of the
12 chiropractic services."
