

GENERAL ASSEMBLY OF NORTH CAROLINA
SESSION 2017

H.B. 722
Apr 10, 2017
HOUSE PRINCIPAL CLERK

H

D

HOUSE BILL DRH10236-MH-113 (03/23)

Short Title: Hog Lagoon Sunset/Livestock Treatment. (Public)

Sponsors: Representative Harrison.

Referred to:

1 A BILL TO BE ENTITLED
2 AN ACT TO PHASE OUT TRADITIONAL ANIMAL WASTE MANAGEMENT SYSTEMS
3 THAT SERVE SWINE FARMS; TO ESTABLISH MINIMUM HUMANE STANDARDS
4 FOR THE TREATMENT OF COWS, POULTRY, AND SWINE; AND TO STUDY THE
5 POTENTIAL REPORTING OF ANTIBIOTIC DRUG USE IN LIVESTOCK RAISED IN
6 NORTH CAROLINA.

7 The General Assembly of North Carolina enacts:

8 **SECTION 1.** Section 1(b) of S.L. 2007-523 reads as rewritten:

9 **"SECTION 1.(b) ~~Continued Operation.~~Phaseout.** – An animal waste management system
10 that serves a swine farm for which a permit was issued prior to 1 September 2007 and that does
11 not meet the requirements of G.S. 143-215.10I, as enacted by subsection (a) of this section,
12 may continue to operate under, and shall operate in compliance with, that permit, including any
13 renewal of the ~~permit.~~permit, until September 1, 2022. The owner or operator of an animal
14 waste management system that employs a lagoon and sprayfield system that is phased out
15 pursuant to this act shall close all of the components of the animal waste management system in
16 compliance with all applicable federal and State laws, regulations, and rules. The phaseout
17 required by this section shall not apply to an animal waste management system that is part of a
18 waste-to-energy facility producing renewable energy from the animal waste."

19 **SECTION 2.** Chapter 106 of the General Statutes is amended by adding a new
20 Article to read:

21 "Article 49I.

22 "Minimum Humane Standards for Certain Farm Animals.

23 **"§ 106-549.99. Minimum standards to prevent the inhumane treatment of certain farm**
24 **animals.**

25 (a) As used in this section, the following definitions apply:

- 26 (1) "Calf raised for veal" means any calf of the bovine species kept for the
27 purpose of producing the food product described as veal.
28 (2) "Cow" means any member of the bovine species, including calves.
29 (3) "Egg-laying hen" means any female domesticated chicken, turkey, duck,
30 goose, or guinea fowl kept for the purpose of egg production.
31 (4) "Enclosure" means any cage, crate, or other structure, including what is
32 commonly described as a "veal crate" for calves, a "battery cage" for
33 egg-laying hens, or a "gestation crate" for swine, used to confine a calf
34 raised for veal, an egg-laying hen, or a swine during pregnancy.
35 (5) "Farm" means the land, buildings, support facilities, and other equipment
36 that are wholly or partially used for the commercial production of animals or

1 animal products used for food or fiber and does not include live animal
2 markets.

3 (6) "Farm owner or operator" means any person who owns or controls the
4 operation of a farm and does not include any nonmanagement employee,
5 contractor, or consultant.

6 (7) "Fully extending his or her limbs" means fully extending all limbs without
7 touching the side of an enclosure or another animal. In the case of egg-laying
8 hens, "fully extending his or her limbs" means (i) fully spreading both wings
9 without touching the side of an enclosure or another egg-laying hen and (ii)
10 having access to at least 1.5 square feet of usable floor space per hen, but
11 does not mean that all egg-laying hens in an enclosure must be able to
12 simultaneously spread their wings without touching the side of an enclosure
13 or another egg-laying hen.

14 (8) "Person" means any individual, firm, partnership, joint venture, association,
15 limited liability company, corporation, estate, trust, receiver, or syndicate.

16 (9) "Poultry" means any chicken, turkey, duck, goose, or guinea fowl.

17 (10) "Swine" means any member of the porcine species.

18 (11) "Swine during pregnancy" means any pregnant swine kept for the primary
19 purpose of breeding.

20 (12) "Turning around freely" means turning in a complete circle without any
21 impediment, including a tether, and without touching the side of an
22 enclosure or another animal.

23 (b) The Board of Agriculture, in consultation with the State Veterinarian, shall establish
24 minimum humane standards for cows, poultry, and swine that, at a minimum, do all of the
25 following:

26 (1) Prohibit a farm owner or operator from tethering or confining any calf raised
27 for veal, egg-laying hen, or swine during pregnancy on a farm, for all or the
28 majority of any day, in a manner that prevents the animal from lying down,
29 standing up, fully extending his or her limbs, or turning around freely. This
30 subdivision does not apply to any of the following:

31 a. During scientific or agricultural research.

32 b. During examination, testing, individual treatment, or operation for
33 veterinary purposes.

34 c. During transportation.

35 d. During rodeo exhibitions, State or county fair exhibitions, 4-H
36 programs, and similar exhibitions or programs.

37 e. During the slaughter of livestock or poultry as provided by law.

38 f. To a swine during pregnancy during the seven-day period prior to the
39 swine's expected date of giving birth.

40 (2) Require a farm owner or operator to ensure that all on-farm killing of cows
41 or swine be performed in a humane manner using methods explicitly deemed
42 "acceptable" by the American Veterinary Medical Association. This
43 subdivision prohibits strangulation of cows and swine as a form of
44 euthanasia.

45 (3) Prohibit a farm owner or operator from engaging in the transport, sale, or
46 receipt, for use in the human food supply, of any cow or calf too sick or
47 injured to stand and walk.

48 (c) Any farm owner or operator who violates any minimum humane standard adopted
49 by the Board pursuant to this section is guilty of a Class 2 misdemeanor."

50 **SECTION 3.(a)** The Division of Public Health of the Department of Health and
51 Human Services, with the cooperation of the Department of Agriculture and Consumer

1 Services, shall study the use of antibiotic drugs in livestock production in the State. As part of
2 its study, the Division and Department shall:

- 3 (1) Examine the supply chain of antibiotic delivery to livestock raised in the
4 State.
- 5 (2) Determine which segment of the antibiotic supply chain (considering, but
6 not limited to, the antibiotic manufacturer, owner of the animal, feed mill, or
7 farm operator or owner) would provide the best estimate through reporting
8 to the Division of Public Health of the types, amounts, application methods,
9 reasons for use (including disease prevention, growth promotion, or disease
10 treatment), and target livestock species of antibiotic use in the livestock
11 industry operating in the State.
- 12 (3) Conduct a survey in the three counties of the State with the highest densities
13 of hog, poultry, dairy, and beef populations of operators or owners of
14 livestock production facilities, owners of the animals, and the feed mills
15 providing antibiotics for growth promotion, disease prevention, or disease
16 treatment to the livestock. The survey shall provide an initial estimate of the
17 types, amounts, application methods, and target species of antibiotic use in
18 the raising of those livestock in the State.
- 19 (4) Examine the occurrence and trends over the last decade of antibiotic
20 resistance to antibiotics used in livestock production (as identified in the
21 annual United States Food and Drug Administration Summary Report on
22 Antimicrobials Sold or Distributed for use in Food-Producing Animals) in
23 hospitals and within other appropriate medical facilities serving the
24 populations within the 10 counties with the highest densities of livestock in
25 North Carolina and the 10 counties with the lowest densities of livestock in
26 North Carolina.

27 **SECTION 3.(b)** The Division of Public Health of the Department of Health and
28 Human Services and the Department of Agriculture and Consumer Services shall jointly report
29 their findings and recommendations developed pursuant to this act to the Joint Legislative
30 Oversight Committee on Health and Human Services on or before January 1, 2019.

31 **SECTION 4.** Section 2 of this act becomes effective January 1, 2018. The
32 remaining sections of this act are effective when it becomes law.
