3           (4) The licensure requirements in the state in which the applicant is licensed are  
4 substantially equivalent to those required by this State.

5           (b) Instead of meeting the requirements in subsection (a) of this section, any applicant  
6 who is licensed as a barber, electrologist, or laser hair practitioner in another state shall be  
7 admitted to practice in this State under the same reciprocity or comity provisions that the state in  
8 which the applicant is licensed grants to persons licensed in this State.

9           (c) The Board may establish standards for issuing a license to an applicant who is licensed  
10 as an instructor in another state. These standards shall include a requirement that the licensure  
11 requirements in the state in which the instructor is licensed shall be substantially equivalent to  
12 those required in this State and that the applicant shall be licensed by the Board to practice in the  
13 area in which the applicant is licensed to teach.

14 **"§ 86B-15. Licensing of barbershops.**

15           (a) The Board shall issue a license to operate a barbershop to any applicant who submits  
16 a properly completed application on a form approved by the Board, pays the required fee, and is  
17 determined, after inspection, to be in compliance with the provisions of this Chapter and the  
18 Board's rules. The Board may renew licenses that have lapsed after the barbershop has been  
19 inspected and all renewal and late fees have been paid.

20           (b) A license to operate a barbershop shall not be transferable from one location to  
21 another or from one owner to another.

22           (c) A barbershop shall be allowed to operate for a period of 30 days while the Board  
23 inspects and determines the shop's compliance with this Chapter and the Board's rules. If the  
24 Board is unable to complete the inspection within 30 days, the shop will be authorized to operate  
25 until such an inspection can be completed.

26           (d) A registered barbershop shall not be permitted to operate in a location licensed as a  
27 barber school.

28 **"§ 86B-16. Practice outside barbershops.**

29           Notwithstanding any provision in this Chapter to the contrary, an individual licensed under  
30 this Chapter may visit the residences of individuals who are sick or disabled and confined to their  
31 places of residence in order to attend to their barbering needs. A licensed individual may also  
32 visit hospitals, nursing homes, rest homes, retirement homes, mental institutions, correctional  
33 facilities, funeral homes, and similar institutions to attend to the barbering needs of those in these  
34 institutions.

35 **"§ 86B-17. Licensing and regulation of barber schools.**

36           (a) The Board shall issue a license to any barber school that submits a properly completed  
37 application on a form approved by the Board, pays the required license fee, and is determined by  
38 the Board, after inspection, to be in compliance with the provisions of this Chapter and the  
39 Board's rules. The Board may renew licenses that have lapsed after the barber school has been  
40 inspected and all renewal and late fees have been paid.

41           (b) No person may open, reopen, or operate a barber school before the Board has  
42 approved a license for the school. The Board shall not issue a license before a barber school has  
43 been inspected and determined to be in compliance with the provisions of this Chapter and the  
44 Board's rules.

45           (c) Barber schools located in this State shall be licensed by the Board before any credit  
46 may be given for curriculum hours taken in the school. The Board may establish standards for  
47 approving hours from schools in other states that are licensed.

48           (d) A registered barber school shall not be permitted to operate in a location licensed as  
49 a barbershop.

50 **"§ 86B-18. Bond required for private barber schools.**

1        (a) Each private barber school shall provide a guaranty bond unless the school has already  
2 provided a bond or an alternative to a bond under G.S. 115D-95. The Board may restrict, suspend,  
3 revoke, or refuse to renew or reinstate the license of a school that fails to maintain a bond or an  
4 alternative to a bond pursuant to this section or G.S. 115D-95. A school shall provide a copy of  
5 the bond letter or other guarantee authorized by this section to the Board.

6        (b) A guaranty bond obtained pursuant to this section shall meet all of the following  
7 criteria:

8            (1) The applicant shall file the guaranty bond with the clerk of superior court in  
9 the county in which the school is located. The bond shall be in favor of the  
10 students. The bond shall be executed by the applicant as principal and by a  
11 bonding company authorized to do business in this State. The bond shall be  
12 conditioned to provide indemnification to any student or the student's parent  
13 or guardian who has suffered loss of tuition or any fees by reason of the failure  
14 of the school to offer or complete student instruction, academic services, or  
15 other goods and services as related to course enrollment for any reason,  
16 including suspension, revocation, or nonrenewal of a school's approval,  
17 bankruptcy, foreclosure, or the school's ceasing to operate.

18            (2) The bond amount shall be at least equal to the maximum amount of prepaid  
19 tuition held at any time by the school during the last fiscal year, but in no case  
20 shall be less than ten thousand dollars (\$10,000). Each application for license  
21 or license renewal shall include a letter signed by an authorized representative  
22 of the school showing the calculations made and the method of computing the  
23 amount of the bond in accordance with rules prescribed by the Board. If the  
24 Board finds that the calculations made and the method of computing the  
25 amount of the bond are inaccurate or that the amount of the bond is otherwise  
26 inadequate to provide indemnification under the terms of the bond, the Board  
27 may require the applicant to provide an additional bond.

28            (3) The bond shall remain in force and effect until canceled by the guarantor. The  
29 guarantor may cancel the bond upon 30 days' notice to the Board. Cancellation  
30 of the bond shall not affect any liability incurred or accrued prior to the  
31 termination of the notice period.

32        (c) An applicant who is unable to secure a bond may seek from the Board a waiver of the  
33 guaranty bond requirement and approval of one of the guaranty bond alternatives set forth in this  
34 subsection. With the approval of the Board, an applicant may file one of the following instead of  
35 a bond with the clerk of court in the county in which the school is located:

36            (1) An assignment of a savings account in an amount equal to the bond required  
37 that is in a form acceptable to the Board and is executed by the applicant and  
38 a state or federal savings and loan association, state bank, or national bank  
39 that is doing business in this State and whose accounts are insured by a federal  
40 depositor's corporation, and access to the account is subject to the same  
41 conditions as those for a bond in subsection (b) of this section.

42            (2) A certificate of deposit that is executed by a state or federal savings and loan  
43 association, state bank, or national bank that is doing business in this State and  
44 whose accounts are insured by a federal depositor's corporation, and access to  
45 the certificate of deposit is subject to the same conditions as those for a bond  
46 in subsection (b) of this section.

47 **"§ 86B-19. Requirements for certification as a Board-approved school of electrology.**

48        (a) Any school in this State or another state that desires to be certified as a  
49 Board-approved school of electrology shall:

50            (1) Submit an application on a form approved by the Board;

5           practical course of their studies;

9           (5)    Submit a certified copy of the school manual of instruction;  
10          (6)    Submit the names and qualifications of the instructors certified in accordance  
11          with G.S. 86B-11; and  
12          (7)    Any additional information the Board may require.  
13          (b)    When the Board determines that an applicant has met all the qualifications for  
14          certification as a Board-approved school of electrology and has submitted the required fee, the  
15          Board shall issue a certificate to the applicant.  
16          (c)    A school's certification is only valid for the location named in the application. When  
17          a school desires to change locations, an application shall be submitted to the Board on a form  
18          furnished by the Board and the fee shall be paid for certificate renewal.  
19          (d)    A school's certification is not transferrable. Schools must immediately notify the  
20          Board in writing of any sale, transfer, or change in ownership or management.  
21          (e)    Every school shall display its certification in a manner prescribed by the Board.  
22          (f)    All epilators used in the school must be approved by the federal Food and Drug  
23          Administration.

24          **§ 86B-20. Requirements for certification as a Board-approved school of laser, light source,**  
25          **or pulsed-light treatments.**

- 26          (a)    Any school in this State or another state that desires to be certified as a  
27          Board-approved school of laser, light source, or pulsed-light treatments shall:  
28               (1)    Submit an application on a form approved by the Board;  
29               (2)    Submit a detailed projected floor plan of the institutional area demonstrating  
30               adequate school facilities to accommodate students for purposes of lectures,  
31               classroom instruction, and practical demonstration;  
32               (3)    Submit a detailed list of the equipment to be used by the students in the  
33               practical course of their studies;  
34               (4)    Submit a copy of the planned laser, light source, or pulsed-light curriculum  
35               consisting of the number of hours and subject matter determined by the Board,  
36               provided that the number of hours required shall not be less than 30 hours  
37               pursuant to rules adopted by the Board;  
38               (5)    Submit a certified copy of the school manual of instruction;  
39               (6)    Submit the names and qualifications of the instructors certified; and  
40               (7)    Submit any additional information the Board may require.  
41          (b)    When the Board determines that an applicant has met all the qualifications for  
42          certification as a Board-approved school of laser, light source, or pulsed-light treatments and has  
43          submitted the required fee, the Board shall issue a certificate to the applicant.  
44          (c)    A school's certification is only valid for the location named in the application. When  
45          a school desires to change locations, an application shall be submitted to the Board on a form  
46          furnished by the Board, and the fee shall be paid for certificate renewal.  
47          (d)    A school's certification is not transferable. Schools shall immediately notify the Board  
48          in writing of any sale, transfer, or change in ownership or management.  
49          (e)    Every school shall display its certification in a manner prescribed by the Board.  
50          (f)    All laser, light source, or pulsed-light devices used in the school shall be approved by  
51          the federal Food and Drug Administration.

**"§ 86B-21. Barber Examinations.**

(a) The Board shall conduct examinations of applicants for certificates of registration to practice as registered barbers and registered apprentices, not less than four times each year, at such times and places as will prove most convenient and as the Board may determine. The Board may adopt rules establishing procedures for the administration of examinations.

(b) An applicant shall make application and submit the examination fee to the Board for examination on forms prepared by the Board. Applications for examination must be filed no later than 30 days before the examination is held. An applicant for a licensure who fails to pass the examination three times may not reapply to take the examination again until after the applicant has successfully completed any additional requirements prescribed by the Board. The Board may establish additional guidelines related to the examination of persons who completed coursework greater than five years prior to submitting an application for examination.

**"§ 86B-22. Sanitary rules and regulations; inspections.**

(a) The Board shall adopt rules establishing sanitary rules applicable to licensees under this Chapter for the following categories:

(1) The provision of proper facilities, to include the following conditions:

a. The location and construction of buildings and structures where barbering, electrolysis, or laser, light source, or pulsed-light treatment service is rendered.

b. The layout of areas where barbering, electrolysis, or laser, light source, or pulsed-light treatment service is rendered or where a combination of barbering, electrolysis, and laser, light source, and pulsed-light treatment service is rendered to ensure proper separation of functions.

c. The minimum sanitary conditions for walls, floors, and fixtures, including tanks and lavatories.

d. The provision and location of sinks and running water, hot and cold, to enable proper handwashing, and the provision of proper drainage for the facility.

e. The compliance with applicable building and fire codes and regulations.

(2) The use of equipment, material, and instruments, to include the following conditions:

a. The standards for use, storage, cleaning, and sterilization of combs, hairbrushes, lather brushes, mugs, razors, tweezers, combs, and contact cups or pads.

b. The standards for construction, sanitary preparation, and cleanup of chairs, receptacles, workstations, and other surfaces.

c. The standards for storing, providing, handling, and laundering clean towels or linens for each patron.

d. The standards for proper use and cleaning of hair cloths and other protective material to prevent the hair cloth from touching the skin of the patron.

e. The standards for proper hygiene and handwashing prior to contact with each patron.

f. The standards for serving patrons with an infectious or communicable disease.

g. The standards for obtaining appropriate health certification for shampooing.

(b) The Board shall adopt rules (i) prohibiting the use of commercial chemicals of unknown content by persons licensed under this Chapter and (ii) instructing persons registered under this Chapter in the proper use and application of commercial chemicals where no

1 manufacturer's instructions are included. For purposes of this subsection, "commercial  
2 chemicals" are those products sold only through beauty and barber supply houses and not  
3 available to the general public.

4 (c) Electrolysis shall be practiced by a licensed person only in a permanent establishment,  
5 referred to in this Chapter as an office. The Board shall adopt reasonable rules and regulations  
6 concerning the sanitation standards, equipment, and supplies to be used and observed in offices.

7 (d) All schools and facilities where barbering, electrolysis, or laser, light source, or  
8 pulsed-light treatment service is rendered shall be open for inspection at all times during business  
9 hours to any members of the Board or its agents or assistants to determine compliance with the  
10 provisions of this Chapter. Initial inspections conducted by the Board pursuant to this Chapter  
11 shall not be delayed if the sole reason for delay is the lack of a certificate of occupancy by a unit  
12 of local government. A copy of the sanitary rules set out in this section shall be furnished by the  
13 Board to the owner or manager of each school, facility, or any other place where barbering,  
14 electrolysis, or laser, light source, or pulsed-light treatment service is rendered in the State and  
15 shall be posted in a conspicuous place.

16 **"§ 86B-23. Renewal requirements; expired licenses; inactive status.**

17 (a) Each license issued pursuant to this Chapter shall be renewed as follows:

18 (1) Barbers. – Any license not renewed by May 31 of each year shall expire and  
19 a late fee shall be charged for renewal.

20 (2) Electrologists and laser hair practitioners. – Every electrologist license or laser  
21 hair practitioner license issued pursuant to this Chapter must be renewed  
22 annually. On or before the date the current license expires, a person who  
23 desires to continue to practice electrology or as a laser hair practitioner shall  
24 apply for license renewal to the Board on forms approved by the Board,  
25 provide evidence of the successful completion of a continuing educational  
26 program approved by the Board, meet the criteria for renewal established by  
27 the Board, and pay the required fee. The Board may provide for the late  
28 renewal of licensure upon payment of a late fee as set by the Board, but late  
29 renewal may not be granted more than 90 days after expiration of the license.  
30 Any person who has failed to renew his or her license for more than 90 days  
31 after expiration may have it reinstated by applying to the Board for  
32 reinstatement on a form approved by the Board, furnishing a statement of the  
33 reason for failure to apply for renewal prior to the deadline, and paying the  
34 required fee. The Board may require evidence of competency to resume  
35 practice before reinstating the applicant's license.

36 (3) Schools of electrology and schools of laser, light source, and pulsed-light  
37 treatments. – Every certificate for a school of electrology or a school of laser,  
38 light source, and pulsed-light treatment shall be renewed annually. On or  
39 before the date the current certificate expires, the applicant must submit an  
40 application for renewal of certification on a form approved by the Board, meet  
41 criteria for renewal established by the Board, and pay the required fee. Failure  
42 to renew the certificate within 90 days after the expiration date shall result in  
43 automatic forfeiture of any certification issued pursuant to this Chapter.

44 (4) Electrology or laser hair practitioner instructors. – An electrology or laser hair  
45 practitioner instructor's license shall be renewed annually. On or before the  
46 date the current license expires, the applicant must submit an application for  
47 renewal of licensure on a form approved by the Board, meet criteria for  
48 renewal established by the Board, and pay the required fee. Any person whose  
49 instructor's license has expired for a period of three years or more shall be  
50 required to take and pass the instructor's examination before the license can  
51 be renewed.

1        (b) The Board may charge renewal and late fees pursuant to G.S. 86B-30 and  
2 G.S. 86B-31 and may establish rules for continuing education requirements for licensees under  
3 this Chapter seeking renewal; provided, however, that no member of the Board may offer  
4 continuing education courses. The Board may also establish rules requiring the submission of a  
5 health certificate on a form to be provided by the Board.

6        (c) If a licensee under this Chapter fails to renew their license within five years following  
7 the expiration date, the licensee shall be required to pass an examination as prescribed by the  
8 Board before the license will be reinstated; provided, however, that no apprenticeship  
9 requirement shall be required.

10       (d) Upon request by a licensee for inactive status, the Board may place the licensee's  
11 name on the inactive list so long as the licensee is in good standing with the Board. An inactive  
12 licensee is not required to complete continuing education requirements. An inactive licensee shall  
13 not practice within their licensed trade for consideration. However, the inactive licensee may  
14 continue to purchase supplies as accorded an active licensee. When the inactive licensee desires  
15 to be removed from the inactive list and return to active practice, the inactive licensee shall notify  
16 the Board of the desire to return to active status and pay the required fee as determined by the  
17 Board. As a condition of returning to active status, the Board may require the licensee to complete  
18 continuing education pursuant to subsection (b) of this section.

19       (e) All persons serving in the Armed Forces of the United States and persons whose  
20 licenses as a barber, electrologist, or laser hair practitioner were in force one year prior to entering  
21 service may, without taking the required examination, renew their licensure within 90 days after  
22 receiving a discharge under honorable conditions by paying the current annual license fee and  
23 furnishing the Board with any necessary additional information or documentation.

24 **"§ 86B-24. Revocation of licenses and other disciplinary measures.**

25       (a) The Board may restrict, suspend, revoke, or refuse to issue, renew, or reinstate any  
26 license for any of the following:

- 27            (1) Gross malpractice or gross incompetency as determined by the Board.
- 28            (2) Advertising by means of knowingly false or deceptive statements.
- 29            (3) Practicing or permitting any individual under one's employ to practice  
30 barbering, electrolysis, or laser, light source, or pulsed-light treatment without  
31 a license or temporary employment permit, with an expired license or  
32 temporary employment permit, or with an invalid license or temporary  
33 employment permit.
- 34            (4) Obtaining or attempting to obtain a license for money or other thing of value  
35 other than the required fee or by fraudulent misrepresentation.
- 36            (5) Practicing or attempting to practice by fraudulent misrepresentation.
- 37            (6) Willful failure to display a certificate of license as required by this Chapter.
- 38            (7) Continued practice by a person knowingly having an infectious or contagious  
39 disease after being warned in writing by the Board to cease practice.
- 40            (8) Continued violation of any one or more of the sanitary rules and regulations  
41 established by the Board or by statute.
- 42            (9) Willful violation of the rules adopted by the Board.

43       (b) The Board may also restrict, suspend, revoke, or refuse to issue, renew, or reinstate  
44 any license upon conviction of a felony shown by certified copy of the record of the court of  
45 conviction. Prior to taking action against a licensee for a felony conviction, the Board shall  
46 consider all of the following factors regarding the conviction:

- 47            (1) The level of seriousness of the crime.
- 48            (2) The date of the crime.
- 49            (3) The age of the person at the time of conviction.
- 50            (4) The circumstances surrounding the commission of the crime, if known.

1           (5)    The nexus between the criminal conduct of the person and the duties of the  
2                licensee.

3           (6)    The person's prison, jail, probation, parole, rehabilitation, and employment  
4                records since the date the crime was committed.

5           (c)    The Board may not restrict, suspend, revoke, or refuse to issue, renew, or reinstate a  
6                license except in accordance with its rules and the provisions of Chapter 150B of the General  
7                Statutes.

8           (d)    The Board shall keep a record of its proceedings relating to the issuance, renewal,  
9                denial, restriction, suspension, and revocation of licenses. This record shall also contain each  
10              licensee's name, address, license number, and the date the license was issued.

11    **"§ 86B-25. Misdemeanors.**

12           Each of the following acts constitutes a Class 3 misdemeanor:

13           (1)    Violation of any of the provisions of G.S. 86B-26.

15                G.S. 86B-24(a).

16    **"§ 86B-26. Licenses required.**

17           (a)    Except as provided in this Chapter, no person may practice or attempt to practice  
18                barbering, electrolysis, or laser, light source, or pulsed-light treatments for pay or reward in any  
19                form, either directly or indirectly, without being licensed by the Board pursuant to this Chapter.  
20                An individual licensed by the Board for a particular specialty may practice only that part of  
21                barbering, electrolysis, or laser, light source, or pulsed-light treatments for which the individual  
22                is licensed.

23           (b)    Except as provided in this Chapter, no person may open or operate a barbershop, or  
24                electrologist or laser hair practitioner office, or practice barbering, electrolysis, or laser, light  
25                source, or pulsed-light treatments in any form, for pay or reward in any form, either directly or  
26                indirectly, outside of a facility licensed by the Board pursuant to this Chapter.

27           (c)    No person may teach barbering, electrolysis, or laser, light source, or pulsed-light  
28                treatments in a Board-approved school unless the person is an instructor licensed pursuant to this  
29                Chapter. A guest lecturer may be exempt from the requirements of this subsection upon approval  
30                by the Board.

31           (d)    An apprentice licensed under the provisions of this Chapter shall apprentice under the  
32                supervision of a registered barber or the supervision of an electrologist or laser hair practitioner,  
33                as appropriate. An apprentice shall not operate a barbershop or an electrologist or laser hair  
34                practitioner office.

35           (e)    Nothing in this Chapter shall be construed to prohibit a member of a family from  
36                practicing barbering, electrolysis, or laser, light source, or pulsed-light treatments on a family  
37                member. For purposes of this subsection, a "family member" means a spouse, brother, sister,  
38                parent, grandparent, child, grandchild, mother-in-law, father-in-law, daughter-in-law,  
39                son-in-law, stepparent, or stepchild.

40           (f)    Every person licensed under this Chapter shall display the license issued by the Board  
41                in the location in which the person works. Every license to operate a barbershop, electrologist or  
42                laser hair practitioner office, barber school, or electrologist or laser hair practitioner school shall  
43                be conspicuously posted in the location for which it is issued.

44    **"§ 86B-27. Enjoining illegal practices.**

45           The Board, the Department of Health and Human Services, or any county or district health  
46                director may apply to the superior court for an injunction to restrain any person from violating  
47                the provisions of this Chapter or the Board's rules. Actions under this section shall be brought in  
48                the county where the defendant resides or maintains the defendant's principal place of business  
49                or where the alleged acts occurred.

50    **"§ 86B-28. Civil penalties; disciplinary costs.**

1 (a) The Board may assess a civil penalty not in excess of five hundred dollars (\$500.00)  
2 per offense for the violation of any section of this Chapter or the violation of any rules adopted  
3 by the Board. The clear proceeds of any civil penalty assessed under this section shall be remitted  
4 to the Civil Penalty and Forfeiture Fund in accordance with G.S. 115C-457.2.

5 (b) Before imposing and assessing a civil penalty, the Board shall consider the following  
6 factors:

- 7 (1) The nature, gravity, and persistence of the particular violation.
- 8 (2) The appropriateness of the imposition of a civil penalty when considered alone  
9 or in combination with other punishment.
- 10 (3) Whether the violation was willful and malicious.
- 11 (4) Any other factors that would tend to mitigate or aggravate the violations found  
12 to exist.

13 (c) The Board shall establish a schedule of civil penalties for violations of this Chapter
