The General Assembly of North Carolina enacts:

PURCHASING OF CERTAIN INMATE MEDICATIONS

SECTION 1.(a) The Legislative Services Commission through the Legislative Services Office shall contract for a consultant with expertise in the United States Health Resources and Services Administration (HRSA) 340B program to prepare a proposal for the HRSA-compliant purchasing of inmate medications through a Disproportionate Share Hospital (DSH), including, but not limited to, the University of North Carolina Health Care System (UNCHCS). In developing the proposal, UNCHCS and the Department of Public Safety, Health Services Section (DPS Health Services), shall provide the consultant any data or documents determined necessary by the consultant to prepare the proposal. The proposal shall include, but not be limited to, mechanisms for the purchasing of drugs for treating HIV/AIDS, Hepatitis C, cancer, neurological conditions, rheumatic diseases, and other costly medical conditions. In addition, the proposal shall include methods to implement purchasing using (i) a DSH's current on- or off-site clinics, (ii) current DPS clinics, and (iii) telemedicine. The consultant shall submit the proposal, including any proposed legislation necessary for implementation, to the Legislative Services Office and the Joint Legislative Oversight Committee on Justice and Public Safety on or before May 1, 2019.

SECTION 1.(b) Of the funds appropriated in Section 36.2(a) of S.L. 2018-5 to the General Assembly Legislative Services Office to develop a State Government Facilities Master Plan, up to twenty-five thousand dollars (\$25,000) shall be used to provide for the costs associated with contracting with the consultant described in Section 1(a) of this act.

REVISION TO MEDICATION ADMINISTRATION PROTOCOL

SECTION 2. The DPS Health Services Section shall revise its policies and procedures to reflect that any supply of a prescription for the treatment of conditions other than HIV with a per-supply value of one thousand dollars (\$1,000) or more be designated as Direct Observation Therapy. The Department shall report to the Joint Legislative Oversight Committee on Justice and Public Safety by October 1, 2019, regarding the revised policies and procedures.

6 (1) A mechanism to easily summarize medication losses across all identified
7 reasons for the loss.

8 (2) Information on the prison from which an inmate was transferred.

9 (3) Identification of custody officials involved in the transfer.

10 (b) The Department shall develop internal controls related to the oversight of medications
11 lost during inmate transfers based on the data collected under subsection (a) of this section. In
12 addition, the Department's Internal Audit unit shall establish an internal oversight function to
13 investigate any medication losses valued at greater than two hundred dollars (\$200.00).

14 (c) The Department shall also establish disciplinary actions for staff who are found to be
