10 **REMOVE REFERENCES TO RECREATIONAL VEHICLES IN ARTICLE 12 OF**

12 **SECTION 1.(a)** G.S. 20-286(10) reads as rewritten:

13 "(10) Motor vehicle. – Any motor propelled vehicle, trailer or semitrailer, required  
14 to be registered under the laws of this State. This term does not include

16 recreational vehicles, as defined in Article 19 of this Chapter.

18 **SECTION 1.(b)** G.S. 20-292 reads as rewritten:

19 "**§ 20-292. Dealers may display motor vehicles for sale at retail only at established**  
20 **salesrooms.**

21 A new or used motor vehicle dealer may display a motor vehicle for sale at retail only at the  
22 dealer's established salesroom, unless the display is of a motor vehicle that meets any of the  
23 following descriptions:

- 24 (1) Contains the dealer's name or other sales information and is used by the dealer  
25 as a "demonstrator" for transportation purposes.  
26 (2) Is displayed at a trade show or exhibit at which no selling activities relating to  
27 the vehicle take place.  
28 (3) Is displayed at the home or place of business of a customer at the request of  
29 the customer.

30 This section does not apply to ~~recreational vehicles, house trailers, or boat, animal, camping, or~~  
31 ~~other utility trailers.~~"

32 **SECTION 1.(c)** G.S. 20-305(6) reads as rewritten:

33 "(6) Notwithstanding the terms, provisions or conditions of any franchise or  
34 notwithstanding the terms or provisions of any waiver, to terminate, cancel or  
35 fail to renew any franchise with a licensed new motor vehicle dealer unless  
36 the manufacturer has satisfied the notice requirements of sub-subdivision c.

1 of this subdivision and the Commissioner has determined, if requested in  
2 writing by the dealer within (i) the time period specified in  
3 G.S. 20-305(6)c.1.II., III., or IV., as applicable, or (ii) the effective date of the  
4 franchise termination specified or proposed by the manufacturer in the notice  
5 of termination, whichever period of time is longer, and after a hearing on the  
6 matter, that there is good cause for the termination, cancellation, or  
7 nonrenewal of the franchise and that the manufacturer has acted in good faith  
8 as defined in this act regarding the termination, cancellation or nonrenewal.  
9 When such a petition is made to the Commissioner by a dealer for  
10 determination as to the existence of good cause and good faith for the  
11 termination, cancellation or nonrenewal of a franchise, the Commissioner  
12 shall promptly inform the manufacturer that a timely petition has been filed,  
13 and the franchise in question shall continue in effect pending the  
14 Commissioner's decision. The Commissioner shall try to conduct the hearing  
15 and render a final determination within 180 days after a petition has been filed.  
16 If the termination, cancellation or nonrenewal is pursuant to  
17 G.S. 20-305(6)c.1.III. then the Commissioner shall give the proceeding  
18 priority consideration and shall try to render his final determination no later  
19 than 90 days after the petition has been filed. Any parties to a hearing by the  
20 Commissioner under this section shall have a right of review of the decision  
21 in a court of competent jurisdiction pursuant to Chapter 150B of the General  
22 Statutes. Any determination of the Commissioner under this section finding  
23 that good cause exists for the nonrenewal, cancellation, or termination of any  
24 franchise shall automatically be stayed during any period that the affected  
25 dealer shall have the right to judicial review or appeal of the determination  
26 before the superior court or any other appellate court and during the pendency  
27 of any appeal; provided, however, that within 30 days of entry of the  
28 Commissioner's order, the affected dealer provide such security as the  
29 reviewing court, in its discretion, may deem appropriate for payment of such  
30 costs and damages as may be incurred or sustained by the manufacturer by  
31 reason of and during the pendency of the stay. Although the right of the  
32 affected dealer to such stay is automatic, the procedure for providing such  
33 security and for the award of damages, if any, to the manufacturer upon  
34 dissolution of the stay shall be in accordance with G.S. 1A-1, Rule 65(d) and  
35 (e). No such security provided by or on behalf of any affected dealer shall be  
36 forfeited or damages awarded against a dealer who obtains a stay under this  
37 subdivision in the event the ownership of the affected dealership is  
38 subsequently transferred, sold, or assigned to a third party in accordance with  
39 this subdivision or subdivision (4) of this section and the closing on such  
40 transfer, sale, or assignment occurs no later than 180 days after the date of  
41 entry of the Commissioner's order. Furthermore, unless and until the  
42 termination, cancellation, or nonrenewal of a dealer's franchise shall finally  
43 become effective, in light of any stay or any order of the Commissioner  
44 determining that good cause exists for the termination, cancellation, or  
45 nonrenewal of a dealer's franchise as provided in this subdivision, a dealer  
46 who receives a notice of termination, cancellation, or nonrenewal from a  
47 manufacturer as provided in this subdivision shall continue to have the same  
48 rights to assign, sell, or transfer the franchise to a third party under the  
49 franchise and as permitted under G.S. 20-305(4) as if notice of the termination  
50 had not been given by the manufacturer. Any franchise under notice or threat  
51 of termination, cancellation, or nonrenewal by the manufacturer which is duly

transferred in accordance with G.S. 20-305(4) shall not be subject to termination by reason of failure of performance or breaches of the franchise on the part of the transferor.

...

d. Payments.

1. Notwithstanding the terms of any franchise, agreement, or waiver, upon the termination, nonrenewal or cancellation of any franchise by the manufacturer or distributor, the cessation of business or the termination, nonrenewal, or cancellation of any franchise by any new motor vehicle dealer located in this State, or upon any of the occurrences set forth in G.S. 20-305(6)c.1.IV., the manufacturer or distributor shall purchase from and compensate the new motor vehicle dealer for all of the following:

I. Each new and unsold motor vehicle within the new motor vehicle dealer's inventory that has been acquired within 24 months of the effective date of the termination from the manufacturer or distributor or another same line-make dealer in the ordinary course of business, and which has not been substantially altered or damaged to the prejudice of the manufacturer or distributor while in the new motor vehicle dealer's possession, and which has been driven less than 1,000 miles or, for purposes of a recreational vehicle motor home as defined in G.S. 20-4.01(32b)c., less than 1,500 miles following the original date of delivery to the dealer, and for which no certificate of title has been issued. For purposes of this sub-subdivision, the term "ordinary course of business" shall include inventory transfers of all new, same line-make vehicles between affiliated dealerships, or otherwise between dealerships having common or interrelated ownership, provided that the transfer is not intended solely for the purpose of benefiting from the termination assistance described in this sub-subdivision.

...

f. The provisions of sub-subdivision e. above shall not be applicable when the termination, nonrenewal, or cancellation of the franchise agreement by a new motor vehicle dealer is the result of the sale of assets or stock of the motor vehicle dealership. ~~The provisions of sub-subdivisions d. and e. above shall not be applicable when the termination, nonrenewal, or cancellation of the franchise agreement is at the initiation of a new motor vehicle dealer of recreational vehicle motor homes, as defined in G.S. 20-4.01(32b)c., provided that at the time of the termination, nonrenewal, or cancellation, the recreational vehicle manufacturer or distributor has paid to the dealer all claims for warranty or recall work, including payments for labor, parts, and other expenses, which were submitted by the dealer 30 days or more prior to the date of termination, nonrenewal, or cancellation.~~

...."

SECTION 1.(d) G.S. 20-305.1 reads as rewritten:

1 **"§ 20-305.1. Automobile dealer warranty and recall obligations.**

2 ...

3 (b) Notwithstanding the terms of any franchise agreement, it is unlawful for any motor  
 4 vehicle manufacturer, factory branch, distributor, or distributor branch to fail to perform any of  
 5 its warranty or recall obligations with respect to a motor vehicle, to fail to fully compensate its  
 6 motor vehicle dealers licensed in this State for a qualifying used motor vehicle pursuant to  
 7 subsections (i) and (j) of this section or warranty and recall parts ~~other than parts used to repair~~  
 8 ~~the living facilities of recreational vehicles, including motor homes, travel trailers, fifth wheel~~  
 9 ~~trailers, camping trailers, and truck campers as defined in G.S. 20-4.01(32b), at the prevailing~~  
 10 retail rate according to the factors in subsection (a) of this section, or, in service in accordance  
 11 with the schedule of compensation provided the dealer pursuant to subsection (a) of this section,  
 12 or to otherwise recover all or any portion of its costs for compensating its motor vehicle dealers  
 13 licensed in this State for warranty or recall parts and service or for payments for a qualifying  
 14 used motor vehicle pursuant to subsections (i) and (j) of this section either by reduction in the  
 15 amount due to the dealer, or by separate charge, surcharge, or other imposition, and to fail to  
 16 indemnify and hold harmless its franchised dealers licensed in this State against any judgment  
 17 for damages or settlements agreed to by the manufacturer, including, but not limited to, court  
 18 costs and reasonable attorneys' fees of the motor vehicle dealer, arising out of complaints, claims  
 19 or lawsuits including, but not limited to, strict liability, negligence, misrepresentation, express or  
 20 implied warranty, or rescission or revocation of acceptance of the sale of a motor vehicle as defined  
 21 in G.S. 25-2-608, to the extent that the judgment or settlement relates to the alleged defective  
 22 negligent manufacture, assembly or design of new motor vehicles, parts or accessories or other  
 23 functions by the manufacturer, factory branch, distributor or distributor branch, beyond the  
 24 control of the dealer. Any audit for warranty or recall parts or service compensation, or  
 25 compensation for a qualifying used motor vehicle in accordance with subsections (i) and (j) of  
 26 this section shall only be for the 12-month period immediately following the date of the payment  
 27 of the claim by the manufacturer, factory branch, distributor, or distributor branch. Any audit for  
 28 sales incentives, service incentives, rebates, or other forms of incentive compensation shall only  
 29 be for the 12-month period immediately following the date of the payment of the claim by the  
 30 manufacturer, factory branch, distributor, or distributor branch pursuant to a sales incentives  
 31 program, service incentives program, rebate program, or other form of incentive compensation  
 32 program. Provided, however, these limitations shall not be effective in the case of fraudulent  
 33 claims.

34 ...

35 (j) Definitions – The following definitions apply in this section:

36 ...

37 Nothing in this subsection shall be construed as excluding from the definition of a qualifying  
 38 used motor vehicle a motor vehicle on which a previously issued notice of recall or a stop-sale  
 39 or do-not-drive order remains in effect as of the effective date of this subsection, or a motor  
 40 vehicle that becomes subject to a notice of recall or a stop-sale or do-not drive order on or after  
 41 the effective date of this subsection, provided that the motor vehicle otherwise meets the criteria  
 42 for a qualifying used motor vehicle. ~~Subsections (i) and (j) of this section shall not be applicable~~  
 43 ~~to any manufacturer, factory branch, distributor, or distributor branch that manufactures or~~  
 44 ~~distributes recreational vehicles.~~

45 ...."

46 **SECTION 1.(e)** G.S. 20-305.2(a)(7) is repealed.

47 **SECTION 1.(f)** G.S. 20-305.2(b) reads as rewritten:

48 "(b) Subsection (a) of this section does not apply to manufacturers or distributors of trailers  
 49 or semitrailers that are not recreational vehicles as defined in G.S. 20-4.01-semitrailers."

50 **SECTION 1.(g)** G.S. 20-305.5 reads as rewritten:

1 ~~"§ 20-305.5. Recreational vehicle manufacturer warranty recall obligations.~~Certain  
2 provisions not applicable to dealers in mobile or manufactured type housing.

3 (a) ~~It is unlawful for any manufacturer, factory branch, distributor, or distributor branch~~  
4 ~~that manufactures or distributes recreational vehicles to fail to fully compensate its dealers~~  
5 ~~located in this State in accordance with this section for warranty or recall work performed by the~~  
6 ~~dealers related to the living facilities of the vehicle, including all labor and parts used to repair~~  
7 ~~such living facilities and any equipment, plumbing, appliances, and other options included by the~~  
8 ~~manufacturer, factory branch, distributor, or distributor branch in the purchase price paid by the~~  
9 ~~dealer for the vehicle. For purposes of this section, the term "recreational vehicle" includes motor~~  
10 ~~homes, travel trailers, fifth wheel trailers, camping trailers, and truck campers as defined by~~  
11 ~~G.S. 20-4.01(32b). With respect to those portions of the living facilities of recreational vehicles~~  
12 ~~and any equipment, plumbing, appliances, and other options that are part of such living facilities~~  
13 ~~and that are included by the recreational vehicle manufacturer, factory branch, distributor, or~~  
14 ~~distributor branch in the purchase price paid by the dealer for the vehicle, the term "warrantor"~~  
15 ~~shall mean any manufacturer or distributor of such living facilities or any equipment, plumbing,~~  
16 ~~appliances, and other options that are part of such living facilities that offers a warranty in writing~~  
17 ~~to either the recreational vehicle dealer or to the ultimate purchaser of the recreational vehicle.~~  
18 ~~The term "warrantor" does not include a person that provides a service contract, mechanical or~~  
19 ~~other insurance, or an extended warranty sold for separate consideration by a dealer or other~~  
20 ~~person not controlled by a warrantor. Notwithstanding the terms or conditions of any contract or~~  
21 ~~agreement, it is unlawful for any recreational vehicle manufacturer, factory branch, distributor,~~  
22 ~~or distributor branch to fail to fully and timely compensate any of its franchised recreational~~  
23 ~~vehicle dealers located in this State in accordance with this section for all parts and labor used~~  
24 ~~by such franchised dealers in making warranty or recall repairs to such living facilities of~~  
25 ~~recreational vehicles, including any equipment, plumbing, appliances, and other options included~~  
26 ~~by the recreational vehicle manufacturer, factory branch, distributor, or distributor branch in the~~  
27 ~~purchase price paid by the dealer for the vehicle, to the extent that the individual components of~~  
28 ~~such living facilities are not separately warranted by the manufacturers or distributors of such~~  
29 ~~components. Notwithstanding the terms or conditions of any warranty, contract, or agreement, it~~  
30 ~~is unlawful for any warrantor, as defined in this subdivision, to fail to fully and timely compensate~~  
31 ~~any franchised recreational vehicle dealer located in this State in accordance with this section for~~  
32 ~~all parts and labor used by such franchised recreational vehicle dealer in making warranty or~~  
33 ~~recall repairs to any component parts of the living facilities of recreational vehicles manufactured~~  
34 ~~or distributed by such warrantor, including any equipment, plumbing, appliances, and other~~  
35 ~~options included by a recreational vehicle manufacturer, factory branch, distributor, or distributor~~  
36 ~~branch in the purchase price paid by the dealer for the vehicle.~~

37 (b) ~~Each warrantor as defined in this subdivision and each recreational vehicle~~  
38 ~~manufacturer, factory branch, distributor, and distributor branch that sells or distributes~~  
39 ~~recreational vehicles in this State shall specify in writing to each recreational vehicle dealer~~  
40 ~~licensed in this State who sells products manufactured or distributed by such warrantor or such~~  
41 ~~recreational vehicle manufacturer, factory branch, distributor, or distributor branch, the~~  
42 ~~recreational vehicle dealer's obligations for preparation, delivery, and warranty and recall service~~  
43 ~~on its products, the schedule of compensation to be paid such dealers for parts, work, and service~~  
44 ~~in connection with warranty or recall service, and the time allowances for the performance of~~  
45 ~~such work and service. In no event shall such schedule of compensation fail to include reasonable~~  
46 ~~compensation for diagnostic work and associated administrative requirements as well as repair~~  
47 ~~service, labor, and transportation provided by the dealer to transport a recreational vehicle to and~~  
48 ~~from a location at which the repairs can be made. Provided, however, that with respect to~~  
49 ~~reimbursement for a recreational vehicle dealer's transportation expenses, the dealer is required~~  
50 ~~to obtain the prior written authorization of the affected warrantor before incurring any~~  
51 ~~transportation expenses, which authorization shall not be unreasonably denied by the warrantor,~~

1 and provided further that any such request for transportation reimbursement must be denied by  
2 the warrantor within 5 business days of the warrantor's receipt of the dealer's request for  
3 reimbursement or the request shall be deemed authorized and allowed. Time allowances for the  
4 performance of warranty work and service shall be reasonable and adequate for the work to be  
5 performed. The compensation which must be paid under this section must be reasonable;  
6 provided, however, that under no circumstances may the reasonable compensation under this  
7 section be in an amount less than the recreational vehicle dealer's current retail labor rate for  
8 nonwarranty work of like kind, provided such amount is competitive with the retail rates charged  
9 for parts and labor by other franchised recreational dealers within the dealer's market.

10 (e) A warrantor may not require a dealer to establish the rate customarily charged by the  
11 recreational vehicle dealer for labor by an unduly burdensome or time-consuming method or by  
12 requiring information that is unduly burdensome or time-consuming to provide, including, but  
13 not limited to, part by part or transaction by transaction calculations.

14 (d) For any part, equipment, plumbing system or device, or appliance or option, a  
15 warrantor shall reimburse the dealer the cost of the part, equipment, plumbing system or device,  
16 appliance or option, plus a minimum of a thirty percent (30%) handling charge and pay the cost,  
17 if any, of freight to return the part, equipment, appliance, or option to the warrantor.

18 (e) If a warrantor furnishes a part or component to a dealer, at reduced or no cost, to use  
19 in performing repairs under a warranty or recall repair, the warrantor shall compensate the dealer  
20 for the part or component in the same manner as warranty parts compensation under this section,  
21 by compensating the dealer on the basis of a thirty percent (30%) handling charge for the part or  
22 component as listed in the warrantor's price schedule less the cost for the part or component.

23 (f) Notwithstanding the terms of any warranty, contract, or agreement, all claims made  
24 by recreational dealers pursuant to this section for compensation for delivery, preparation,  
25 warranty and recall work, and transportation costs, including labor, parts, and other expenses,  
26 shall be paid by the affected warrantor within 30 days after receipt of claim from the dealer.  
27 When any claim is disapproved, the dealer shall be notified in writing of the grounds for  
28 disapproval. Any claim not specifically disapproved in writing within 30 days after receipt shall  
29 be considered approved and payment is due immediately. No claim which has been approved  
30 and paid may be charged back to the dealer unless it can be shown that the claim was false or  
31 fraudulent, that the repairs were not properly made or were unnecessary to correct the defective  
32 condition, or the dealer failed to reasonably substantiate the claim either in accordance with the  
33 manufacturer's reasonable written procedures or by other reasonable means. A warrantor shall  
34 not deny a claim or reduce the amount to be reimbursed to the dealer as long as the dealer has  
35 provided reasonably sufficient documentation that the dealer (i) made a good faith attempt to  
36 perform the work in compliance with the written policies and procedures of the warrantor and  
37 (ii) actually performed the work.

38 Notwithstanding the foregoing, a warrantor shall not fail to fully compensate a dealer for  
39 warranty or recall work or make any chargeback to the dealer's account based on the dealer's  
40 failure to comply with the warrantor's claim documentation procedure or procedures unless both  
41 of the following requirements have been met:

42 (1) The dealer has, within the previous 12 months, failed to comply with the same  
43 specific claim documentation procedure or procedures.

44 (2) The warrantor has, within the previous 12 months, provided a written warning  
45 to the dealer by certified United States mail, return receipt requested,  
46 identifying the specific claim documentation procedure or procedures violated  
47 by the dealer.

48 (g) Every recreational vehicle manufacturer, factory branch, distributor, or distributor  
49 branch that manufactures or distributes recreational vehicles for sale in this State shall designate  
50 at least one of its employees knowledgeable in warranty administration who shall be the  
51 designated warranty contact person with whom its franchised dealers licensed in this State can

1 communicate to assist them in filing and getting paid on warranty claims related to all component  
2 parts of all recreational vehicles such recreational vehicle manufacturer, factory branch,  
3 distributor, or distributor branch sells or distributes in this State. Each recreational vehicle  
4 manufacturer, factory branch, distributor, or distributor branch shall promptly notify, in writing,  
5 all of its franchised recreational vehicle dealers licensed in this State, the Commissioner, and the  
6 North Carolina Automobile Dealers Association, Incorporated, of the identity and contact  
7 information of the designated warranty contact person and any changes in this information. A  
8 recreational vehicle manufacturer or distributor that represents multiple suppliers or multiple  
9 line-makes of vehicles shall be permitted to designate a single individual as the designated  
10 warranty contact person for all such suppliers and line-makes of vehicles represented by such  
11 recreational vehicle manufacturer or distributor.

12 (h) It shall be unlawful for any warrantor or for any recreational vehicle manufacturer,  
13 factory branch, distributor, or distributor branch to recover or attempt to recover all or any portion  
14 of its costs for compensating recreational vehicle dealers licensed in this State for warranty or  
15 recall parts and service either by reduction in the amount due to the dealer or by separate charge,  
16 surcharge, or other imposition.

17 (i) It shall be unlawful for any recreational vehicle manufacturer, factory branch,  
18 distributor, or distributor branch to fail to indemnify and hold harmless its franchised dealers  
19 licensed in this State against any judgment for damages or settlements agreed to by the  
20 manufacturer, including, but not limited to, court costs and reasonable attorneys' fees of the  
21 recreational vehicle dealer, arising out of complaints, claims, or lawsuits, including, but not  
22 limited to, strict liability, negligence, misrepresentation, express or implied warranty, or  
23 rescission or revocation of acceptance of the sale of a vehicle as defined in G.S. 25-2-608, to the  
24 extent that the judgment or settlement relates to the alleged defective or negligent manufacture,  
25 assembly, or design of new recreational vehicles, parts, or accessories or other functions by the  
26 manufacturer, factory branch, distributor, or distributor branch beyond the control of the dealer.  
27 It shall be unlawful for any warrantor to fail to indemnify and hold harmless any recreational  
28 vehicle dealer located in this State who sold one or more products warranted by such warrantor  
29 against any judgment for damages or settlements agreed to by the warrantor, including, but not  
30 limited to, court costs and reasonable attorneys' fees of the recreational vehicle dealer, arising  
31 out of complaints, claims, or lawsuits, including, but not limited to, strict liability, negligence,  
32 misrepresentation, express or implied warranty, or rescission or revocation of acceptance of the  
33 sale of a vehicle or vehicle part, component, or accessory, as defined in G.S. 25-2-608, to the  
34 extent that the judgment or settlement relates to the alleged defective or negligent manufacture,  
35 assembly, or design of a product warranted by the warrantor or other functions of the warrantor  
36 beyond the control of the dealer. Any audit for warranty or recall parts or service compensation  
37 shall only be for the 12-month period immediately following the date of the payment of the claim  
38 by the manufacturer, factory branch, distributor, distributor branch, or warrantor. Any audit for  
39 sales incentives, service incentives, rebates, or other forms of incentive compensation shall only  
40 be for the 12-month period immediately following the date of the payment of the claim by the  
41 manufacturer, factory branch, distributor, distributor branch, or warrantor. Provided, however,  
42 these limitations shall not be effective in the case of fraudulent claims.

43 (j) It shall be unlawful for any warrantor or for any recreational vehicle manufacturer,  
44 factory branch, distributor, or distributor branch to direct or encourage any owner or purchaser  
45 of a recreational vehicle to have warranty or recall service work or other repairs on a recreational  
46 vehicle made by a repair facility other than either the franchised dealer that sold the vehicle owner  
47 the recreational vehicle or the franchised dealer closest in proximity to such recreational vehicle  
48 owner or purchaser, provided that the recreational vehicle dealer who sold the vehicle to the  
49 owner or purchaser or who is located in closest proximity to such recreational vehicle owner or  
50 purchaser has sufficiently trained personnel and the necessary tools and equipment to make the  
51 required repairs to the vehicle, has not expressly stated in writing its desire to have the repairs

1 made elsewhere, and is willing to make the repairs within a reasonable period of time after the  
2 necessary parts have been supplied to the dealer.

3 ~~(k) In the event there is a dispute between a recreational vehicle dealer and a warrantor  
4 or a recreational vehicle manufacturer, factory branch, distributor, or distributor branch, with  
5 relating to any matter referred to in this section, either party may petition the Commissioner in  
6 writing, within 30 days after either party has given written notice of the dispute to the other, for  
7 a hearing on the subject and the decision of the Commissioner shall be binding on the parties,  
8 subject to rights of judicial review and appeal as provided in Chapter 150B of the General  
9 Statutes; provided, however, that nothing contained herein shall give the Commissioner any  
10 authority as to the content of any warrantor's warranty. Upon the filing of a petition before the  
11 Commissioner under this subsection, any chargeback to or any payment required of a recreational  
12 vehicle dealer by a warrantor or by a recreational vehicle manufacturer, factory branch,  
13 distributor, or distributor branch relating to warranty or recall parts or service compensation, or  
14 to sales incentives, service incentives, rebates, other forms of incentive compensation, or the  
15 withholding or chargeback of other compensation or support that a dealer would otherwise be  
16 eligible to receive, shall be stayed during the pendency of the determination by the  
17 Commissioner.~~

18 ~~(l) The provisions of G.S. 20-305(4) through G.S. 20-305(28) and G.S. 20-305.2 to  
19 G.S. 20-305.4 shall not apply to manufacturers of or dealers in mobile or manufactured type  
20 housing or who sell or distribute only nonmotorized recreational trailers; provided, however, that  
21 unless specifically exempted, each of these provisions shall be applicable to all recreational  
22 vehicle manufacturers, factory branches, distributors, and distributor branches who sell or  
23 distribute any motorized recreational vehicles in this State. trailers. The provisions of  
24 G.S. 20-305.1 shall not apply to manufacturers of or dealers in mobile or manufactured type  
25 housing.~~

26 ~~(m) To the extent not expressly inconsistent with the provisions of this section, all of the  
27 terms and provisions of G.S. 20-305.1 shall be applicable to recreational vehicle dealers and to  
28 recreational vehicle manufacturers, factory branches, distributors, and distributor branches under  
29 this section. For purposes of this section and Article 12 of Chapter 20 of the General Statutes of  
30 North Carolina, the relationship between a recreational vehicle manufacturer or recreational  
31 vehicle distributor, on the one part, and a recreational vehicle dealer that is located within this

18           recreational vehicles.

The Division shall either grant or deny an application for a license within 30 days after receiving it. Any applicant denied a license shall, upon filing a written request within 30 days, be given a hearing at the time and place determined by the Commissioner or a person designated by the Commissioner. A hearing shall be public and shall be held with reasonable promptness.

**"§ 20-440. Notice and hearing upon denial, suspension, revocation, placing on probation, or refusal to renew license.**

No license shall be suspended, revoked, denied, placed on probation, or renewal thereof refused, until a written notice of the complaint made has been furnished to the licensee against whom the same is directed, and a hearing thereon has been had before the Commissioner, or a person designated by him. At least 10 days' written notice of the time and place of such hearing shall be given to the licensee by certified mail with return receipt requested to his last known address as shown on his license or other record of information in possession of the Division. At any such hearing, the licensee shall have the right to be heard personally or by counsel. **"§ 20-441. Retention and inspection of certain records.**

(a) Vehicles. – A dealer must keep a record of all vehicles received by the dealer and all vehicles sold by the dealer. The records must contain the information that the Division requires and be made available for inspection by the Division within a reasonable period of time after being requested by the Division. A dealer may satisfy the record-keeping requirements contained in this subsection either by (i) keeping and maintaining written or paper records at the dealership facility where the vehicles were sold or at another site within this State provided that the location and the name of a designated contact agent are provided to the Division or (ii) maintaining electronic copies of the records required by this subsection, provided that the Division shall have access to these electronic records from a location within this State. For purposes of this section, the location where dealership written or electronic records are kept and maintained may be owned and operated by a party other than the dealer.

(b) Inspection. – The Division may inspect the pertinent books, records, letters, and contracts of a licensee relating to any written complaint made to the Division against the licensee.

(c) Records Format. – Any record required to be kept and maintained under this section may be converted to electronic form and retained by a dealer in electronic form without retention of the original or any copies of the record in paper or other nonelectronic form.

**"§ 20-442. Franchise-related form agreements.**

(a) All franchise-related form agreements, as defined in this subsection, offered to a recreational vehicle dealer in this State shall provide that all terms and conditions in the agreement inconsistent with any of the laws or rules of this State are of no force and effect. For purposes of this section, the term "franchise-related form agreements" means one or more contracts between a franchised recreational vehicle dealer and a manufacturer, factory branch, distributor, or distributor branch, including a written communication from a manufacturer or distributor in which a duty is imposed on the franchised recreational vehicle dealer under which:

- (1) The franchised recreational vehicle dealer is granted the right to sell and service new recreational vehicles manufactured or distributed by the manufacturer or distributor or only to service recreational vehicles under the contract and a manufacturer's warranty;
- (2) The franchised recreational vehicle dealer is a component of the manufacturer or distributor's distribution system as an independent business;
- (3) The franchised recreational vehicle dealer is substantially associated with the manufacturer or distributor's trademark, trade name, and commercial symbol;

1           (4)    The franchised recreational vehicle dealer's business substantially relies on the  
2           manufacturer or distributor for a continued supply of recreational vehicles,  
3           parts, and accessories; or

4           (5)    Any right, duty, or obligation granted or imposed by this Chapter is affected.

5       (b)    Notwithstanding the terms of any franchise or agreement, it shall be unlawful for any  
6       manufacturer, factory branch, distributor, or distributor branch to offer to a dealer, revise, modify,  
7       or replace a franchise-related form agreement, as defined above in this section, which agreement,  
8       modification, or replacement may adversely affect or alter the rights, obligations, or liability of  
9       a recreational vehicle dealer or may adversely impair the sales, service obligations, investment,  
10       or profitability of any recreational vehicle dealer located in this State, unless:

11           (1)    The manufacturer, factory branch, distributor, or distributor branch provides  
12           prior written notice by registered or certified mail to each affected dealer, the  
13           Commissioner, and the North Carolina Automobile Dealers Association, Inc.,  
14           of the modification or replacement in the form and within the time frame set  
15           forth within this section and in subsection (c) of this section; and

16           (2)    If a protest is filed under this section, the Commissioner approves the  
17           modification or replacement.

18       (c)    The notice required by subdivision (b)(1) of this section shall:

19           (1)    Be given not later than the sixtieth day before the effective date of the  
20           modification or replacement;

21           (2)    Contain on its first page a conspicuous statement that reads: "NOTICE TO  
22           DEALER: YOU MAY BE ENTITLED TO FILE A PROTEST WITH THE  
23           COMMISSIONER OF THE NORTH CAROLINA DIVISION OF  
24           RECREATIONAL VEHICLES AND HAVE A HEARING IN WHICH YOU  
25           MAY PROTEST THE PROPOSED INITIAL OFFERING,  
26           MODIFICATION, OR REPLACEMENT OF CERTAIN  
27           FRANCHISE-RELATED FORM AGREEMENTS UNDER THE TERMS  
28           OF THE RECREATIONAL VEHICLE DEALERS AND  
29           MANUFACTURERS LICENSING LAW, IF YOU OPPOSE THIS  
30           ACTION"; and

31           (3)    Contain a separate letter or statement that identifies all substantive  
32           modifications or revisions and the principal reasons for each such  
33           modification or revision.

34       (d)    A franchised dealer may file a protest with the Commissioner of the offering,  
35       modification, or replacement pursuant to this section not later than the latter of:

36           (1)    The sixtieth day after the date of the receipt of the notice; or

37           (2)    The time specified in the notice.

38       (e)    After a protest is filed, the Commissioner shall determine whether the manufacturer,  
39       factory branch, distributor, or distributor branch has established by a preponderance of the  
40       evidence that there is good cause for the proposed offering, modification, or replacement. The  
41       prior franchise-related form agreement, if any, continues in effect until the Commissioner  
42       resolves the protest.

43       (f)    The Commissioner is authorized and directed to investigate and prevent violations of  
44       this section, including inconsistencies of any franchise-related form agreement with the  
45       provisions of this Article.

46       (g)    Nothing contained in this section shall in any way limit a dealer's rights under any  
47       other provision of this Article or other applicable law.

48       **§ 20-443. Insurance.**

49       It shall be unlawful for any dealer or salesman or any employee of any dealer, to coerce or  
50       offer anything of value to any purchaser of a recreational vehicle to provide any type of insurance  
51       coverage on said recreational vehicle. No dealer, salesman, or representative of either shall accept

1 any policy as collateral on any vehicle sold by him to secure an interest in such vehicle in any  
2 company not qualified under the insurance laws of this State: provided, nothing in this Article  
3 shall prevent a dealer or his representative from requiring adequate insurance coverage on a  
4 recreational vehicle which is the subject of an installment sale.

5 **"§ 20-444. Acts of officers, directors, partners, salesmen, and other representatives.**

6 (a) If a licensee is a copartnership or a corporation, it shall be sufficient cause for the  
7 denial, suspension, or revocation of a license that any officer, director, or partner of the  
8 copartnership or corporation has committed any act or omitted any duty which would be cause  
9 for refusing, suspending, or revoking a license to such party as an individual. Each licensee shall  
10 be responsible for the acts of any or all of his salesmen while acting as his agent.

11 (b) Every licensee who is a manufacturer or a factory branch shall be responsible for the  
12 acts of any or all of its agents and representatives while acting in the conduct of said licensee's  
13 business whether or not such licensee approved, authorized, or had knowledge of such acts.

14 **"§ 20-445. Appeals from actions of Commissioner.**

15 Appeals from actions of the Commissioner shall be governed by the provisions of Chapter  
16 150B of the General Statutes.

17 **"§ 20-446. Powers of Commissioner.**

18 (a) The Commissioner shall promote the interests of the retail buyer of recreational  
19 vehicles.

20 (b) The Commissioner shall have power to prevent unfair methods of competition and  
21 unfair or deceptive acts or practices and other violations of this Article. Any franchised new  
22 recreational vehicle dealer who believes that a manufacturer, factory branch, distributor, or  
23 distributor branch with whom the dealer holds a currently valid franchise has violated or is  
24 currently violating any provision of this Article may file a petition before the Commissioner  
25 setting forth the factual and legal basis for such violations. The Commissioner shall promptly  
26 forward a copy of the petition to the named manufacturer, factory branch, distributor, or  
27 distributor branch requesting a reply to the petition within 30 days. Allowing for sufficient time  
28 for the parties to conduct discovery, the Commissioner or his designee shall then hold an  
29 evidentiary hearing and render findings of fact and conclusions of law based on the evidence  
30 presented. Any parties to a hearing by the Commissioner concerning the establishment or  
31 relocating of a new recreational vehicle dealer shall have a right of review of the decision in a  
32 court of competent jurisdiction pursuant to Chapter 150B of the General Statutes.

33 (c) The Commissioner shall have the power in hearings arising under this Article to enter  
34 scheduling orders and limit the time and scope of discovery; to determine the date, time, and  
35 place where hearings are to be held; to subpoena witnesses; to take depositions of witnesses; and  
36 to administer oaths.

37 (d) The Commissioner may, whenever he shall believe from evidence submitted to him  
38 that any person has been or is violating any provision of this Article, in addition to any other  
39 remedy, bring an action in the name of the State against that person and any other persons  
40 concerned or in any way participating in, or about to participate in practices or acts so in violation,  
41 to enjoin any persons from continuing the violations.

42 (e) The Commissioner may issue rules and regulations to implement the provisions of  
43 this section and to establish procedures related to administrative proceedings commenced under  
44 this section.

45 (f) In the event that a dealer, who is permitted or required to file a notice, protest, or  
46 petition before the Commissioner within a certain period of time in order to adjudicate, enforce,  
47 or protect rights afforded the dealer under this Article, voluntarily elects to appeal a policy,  
48 determination, or decision of the manufacturer through an appeals board or internal grievance  
49 procedure of the manufacturer, or to participate in or refer the matter to mediation, arbitration, or  
50 other alternative dispute resolution procedure or process established or endorsed by the  
51 manufacturer, the applicable period of time for the dealer to file the notice, protest, or petition

1 before the Commissioner under this Article shall not commence until the manufacturer's appeal  
2 board or internal grievance procedure, mediation, arbitration, or appeals process of the  
3 manufacturer has been completed and the dealer has received notice in writing of the final  
4 decision or result of the procedure or process. Nothing, however, contained in this subsection  
5 shall be deemed to require that any dealer exhaust any internal grievance or other alternative  
6 dispute process required or established by the manufacturer before seeking redress from the  
7 Commissioner as provided in this Article.

8 (g) Notwithstanding any other statute, regulation, or rule or the existence of a pending  
9 legal or administrative proceeding in any other forum, any franchised new recreational vehicle  
10 dealer or any manufacturer, factory branch, distributor, or distributor branch may elect to file a  
11 petition before the Commissioner for resolution of any dispute that may arise with respect to any  
12 of the rights or obligations of the dealer or of the manufacturer, factory branch, distributor, or  
13 distributor branch related to a franchise or franchise-related form agreement. The Commissioner  
14 shall have the authority to apply principles of law, equity, and good faith in determining such  
15 matters. The filing of a petition by a dealer or a manufacturer, factory branch, distributor, or  
16 distributor branch pursuant to this section shall not preclude the party filing the petition from  
17 pursuing any other form of recourse it may have, either before the Commissioner or in another  
18 form, including any damages and injunctive relief. The Commissioner shall have the authority to  
19 receive and evaluate the facts in the matter of controversy and render a decision by entering an  
20 order which shall thereafter become binding and enforceable with respect to the parties, subject  
21 to the right of review of the decision in a court of competent jurisdiction pursuant to Chapter  
22 150B of the General Statutes.

23 **§ 20-447. Notice of additional charges against dealer's account; informal appeals**  
24 **procedure.**

25 (a) Notwithstanding the terms of any contract, franchise, novation, or agreement, it shall  
26 be unlawful for any manufacturer, factory branch, distributor, or distributor branch to charge or  
27 assess one of its franchised recreational vehicle dealers located in this State, or to charge or debit  
28 the account of the franchised recreational vehicle dealer for merchandise, tools, or equipment, or  
29 other charges or amounts which total more than five thousand dollars (\$5,000), other than the  
30 published cost of new recreational vehicles, and merchandise, tools, or equipment specifically  
31 ordered by the franchised recreational vehicle dealer, unless the franchised recreational vehicle  
32 dealer receives a detailed itemized description of the nature and amount of each charge in writing  
33 at least 10 days prior to the date the charge or account debit is to become effective or due. For  
34 purposes of this subsection, the prior written notice required pursuant to this subsection includes,  
35 but is not limited to, all charges or debits to a dealer's account for advertising or advertising  
36 materials; advertising or showroom displays; customer informational materials; computer or  
37 communications hardware or software; special tools; equipment; dealership operation guides;  
38 Internet programs; and any additional charges or surcharges made or proposed for merchandise,  
39 tools, or equipment previously charged to the dealer; and any other charges or amounts which  
40 total more than five thousand dollars (\$5,000). If the franchised new recreational vehicle dealer  
41 disputes all or any portion of an actual or proposed charge or debit to the dealer's account, the  
42 dealer may proceed as provided in G.S. 20-446(b) and G.S. 20-464. Upon the filing of a petition  
43 pursuant to G.S. 20-446(b) or a civil action pursuant to G.S. 20-464, the affected manufacturer,  
44 factory branch, distributor, or distributor branch shall not require payment from the dealer, or  
45 debit or charge the dealer's account, unless and until a final judgment supporting the payment or  
46 charge has been rendered by the Commissioner or court.

47 (b) Any franchised new recreational vehicle dealer who seeks to challenge an actual or  
48 proposed charge, debit, payment, reimbursement, or credit to the franchised new recreational  
49 vehicle dealer or to the franchised new recreational vehicle dealer's account in an amount less  
50 than or equal to ten thousand dollars (\$10,000) and that is in violation of this Article or contrary  
51 to the terms of the franchise may, prior to filing a formal petition before the Commissioner as

1 provided in G.S. 20-446(b) or a civil action in any court of competent jurisdiction under  
2 G.S. 20-464, request and obtain a mediated settlement conference as provided in this subsection.  
3 Unless objection to the timeliness of the franchised new recreational vehicle dealer's request for  
4 mediation under this subsection is waived in writing by the affected manufacturer, factory  
5 branch, distributor, or distributor branch, a franchised new recreational vehicle dealer's request  
6 to mediate must be sent to the Commissioner within 75 days after the franchised new recreational  
7 vehicle dealer's receipt of written notice from a manufacturer, factory branch, distributor, or  
8 distributor branch of the charges, debits, payments, reimbursements, or credits challenged by the  
9 franchised new recreational vehicle dealer. If the franchised new recreational vehicle dealer has  
10 requested in writing that the manufacturer, factory branch, distributor, or distributor branch  
11 review the questioned charges, debits, payments, reimbursements, or credits, a franchised new  
12 recreational vehicle dealer's request to mediate must be sent to the Commissioner within 30 days  
13 after the franchised new recreational vehicle dealer's receipt of the final written determination on  
14 the issue from the manufacturer, factory branch, distributor, or distributor branch.

15 (1) It is the policy and purpose of this subsection to implement a system of  
16 settlement events that are designed to reduce the cost of litigation under this  
17 Article to the general public and the parties, to focus the parties' attention on  
18 settlement rather than on trial preparation, and to provide a structured  
19 opportunity for settlement negotiations to take place.

20 (2) The franchised new recreational vehicle dealer shall send a letter to the  
21 Commissioner by certified or registered mail, return receipt requested,  
22 identifying the actual or proposed charges the franchised new recreational  
23 vehicle dealer seeks to challenge and the reason or basis for the challenge. The  
24 charges, debits, payments, reimbursements, or credits challenged by the  
25 franchised new recreational vehicle dealer need not be related, and multiple  
26 issues may be resolved in a single proceeding. The franchised new  
27 recreational vehicle dealer shall send a copy of the letter to the affected  
28 manufacturer, factory branch, distributor, or distributor branch, addressed to  
29 the current district, zone, or regional manager in charge of overseeing the  
30 dealer's operations, or the registered agent for acceptance of legal process in  
31 this State. Upon the mailing of a letter to the Commissioner and the  
32 manufacturer, factory branch, distributor, or distributor branch pursuant to this  
33 subsection, any chargeback to or any payment required of a franchised new  
34 recreational vehicle dealer by a manufacturer, factory branch, distributor, or  
35 distributor branch shall be stayed during the pendency of the mediation. Upon  
36 the mailing of a letter to the Commissioner and manufacturer, factory branch,  
37 distributor, or distributor branch pursuant to this subsection, any statute of  
38 limitation or other time limitation for filing a petition before the  
39 Commissioner or civil action shall be tolled during the pendency of the  
40 mediation.

41 (3) Upon receipt of the written request of the franchised new recreational vehicle  
42 dealer, the Commissioner shall appoint a mediator and send notice of that  
43 appointment to the parties. A person is qualified to serve as mediator as  
44 provided by this subdivision if the person is certified to serve as a mediator  
45 under Rule 8 of the North Carolina Rules Implementing Statewide Mediated  
46 Settlement Conferences in Superior Court Civil Actions and does not  
47 represent recreational vehicle dealers or manufacturers, factory branches,  
48 distributors, or distributor branches. A mediator acting pursuant to this  
49 subdivision shall have judicial immunity in the same manner and to the same  
50 extent as a judge of the General Court of Justice.

- 1           (4)    The parties shall by written agreement select a venue and schedule for the  
2           mediated settlement conference conducted under this subsection. If the parties  
3           are unable to agree on a venue and schedule, the mediator shall select a venue  
4           and schedule. Except by written agreement of all parties, a mediation  
5           proceeding and mediated settlement conference under this subsection shall be  
6           held in North Carolina.
- 7           (5)    In this subsection, "mediation" means a nonbinding forum in which an  
8           impartial person, the mediator, facilitates communication between parties to  
9           promote reconciliation, settlement, or understanding among them. A mediator  
10          may not impose his or her own judgment on the issues for that of the parties.
- 11          (6)    At least 10 days prior to the mediated settlement conference, the affected  
12          manufacturer, factory branch, distributor, or distributor branch shall, by  
13          certified or registered mail, return receipt requested, send the mediator and the  
14          franchised new recreational vehicle dealer a detailed response to the  
15          allegations raised in the franchised new recreational vehicle dealer's written  
16          request. The mediation may be conducted by officers or employees of the  
17          parties themselves without the appearance of legal counsel. However, at least  
18          10 days prior to the mediated settlement conference, either party may give  
19          notice to the other and to the mediator of its intention to appear at the  
20          mediation with legal counsel, in which event either party may appear at the  
21          mediation with legal counsel.
- 22          (7)    A mediation proceeding conducted pursuant to this subsection shall be  
23          complete not later than the sixtieth day after the date of the Commissioner's  
24          notice of the appointment of the mediator; this deadline may be extended by  
25          written agreement of the parties. The parties shall be solely responsible for the  
26          compensation and expenses of the mediator on a 50/50 basis. The  
27          Commissioner is not liable for the compensation paid or to be paid a mediator  
28          employed pursuant to this subsection.
- 29          (8)    A party may attend a mediated settlement conference telephonically in lieu of  
30          personal appearance. If a party or other person required to attend a mediated  
31          settlement conference fails to attend without good cause, the Commissioner  
32          may impose upon the party or person any appropriate monetary sanction,  
33          including the payment of fines, attorneys' fees, mediator fees, expenses, and  
34          loss of earnings incurred by persons attending the conference.
- 35          (9)    If the mediation fails to result in a resolution of the dispute, the franchised  
36          new recreational vehicle dealer may proceed as provided in G.S. 20-446(b)  
37          and G.S. 20-464. Upon the filing of a petition pursuant to G.S. 20-446(b) or a  
38          civil action pursuant to G.S. 20-464, the affected manufacturer, factory  
39          branch, distributor, or distributor branch shall not require payment from the  
40          dealer, or debit or charge the dealer's account, unless and until a final judgment  
41          supporting the payment or charge has been rendered by the Commissioner or  
42          court. All communications made during a mediation proceeding, including,  
43          but not limited to, those communications made during a mediated settlement  
44          conference are presumed to be made in compromise negotiation and shall be  
45          governed by Rule 408 of the North Carolina Rules of Evidence.

46    **"§ 20-448. Rules and regulations.**

47          The Commissioner may make such rules and regulations, not inconsistent with the provisions  
48          of this Article, as he shall deem necessary or proper for the effective administration and  
49          enforcement of this Article, provided that the Commissioner shall make a copy of such rules and  
50          regulations available on a Web site maintained by the Division or the Department of  
51          Transportation 30 days prior to the effective date of such rules and regulations.

1 **"§ 20-449. Installment sales to be evidenced by written instrument; statement to be**  
2 **delivered to buyer.**

3 (a) Every retail installment sale shall be evidenced by one or more instruments in writing,  
4 which shall contain all the agreements of the parties and shall be signed by the buyer.

5 (b) For every retail installment sale, prior to or about the time of the delivery of the  
6 recreational vehicle, the seller shall deliver to the buyer a written statement describing clearly the  
7 recreational vehicle sold to the buyer, the cash sale price thereof, the cash paid down by the  
8 buyer, the amount credited the buyer for any trade-in and a description of the recreational vehicle  
9 traded, the amount of the finance charge, the amount of any other charge specifying its purpose,  
10 the net balance due from the buyer, the terms of the payment of such net balance, and a summary  
11 of any insurance protection to be effected. The written statement shall be signed by the buyer.

12 **"§ 20-450. Coercion of retail dealer by manufacturer or distributor in connection with**  
13 **installment sales contract prohibited.**

14 (a) It shall be unlawful for any manufacturer, wholesaler or distributor, or any officer,  
15 agent or representative of either, to coerce, or attempt to coerce, any retail recreational vehicle  
16 dealer or prospective retail recreational vehicle dealer in this State to sell, assign, or transfer any  
17 retail installment sales contract, obtained by such dealer in connection with the sale by him in  
18 this State of recreational vehicles manufactured or sold by such manufacturer, wholesaler, or  
19 distributor, to a specified finance company or class of such companies, or to any other specified  
20 persons, by any of the acts or means hereinafter set forth, namely:

21 (1) By any statement, suggestion, promise, or threat that such manufacturer,  
22 wholesaler, or distributor will in any manner benefit or injure such dealer,  
23 whether such statement, suggestion, threat, or promise is expressed or implied,  
24 or made directly or indirectly.

25 (2) By any act that will benefit or injure such dealer.

26 (3) By any contract, or any expressed or implied offer of contract, made directly  
27 or indirectly to such dealer, for handling recreational vehicles, on the  
28 condition that such dealer sell, assign, or transfer his retail installment sales  
29 contract thereon, in this State, to a specified finance company or class of such  
30 companies, or to any other specified person.

31 (4) By any expressed or implied statement or representation, made directly or  
32 indirectly, that such dealer is under any obligation whatsoever to sell, assign,  
33 or transfer any of his retail sales contracts, in this State, on recreational  
34 vehicles manufactured or sold by such manufacturer, wholesaler, or  
35 distributor to such finance company, or class of companies, or other specified  
36 person, because of any relationship or affiliation between such manufacturer,  
37 wholesaler, or distributor and such finance company or companies or such  
38 other specified person or persons.

39 (b) Any such statements, threats, promises, acts, contracts, or offers of contracts, when  
40 the effect thereof may be to lessen or eliminate competition, or tend to create a monopoly, are  
41 declared unfair trade practices and unfair methods of competition and against the public policy  
42 of this State, and are unlawful and are hereby prohibited.

43 **"§ 20-451. Written agreements; designated territories; alteration of an agreement.**

44 (a) A manufacturer or distributor may not sell a recreational vehicle in this State to or  
45 through a dealer without having first entered into a manufacturer and dealer agreement with a  
46 dealer which has been signed by both parties.

47 (b) The manufacturer shall designate the area of sales responsibility exclusively assigned  
48 to a dealer in the manufacturer and dealer agreement and may not change such area or contract  
49 with another dealer for sale of the same line-make in the designated area for the duration of the  
50 agreement. If, subsequent to entering into a manufacturer and dealer agreement, a dealer enters  
51 into an agreement to sell any competing RV product, or enters into an agreement to increase its

1 pre-existing commitment to sell any competing RV product, a manufacturer may revise the area  
2 of sales responsibility designated in the manufacturer and dealer agreement if the market  
3 penetration of the manufacturer's product is jeopardized by the dealer's subsequent agreement.

4 (c) The area of sales responsibility may be reviewed or changed with the consent of both  
5 parties not less than 12 months after the execution of the manufacturer and dealer agreement.

6 (d) A recreational vehicle dealer may not sell a new recreational vehicle in this State  
7 without having first entered into a manufacturer and dealer agreement with a manufacturer or  
8 distributor which has been signed by both parties.

9 **"§ 20-452. Termination, cancellation, nonrenewal, and alteration of a dealership by a**  
10 **manufacturer.**

11 (a) A manufacturer or distributor, directly or through any authorized officer, agent, or  
12 employee, may terminate, cancel, or fail to renew a manufacturer and dealer agreement with or  
13 without good cause.

14 (1) If the manufacturer or distributor terminates, cancels, or fails to renew the  
15 manufacturer and dealer agreement without good cause, the manufacturer or  
16 distributor must comply with G.S. 20-454.

17 (2) If the manufacturer or distributor terminates, cancels, or fails to renew the  
18 manufacturer and dealer agreement with good cause, G.S. 20-454 does not  
19 apply.

20 (b) The manufacturer or distributor has the burden of showing good cause for  
21 terminating, canceling, or failing to renew a manufacturer and dealer agreement with a dealer.  
22 For purposes of determining whether there is good cause, any of the following factors may be  
23 considered:

24 (1) The extent of the affected dealer's penetration in the area of sales  
25 responsibility.

26 (2) The nature and extent of the dealer's investment in its business.

27 (3) The adequacy of the dealer's service facilities, equipment, parts, supplies, and  
28 personnel.

29 (4) The effect of the proposed action on the community.

30 (5) The extent and quality of the dealer's service under recreational vehicle  
31 warranties.

32 (6) The dealer's failure to follow agreed-upon procedures or standards related to  
33 the overall operation of the dealership.

34 (7) The dealer's performance under the terms of its manufacturer and dealer  
35 agreement.

36 (c) Except as otherwise provided in this section, a manufacturer or distributor shall  
37 provide a dealer with at least 90 days prior written notice of termination, cancellation, or  
38 nonrenewal of the manufacturer and dealer agreement in the event the dealer is being terminated  
39 for good cause.

40 (1) The notice must state all reasons for the proposed termination, cancellation,  
41 or nonrenewal and must further state that if, within 30 days following receipt  
42 of the notice, the dealer provides to the manufacturer or distributor a written  
43 notice of intent to cure all claimed deficiencies, the dealer will then have 90  
44 days following receipt of the original notice to rectify the deficiencies.

45 (2) If the deficiencies are rectified within 90 days, the manufacturer's or  
46 distributor's notice is voided. If the dealer fails to provide the notice of intent  
47 to cure the deficiencies in the prescribed time period, or fails to cure the  
48 deficiencies in the time period provided, the termination, cancellation, or  
49 nonrenewal takes effect 30 days after the dealer's receipt of the original notice.  
50 If the dealer has new and untitled inventory on hand, it may be sold pursuant  
51 to G.S. 20-454.

1           (3)   The notice period may be reduced to 30 days if the manufacturer's or  
2           distributor's grounds for termination, cancellation, or nonrenewal are due to  
3           any of the following good cause factors:

- 4                   a.   A dealer or one of its owners being convicted of or entering a  
5                   plea of nolo contendere to a felony;  
6                   b.   The abandonment or closing of the business operations of the  
7                   dealer for 10 consecutive business days unless the closing is  
8                   due to an act of God, strike, labor difficulty, or other cause over  
9                   which the dealer has no control;  
10                  c.   A significant misrepresentation by the dealer materially  
11                  affecting the business relationship;  
12                  d.   A suspension or revocation of the dealer's license, or refusal to  
13                  renew the dealer's license by the department;  
14                  e.   A material violation of this Act which is not cured within 30  
15                  days after the written notice by the manufacturer; or  
16                  f.   A failure by the dealer to notify in writing any manufacturer  
17                  with whom the dealer has a manufacturer/dealer agreement at  
18                  least 30 days prior to entering into any additional  
19                  manufacturer/dealer agreement with the manufacturer of a  
20                  competing line-make of recreational vehicles.

21           (d)   The notice provisions of subsection (c) of this section do not apply if the reason for  
22           termination, cancellation, or nonrenewal is the dealer's insolvency, the occurrence of an  
23           assignment for the benefit of creditors, or bankruptcy.

24   "**§ 20-453. Termination, cancellation, nonrenewal, and alteration of a dealership by a**  
25   **dealer.**

26           (a)   A dealer may terminate or cancel its manufacturer and dealer agreement with a  
27           manufacturer or distributor with or without good cause by giving 30 days' written notice.

28                   (1)   If the termination or cancellation is for good cause, the notice must state all  
29                   reasons for the proposed termination or cancellation and must further state that  
30                   if, within 30 days following receipt of the notice, the manufacturer or  
31                   distributor provides to the dealer a written notice of intent to cure all claimed  
32                   deficiencies, the manufacturer or distributor will then have 90 days following  
33                   receipt of the original notice to rectify the deficiencies.

34                   (2)   If the deficiencies are rectified within 90 days, the dealer's notice is voided. If  
35                   the manufacturer or distributor fails to provide the notice of intent to cure the  
36                   deficiencies or fails to cure the deficiencies in the time period prescribed in  
37                   the original notice, the termination or cancellation shall take effect as provided  
38                   in the original notice.

39           (b)   If the dealer terminates, cancels, or fails to renew the manufacturer and dealer  
40           agreement without good cause, the terms of G.S. 20-454 do not apply. If the dealer terminates,  
41           cancels, or fails to renew the manufacturer/dealer agreement with good cause, G.S. 20-454 does  
42           apply. The dealer has the burden of showing good cause. Any of the following items shall be  
43           deemed "good cause" for the proposed termination, cancellation, or nonrenewal action by a  
44           dealer:

45                   (1)   A manufacturer being convicted of, or entering a plea of nolo contendere to a  
46                   felony.

47                   (2)   The business operations of the manufacturer have been abandoned or closed  
48                   for 10 consecutive business days, unless the closing is due to an act of God,  
49                   strike, labor difficulty, or other cause over which the manufacturer has no  
50                   control.

- 1           (3)    A significant misrepresentation by the manufacturer materially affecting the  
2           business relationship.
- 3           (4)    A material violation of this Article which is not cured within 30 days after  
4           written notice by the dealer.
- 5           (5)    A declaration by the manufacturer of bankruptcy, insolvency, or the  
6           occurrence of an assignment for the benefit of creditors or bankruptcy.

7    **"§ 20-454. Repurchase of inventory.**

8           (a)    If the manufacturer and dealer agreement is terminated, canceled, or not renewed by  
9           the manufacturer or distributor without good cause under G.S. 20-452(a)(1), or if the dealer  
10          terminates or cancels the manufacturer and dealer agreement for good cause under  
11          G.S. 20-453(a)(1) and the manufacturer fails to provide notice or cure the claimed deficiencies  
12          under G.S. 20-453(a)(2), the manufacturer shall at the dealer's option and within 45 days after  
13          termination, cancellation, or nonrenewal, repurchase:

- 14           (1)    All new, untitled recreational vehicles that were acquired from the  
15           manufacturer or distributor within 12 months before the effective date of the  
16           notice of termination, cancellation, or nonrenewal that have not been used,  
17           except for demonstration purposes, and that have not been altered or damaged,  
18           at one hundred percent (100%) of the net invoice cost, including  
19           transportation, less applicable rebates and discounts to the dealer.
- 20           (2)    In the event any of the vehicles repurchased are damaged, but do not trigger a  
21           consumer disclosure requirement, the amount due the dealer shall be reduced  
22           by the cost to repair the vehicle. Damage prior to delivery to the dealer that is  
23           disclosed at the time of delivery will not disqualify repurchase under this  
24           subsection. All undamaged accessories and proprietary parts sold to the dealer  
25           for resale within the 12 months prior to termination, cancellation, or  
26           nonrenewal, if accompanied by the original invoice, at one hundred and five  
27           percent (105%) of the original net price paid to the manufacturer or distributor  
28           to compensate the dealer for handling, packing, and shipping the parts.
- 29           (3)    Any properly functioning diagnostic equipment, special tools, current  
30           signage, or other equipment and machinery which was purchased by the dealer  
31           upon the manufacturer or distributor's request within five years prior to the  
32           termination, cancellation, or nonrenewal and which can no longer be used in  
33           the normal course of the dealer's ongoing business at one hundred percent  
34           (100%) of the dealer's net cost plus freight.

35          (b)    Sale of remaining inventory after termination.

- 36           (1)    A dealer is not prohibited from selling the remaining in-stock inventory of a  
37           particular line-make after a dealer agreement has been terminated or not  
38           renewed under G.S. 20-452.
- 39           (2)    If recreational vehicles of a line-make subject to the terminated agreement are  
40           not repurchased or required to be repurchased by the manufacturer or  
41           distributor, the dealer may continue to sell such recreational vehicles that are  
42           subject to the terminated dealer agreement and are currently in stock until  
43           those recreational vehicles are no longer in the dealer's inventory.

44    **"§ 20-455. Transfer of dealership; family succession.**

45           (a)    If a dealer desires to make a change in ownership by the sale of the business assets,  
46           stock transfer, or otherwise, the dealer shall give the manufacturer or distributor written notice at  
47           least 15 business days before the closing, including all supporting documentation as may be  
48           reasonably required by the manufacturer or distributor to determine if an objection to the sale  
49           may be made. In the absence of a breach by the selling dealer of its dealer agreement or this  
50           Article, the manufacturer or distributor shall not object to the proposed change in ownership  
51           unless any of the following apply to the prospective transferee:

- 1           (1)   Has previously been terminated by the manufacturer for breach of its dealer  
2           agreement.
- 3           (2)   Has been convicted of a felony or any crime of fraud, deceit, or moral  
4           turpitude.
- 5           (3)   Lacks any license required by law.
- 6           (4)   Does not have an active line of credit sufficient to purchase a manufacturer's  
7           product.
- 8           (5)   Has undergone in the last 10 years bankruptcy, insolvency, a general  
9           assignment for the benefit of creditors, or the appointment of a receiver,  
10          trustee, or conservator to take possession of the transferee's business or  
11          property.

12          (b)   If the manufacturer or distributor objects to a proposed change of ownership, the  
13          manufacturer or distributor shall give written notice of its reasons to the dealer within 10 business  
14          days after receipt of the dealer's notification and complete documentation. The manufacturer or  
15          distributor has the burden of proof with regard to its objection. If the manufacturer or distributor  
16          does not give timely notice of its objection, the change or sale shall be deemed approved.

17          (c)   It is unlawful for a manufacturer or distributor to fail to provide a dealer an  
18          opportunity to designate, in writing, a family member as a successor to the dealership in the event  
19          of the death, incapacity, or retirement of the dealer. It is unlawful to prevent or refuse to honor  
20          the succession to a dealership by a family member of the deceased, incapacitated, or retired dealer  
21          unless the manufacturer or distributor has provided to the dealer written notice of its objections  
22          within 10 days after receipt of the dealer's modification of the dealer's succession plan. In the  
23          absence of a breach of the dealer agreement, the manufacturer may object to the succession for  
24          the following reasons only:

- 25           (1)   Conviction of the successor of a felony or any crime of fraud, deceit, or moral  
26           turpitude.
- 27           (2)   Bankruptcy or insolvency of the successor during the past 10 years.
- 28           (3)   Prior termination by the manufacturer of the successor for breach of a dealer  
29           agreement.
- 30           (4)   Successor does not have an active line of credit sufficient to purchase the  
31           manufacturer's product.
- 32           (5)   Successor lacks any license required by law.

33          The manufacturer or distributor has the burden of proof regarding its objection.

34          (d)   A family member may not succeed to a dealership if the succession involves, without  
35          the manufacturer's or distributor's consent, a relocation of the business or an alteration of the  
36          terms and conditions of the manufacturer/dealer agreement.

37          **"§ 20-456. Warranty obligations.**

38          (a)   It is unlawful for any manufacturer, factory branch, distributor, or distributor branch  
39          that manufactures or distributes recreational vehicles to fail to fully compensate its dealers  
40          located in this State in accordance with this section for warranty or recall work performed by the  
41          dealers related to the living facilities of the vehicle, including all labor and parts used to repair  
42          such living facilities and any equipment, plumbing, appliances, and other options included by the  
43          manufacturer, factory branch, distributor, or distributor branch in the purchase price paid by the  
44          dealer for the vehicle. With respect to those portions of the living facilities of recreational  
45          vehicles and any equipment, plumbing, appliances, and other options that are part of such living  
46          facilities and that are included by the recreational vehicle manufacturer, factory branch,  
47          distributor, or distributor branch in the purchase price paid by the dealer for the vehicle, the term  
48          "warrantor" shall mean any manufacturer or distributor of such living facilities or any equipment,  
49          plumbing, appliances, and other options that are part of such living facilities that offer a warranty  
50          in writing to either the recreational vehicle dealer or to the ultimate purchaser of the recreational  
51          vehicle. The term "warrantor" does not include a person that provides a service contract,

1 mechanical or other insurance, or an extended warranty sold for separate consideration by a  
2 dealer or other person not controlled by a warrantor. Notwithstanding the terms or conditions of  
3 any contract or agreement, it is unlawful for any recreational vehicle manufacturer, factory  
4 branch, distributor, or distributor branch to fail to fully and timely compensate any of its  
5 franchised recreational vehicle dealers located in this State in accordance with this section for all  
6 parts and labor used by such franchised dealers in making warranty or recall repairs to such living  
7 facilities of recreational vehicles, including any equipment, plumbing, appliances, and other  
8 options included by the recreational vehicle manufacturer, factory branch, distributor, or  
9 distributor branch in the purchase price paid by the dealer for the vehicle, to the extent that the  
10 individual components of such living facilities are not separately warranted by the manufacturers  
11 or distributors of such components. Notwithstanding the terms or conditions of any warranty,  
12 contract, or agreement, it is unlawful for any warrantor, as defined in this subdivision, to fail to  
13 fully and timely compensate any franchised recreational vehicle dealer located in this State in  
14 accordance with this section for all parts and labor used by such franchised recreational vehicle  
15 dealer in making warranty or recall repairs to any component parts of the living facilities of  
16 recreational vehicles manufactured or distributed by such warrantor, including any equipment,  
17 plumbing, appliances, and other options included by a recreational vehicle manufacturer, factory  
18 branch, distributor, or distributor branch in the purchase price paid by the dealer for the vehicle.

19 (b) Each warrantor and each recreational vehicle manufacturer, factory branch,  
20 distributor, and distributor branch that sells or distributes recreational vehicles in this State shall  
21 specify in writing to each recreational vehicle dealer licensed in this State who sells products  
22 manufactured or distributed by such warrantor or such recreational vehicle manufacturer, factory  
23 branch, distributor, or distributor branch, the recreational vehicle dealer's obligations for  
24 preparation, delivery, and warranty and recall service on its products, the schedule of  
25 compensation to be paid such dealers for parts, work, and service in connection with warranty or  
26 recall service, and the time allowances for the performance of such work and service. In no event  
27 shall such schedule of compensation fail to include reasonable compensation for diagnostic work  
28 and associated administrative requirements as well as repair service, labor, and transportation  
29 provided by the dealer to transport a recreational vehicle to and from a location at which the  
30 repairs can be made. Provided, however, that with respect to reimbursement for a recreational  
31 vehicle dealer's transportation expenses, the dealer is required to obtain the prior written  
32 authorization of the affected warrantor before incurring any transportation expenses, which  
33 authorization shall not be unreasonably denied by the warrantor, and provided further that any  
34 such request for transportation reimbursement must be denied by the warrantor within five  
35 business days of the warrantor's receipt of the dealer's request for reimbursement or the request  
36 shall be deemed authorized and allowed. Time allowances for the performance of warranty work  
37 and service shall be reasonable and adequate for the work to be performed. The compensation  
38 which must be paid under this section must be reasonable; provided, however, that under no  
39 circumstances may the reasonable compensation under this section be in an amount less than the  
40 recreational vehicle dealer's current retail labor rate for nonwarranty work of like kind, provided  
41 such amount is competitive with the retail rates charged for parts and labor by other franchised  
42 recreational dealers within the dealer's market.

43 (c) A warrantor may not require a dealer to establish the rate customarily charged by the  
44 recreational vehicle dealer for labor by an unduly burdensome or time-consuming method or by  
45 requiring information that is unduly burdensome or time-consuming to provide, including, but  
46 not limited to, part by part or transaction by transaction calculations.

47 (d) For any part, equipment, plumbing system or device, or appliance or option, a  
48 warrantor shall reimburse the dealer the cost of the part, equipment, plumbing system or device,  
49 appliance or option, plus a minimum of a thirty percent (30%) handling charge and pay the cost,  
50 if any, of freight to return the part, equipment, appliance, or option to the warrantor.

1       (e) If a warrantor furnishes a part or component to a dealer, at reduced or no cost, to use  
2 in performing repairs under a warranty or recall repair, the warrantor shall compensate the dealer  
3 for the part or component in the same manner as warranty parts compensation under this section,  
4 by compensating the dealer on the basis of a thirty percent (30%) handling charge for the part or  
5 component as listed in the warrantor's price schedule less the cost for the part or component.

6       (f) Notwithstanding the terms of any warranty, contract, or agreement, all claims made  
7 by recreational dealers pursuant to this section for compensation for delivery, preparation,  
8 warranty and recall work, and transportation costs, including labor, parts, and other expenses,  
9 shall be paid by the affected warrantor within 30 days after receipt of claim from the dealer.  
10 When any claim is disapproved, the dealer shall be notified in writing of the grounds for  
11 disapproval. Any claim not specifically disapproved in writing within 30 days after receipt shall  
12 be considered approved and payment is due immediately. No claim which has been approved  
13 and paid may be charged back to the dealer unless it can be shown that the claim was false or  
14 fraudulent, that the repairs were not properly made or were unnecessary to correct the defective  
15 condition, or the dealer failed to reasonably substantiate the claim either in accordance with the  
16 manufacturer's reasonable written procedures or by other reasonable means. A warrantor shall  
17 not deny a claim or reduce the amount to be reimbursed to the dealer as long as the dealer has  
18 provided reasonably sufficient documentation that the dealer (i) made a good-faith attempt to  
19 perform the work in compliance with the written policies and procedures of the warrantor and  
20 (ii) actually performed the work.

21       Notwithstanding the foregoing, a warrantor shall not fail to fully compensate a dealer for  
22 warranty or recall work or make any chargeback to the dealer's account based on the dealer's  
23 failure to comply with the warrantor's claim documentation procedure or procedures unless both  
24 of the following requirements have been met:

25           (1) The dealer has, within the previous 12 months, failed to comply with the same  
26 specific claim documentation procedure or procedures.

27           (2) The warrantor has, within the previous 12 months, provided a written warning  
28 to the dealer by certified United States mail, return receipt requested,  
29 identifying the specific claim documentation procedure or procedures violated  
30 by the dealer.

31       (g) Every recreational vehicle manufacturer, factory branch, distributor, or distributor  
32 branch that manufactures or distributes recreational vehicles for sale in this State shall designate  
33 at least one of its employees knowledgeable in warranty administration who shall be the  
34 designated warranty contact person with whom its franchised dealers licensed in this State can  
35 communicate to assist them in filing and getting paid on warranty claims related to all component  
36 parts of all recreational vehicles such recreational vehicle manufacturer, factory branch,  
37 distributor, or distributor branch sells or distributes in this State. Each recreational vehicle  
38 manufacturer, factory branch, distributor, or distributor branch shall promptly notify, in writing,  
39 all of its franchised recreational vehicle dealers licensed in this State, the Commissioner, and the  
40 North Carolina Automobile Dealers Association, Inc., of the identity and contact information of  
41 the designated warranty contact person and any changes in this information. A recreational  
42 vehicle manufacturer or distributor that represents multiple suppliers or multiple line-makes of  
43 vehicles shall be permitted to designate a single individual as the designated warranty contact  
44 person for all such suppliers and line-makes of vehicles represented by such recreational vehicle  
45 manufacturer or distributor.

46       (h) It shall be unlawful for any warrantor or for any recreational vehicle manufacturer,  
47 factory branch, distributor, or distributor branch to recover or attempt to recover all or any portion  
48 of its costs for compensating recreational vehicle dealers licensed in this State for warranty or  
49 recall parts and service either by reduction in the amount due to the dealer or by separate charge,  
50 surcharge, or other imposition.

1       (i) It shall be unlawful for any recreational vehicle manufacturer, factory branch,  
2 distributor, or distributor branch to fail to indemnify and hold harmless its franchised dealers  
3 licensed in this State against any judgment for damages or settlements agreed to by the  
4 manufacturer, including, but not limited to, court costs and reasonable attorneys' fees of the  
5 recreational vehicle dealer, arising out of complaints, claims, or lawsuits, including, but not  
6 limited to, strict liability, negligence, misrepresentation, express or implied warranty, or  
7 rescission or revocation of acceptance of the sale of a vehicle as defined in G.S. 25-2-608, to the  
8 extent that the judgment or settlement relates to the alleged defective or negligent manufacture,  
9 assembly, or design of new recreational vehicles, parts, or accessories or other functions by the  
10 manufacturer, factory branch, distributor, or distributor branch beyond the control of the dealer.  
11 It shall be unlawful for any warrantor to fail to indemnify and hold harmless any recreational  
12 vehicle dealer located in this State who sold one or more products warranted by such warrantor  
13 against any judgment for damages or settlements agreed to by the warrantor, including, but not  
14 limited to, court costs and reasonable attorneys' fees of the recreational vehicle dealer, arising  
15 out of complaints, claims, or lawsuits, including, but not limited to, strict liability, negligence,  
16 misrepresentation, express or implied warranty, or rescission or revocation of acceptance of the  
17 sale of a vehicle or vehicle part, component, or accessory, as defined in G.S. 25-2-608, to the  
18 extent that the judgment or settlement relates to the alleged defective or negligent manufacture,  
19 assembly, or design of a product warranted by the warrantor or other functions of the warrantor  
20 beyond the control of the dealer. Any audit for warranty or recall parts or service compensation  
21 shall only be for the 12-month period immediately following the date of the payment of the claim  
22 by the manufacturer, factory branch, distributor, distributor branch, or warrantor. Any audit for  
23 sales incentives, service incentives, rebates, or other forms of incentive compensation shall only  
24 be for the 12-month period immediately following the date of the payment of the claim by the  
25 manufacturer, factory branch, distributor, distributor branch, or warrantor. Provided, however,  
26 these limitations shall not be effective in the case of fraudulent claims.

27       (j) It shall be unlawful for any warrantor or for any recreational vehicle manufacturer,  
28 factory branch, distributor, or distributor branch to direct or encourage any owner or purchaser  
29 of a recreational vehicle to have warranty or recall service work or other repairs on a recreational  
30 vehicle made by a repair facility other than either the franchised dealer that sold the vehicle owner  
31 the recreational vehicle or the franchised dealer closest in proximity to such recreational vehicle  
32 owner or purchaser, provided that the recreational vehicle dealer who sold the vehicle to the  
33 owner or purchaser or who is located in closest proximity to such recreational vehicle owner or  
34 purchaser has sufficiently trained personnel and the necessary tools and equipment to make the  
35 required repairs to the vehicle, has not expressly stated in writing its desire to have the repairs  
36 made elsewhere, and is willing to make the repairs within a reasonable period of time after the  
37 necessary parts have been supplied to the dealer.

38       (k) In the event there is a dispute between a recreational vehicle dealer and a warrantor  
39 or a recreational vehicle manufacturer, factory branch, distributor, or distributor branch, relating  
40 to any matter referred to in this section, either party may petition the Commissioner in writing,  
41 within 30 days after either party has given written notice of the dispute to the other, for a hearing  
42 on the subject and the decision of the Commissioner shall be binding on the parties, subject to  
43 rights of judicial review and appeal as provided in Chapter 150B of the General Statutes;  
44 provided, however, that nothing contained herein shall give the Commissioner any authority as  
45 to the content of any warrantor's warranty. Upon the filing of a petition before the Commissioner  
46 under this subsection, any chargeback to or any payment required of a recreational vehicle dealer  
47 by a warrantor or by a recreational vehicle manufacturer, factory branch, distributor, or  
48 distributor branch relating to warranty or recall parts or service compensation, or to sales  
49 incentives, service incentives, rebates, other forms of incentive compensation, or the withholding  
50 or chargeback of other compensation or support that a dealer would otherwise be eligible to  
51 receive, shall be stayed during the pendency of the determination by the Commissioner.

**"§ 20-457. Indemnification.**

(a) Notwithstanding the terms of any manufacturer and dealer agreement, it is a violation of this Article for a warrantor to fail to indemnify and hold harmless its new recreational vehicle dealer against any losses or damages to the extent that the losses or damages are caused by the negligence or willful misconduct of the warrantor subject to the following:

(1) A new recreational vehicle dealer may not be denied indemnification for failing to discover, disclose, or remedy a defect in the design or manufacturing of a new recreational vehicle or new recreational trailer.

(2) A new recreational vehicle dealer may be denied indemnification if the new recreational vehicle dealer fails to remedy a known and announced defect in accordance with the written instructions of a warrantor for whom the new recreational vehicle dealer is obligated to perform warranty service.

(3) A new recreational vehicle dealer shall provide to a warrantor a copy of any pending law suit in which allegations are made that are covered by the provisions of this subsection within 10 days after receiving such suit. Notwithstanding anything to the contrary, this subdivision shall continue to apply even after the new recreational vehicle is titled.

(b) Notwithstanding the terms of any manufacturer and dealer agreement, it is a violation of this Article for a new recreational vehicle dealer to fail to indemnify and hold harmless its warrantor against any losses or damages to the extent that the losses or damages are caused by the negligence or willful misconduct of the new recreational vehicle dealer; provided a warrantor shall provide to a new recreational vehicle dealer a copy of any pending law suit or similar proceeding in which allegations are made that come within the provisions of this subsection within 10 days after receiving such suit. Notwithstanding anything to the contrary, this subsection shall continue to apply even after the new recreational vehicle is titled.

**"§ 20-458. Inspection and rejection by the dealer.**

(a) Whenever a new recreational vehicle is damaged prior to transit to the dealer or is damaged in transit to the dealer when the carrier or means of transportation has been selected by the manufacturer or distributor, the dealer shall notify the manufacturer or distributor of the damage within the time frame specified in the manufacturer and dealer agreement and do either of the following:

(1) Request from the manufacturer or distributor authorization to replace the components, parts, and accessories damaged or otherwise correct the damage.

(2) Reject the vehicle within the timeframe set forth in subsection (d).

(b) If the manufacturer or distributor refuses or fails to authorize repair of such damage within 10 days after receipt of notification, or if the dealer rejects the RV because of damage, ownership of the new RV shall revert to the manufacturer or distributor.

(c) The dealer shall exercise due care in custody of the damaged recreational vehicle, but the dealer shall have no other obligations, financial or otherwise, with respect to that recreational vehicle.

(d) The time frame for inspection and rejection by the dealer must be part of the manufacturer and dealer agreement and may not be less than two business days after the physical delivery of the recreational vehicle.

(e) Any recreational vehicle that has, at the time of delivery to the dealer, an unreasonable amount of miles on its odometer, as determined by the dealer, may be subject to rejection by the dealer and reversion of the vehicle to the manufacturer or distributor. In no instance shall a dealer deem an amount less than the distance between the dealer and the manufacturer's factory or a distributor's point of distribution, plus 100 miles, as unreasonable.

**"§ 20-459. Coercion of dealer prohibited.**

A manufacturer or distributor may not coerce or attempt to coerce a dealer to do any of the following:

- 1           (1) Purchase a product that the dealer did not order.
- 2           (2) Enter into an agreement with the manufacturer or distributor.
- 3           (3) Enter into an agreement that requires the dealer to submit its disputes to  
4                 binding arbitration or otherwise waive rights or responsibilities provided  
5                 under this act.

6 **"§ 20-460. Mediation.**

7           (a) A dealer, manufacturer, or warrantor injured by another party's violation of this act  
8 may bring a civil action to recover actual damages. The court shall award attorneys' fees and  
9 costs to the prevailing party in such an action. Venue for any civil action authorized by this  
10 section shall be in any county in this State in which the dealer's business is located. In an action  
11 involving more than one dealer, venue may be in any county in this State in which any dealer  
12 that is party to the action has a business location.

13           (b) Prior to bringing suit under this section, the party bringing suit for an alleged violation  
14 shall serve a written demand for mediation upon the offending party.

15           (1) The demand for mediation shall be served upon the other party via certified  
16 mail at the address stated within the manufacturer and dealer agreement  
17 between the parties.

18           (2) The demand for mediation shall contain a brief statement of the dispute and  
19 the relief sought by the party filing the demand.

20           (3) Within 20 days after the date a demand for mediation is served, the parties  
21 shall mutually select an independent certified mediator and meet with that  
22 mediator for the purpose of attempting to resolve the dispute. The meeting  
23 place shall be in this State in a location selected by the mediator. The mediator  
24 may extend the date of the meeting for good cause shown by either party or  
25 upon stipulation of both parties.

26           (4) The service of a demand for mediation under this section shall toll the time  
27 for the filing of any complaint, petition, protest, or other action under this act  
28 until representatives of both parties have met with a mutually-selected  
29 mediator for the purpose of attempting to resolve the dispute. If a complaint,  
30 petition, protest, or other action is filed before that meeting, the court shall  
31 enter an order suspending the proceeding or action until the mediation meeting  
32 has occurred and may, upon written stipulation of all parties to the proceeding  
33 or action that they wish to continue to mediate under this section, enter an  
34 order suspending the proceeding or action for as long a period as the court  
35 considers appropriate.

36           (5) The parties to the mediation shall bear their own costs for attorneys' fees and  
37 divide equally the cost of the mediator.

38           (c) In addition to the remedies provided in this section and notwithstanding the existence  
39 of any additional remedy at law, a manufacturer, or warrantor, or a dealer is authorized to make  
40 application to a court for the grant, upon a hearing and for cause shown, of a temporary or  
41 permanent injunction, or both, restraining any person from acting as a dealer without being  
42 properly licensed, from violating or continuing to violate any of the provisions of this act, or from  
43 failing or refusing to comply with the requirements of this act. Such injunction shall be issued  
44 without bond. A single act in violation of the provisions of this act shall be sufficient to authorize  
45 the issuance of an injunction.

46 **"§ 20-461. Article applicable to existing and future franchises and contracts.**

47           The provisions of this Article shall be applicable to all franchises and contracts existing  
48 between recreational vehicle dealers and manufacturers, factory branches, and distributors at the  
49 time of its ratification, and to all such future franchises and contracts.

50 **"§ 20-462. Jurisdiction.**

1 A franchisee who is substantially and primarily engaged in the sale of recreational vehicles  
2 or parts, materials, or components of recreational vehicles, including batteries, tires,  
3 transmissions, mufflers, painting, lubrication, or tune-ups may bring suit against any franchisor,  
4 engaged in commerce, in the General Court of Justice in the State of North Carolina that has  
5 proper venue.

6 **"§ 20-463. Penalties.**

7 Any person violating any of the provisions of this Article shall be guilty of a Class 1  
8 misdemeanor.

9 **"§ 20-464. Civil actions for violations.**

10 (a) Notwithstanding the terms, provisions, or conditions of any agreement or franchise  
11 or other terms or provisions of any novation, waiver, or other written instrument, any recreational  
12 vehicle dealer who is or may be injured by a violation of a provision of this Article, or any party  
13 to a franchise who is so injured in business or property by a violation of a provision of this Article  
14 relating to that franchise, or an arrangement which, if consummated, would be in violation of this  
15 Article may, notwithstanding the initiation or pendency of, or failure to initiate an administrative  
16 proceeding before the Commissioner concerning the same parties or subject matter, bring an  
17 action for damages and equitable relief, including injunctive relief, in any court of competent  
18 jurisdiction with regard to any matter not within the jurisdiction of the Commissioner or that  
19 seeks relief wholly outside the authority or jurisdiction of the Commissioner to award.

20 (b) Where the violation of a provision of this Article can be shown to be willful,  
21 malicious, or wanton, or if continued multiple violations of a provision or provisions of this  
22 Article occur, the court may award punitive damages, attorneys' fees and costs in addition to any  
23 other damages under this Article.

24 (c) A new recreational vehicle dealer, who has not suffered any loss of money or  
25 property, may obtain final equitable relief if it can be shown that the violation of a provision of  
26 this Article by a manufacturer or distributor may have the effect of causing a loss of money or  
27 property.

28 (d) Any association that is comprised of a minimum of 400 new recreational vehicle  
29 dealers, substantially all of whom are new recreational vehicle dealers located within North  
30 Carolina, and which represents the collective interests of its members, shall have standing to file  
31 a petition before the Commissioner or a cause of action in any court of competent jurisdiction for  
32 itself, or on behalf of any or all of its members, seeking declaratory and injunctive relief. Prior  
33 to bringing an action, the association and manufacturer, factory branch, distributor, or distributor  
34 branch shall initiate mediation as set forth in G.S. 20-460. An action brought pursuant to this  
35 subsection may seek a determination whether one or more manufacturers, factory branches,  
36 distributors, or distributor branches doing business in this State have violated any of the  
37 provisions of this Article, or for the determination of any rights created or defined by this Article,  
38 so long as the association alleges an injury to the collective interest of its members cognizable  
39 under this section. A cognizable injury to the collective interest of the members of the association  
40 shall be deemed to occur if a manufacturer, factory branch, distributor, or distributor branch  
41 doing business in this State has engaged in any conduct or taken any action which actually harms  
42 or affects all of the franchised new motor vehicle dealers holding franchises with that  
43 manufacturer, factory branch, distributor, or distributor branch in this State. With respect to any  
44 administrative or civil action filed by an association pursuant to this subsection, the relief granted  
45 shall be limited to declaratory and injunctive relief and in no event shall the Commissioner or  
46 court enter an award of monetary damages.

47 **"§ 20-465. Applicability of this Article.**

48 (a) Any person who engages directly or indirectly in purposeful contacts within this State  
49 in connection with the offering or advertising for sale, or has business dealings, with respect to a  
50 new recreational vehicle sale within this State, shall be subject to the provisions of this Article  
51 and shall be subject to the jurisdiction of the courts of this State.

1       (b)    The applicability of this Article shall not be affected by a choice of law clause in any  
2 franchise, agreement, waiver, novation, or any other written instrument.

3       (c)    Any provision of any agreement, franchise, waiver, novation, or any other written  
4 instrument which is in violation of any section of this Article shall be deemed null and void and  
5 without force and effect.

6       (d)    It shall be unlawful for a manufacturer or distributor to use any subsidiary corporation,  
7 affiliated corporation, or any other controlled corporation, partnership, association, or person to  
8 accomplish what would otherwise be illegal conduct under this Article on the part of the  
9 manufacturer or distributor.

10       (e)   The provisions of this Article shall apply to all written agreements between a  
11 manufacturer, wholesaler, or distributor with a recreational vehicle dealer including, but not  
12 limited to, the franchise offering; the franchise agreement; sales of goods, services, or  
13 advertising; leases or deeds of trust of real or personal property; promises to pay; security  
14 interests; pledges; insurance contracts; advertising contracts; construction or installation  
15 contracts; servicing contracts; and all other such agreements between a recreational vehicle dealer  
16 and a manufacturer, wholesaler, or distributor."

17  
18 **ADD CROSS REFERENCES TO NEW ARTICLE 19 OF CHAPTER 20 OF THE**  
19 **GENERAL STATUTES**

20       **SECTION 4.(a)** G.S. 20-52.1(d) reads as rewritten:

21       "(d)   When a manufacturer's statement of origin or an existing certificate of title on a motor  
22 vehicle is unavailable, a motor vehicle dealer licensed under Article 12 of this Chapter and a  
23 recreational vehicle dealer licensed under Article 19 of this Chapter may also transfer title to a  
24 vehicle currently titled in this State to another by certifying in writing in a sworn statement to the  
25 Division signed by the dealer principal, general manager, general sales manager, controller, or  
26 owner of the dealership that, to the best of the signatory's knowledge and information as of the  
27 date of sworn certification, all prior perfected liens on the vehicle that are known or reasonably  
28 ascertainable by the signatory have been paid and that the ~~motor vehicle~~ dealer, despite having  
29 used reasonable diligence, is unable to obtain the vehicle's statement of origin or certificate of  
30 title. For purposes of this subsection, a dealer may certify that the dealer is unable to obtain the  
31 vehicle's statement of origin or certificate of title because the statement of origin or certificate of  
32 title was either (i) not delivered to the dealer or (ii) lost or misplaced. The Division is authorized  
33 to require any information it deems necessary for the transfer of the vehicle and shall develop a  
34 form for this purpose. The knowing and intentional filing of a false sworn certification with the  
35 Division pursuant to this subsection shall constitute a Class H felony. A dealer principal, owner,  
36 or manager who is not a signatory of the sworn certification under this subsection may only be  
37 charged for a criminal violation for filing a false certification under this subsection by another  
38 dealership employee if the dealer principal, owner, or manager had actual knowledge of the  
39 falsity of the sworn certification at the time the sworn certification was submitted to the Division.  
40 The dealer shall hold harmless and indemnify the consumer-purchaser from any damages arising  
41 from the use of the procedure authorized by this subsection. No person shall have a cause of  
42 action against the Division or Division contractors arising from the transfer of a vehicle by a  
43 sworn certification pursuant to this section."

44       **SECTION 4.(b)** G.S. 20-72(b) reads as rewritten:

45       "(b)   In order to assign or transfer title or interest in any motor vehicle registered under the  
46 provisions of this Article, the owner shall execute in the presence of a person authorized to  
47 administer oaths an assignment and warranty of title on the reverse of the certificate of title in  
48 form approved by the Division, including in such assignment the name and address of the  
49 transferee; and no title to any motor vehicle shall pass or vest until such assignment is executed  
50 and the motor vehicle delivered to the transferee. The provisions of this section shall not apply  
51 to any foreclosure or repossession under a chattel mortgage or conditional sales contract or any

1 judicial sale. The provisions of this subsection shall not apply to (i) any transfer to an insurer  
2 pursuant to G.S. 20-109.1(b)(2) or (ii) any transfer to a used motor vehicle dealer pursuant to  
3 G.S. 20-109.1(e1).

4 When a manufacturer's statement of origin or an existing certificate of title on a motor vehicle  
5 is unavailable, a motor vehicle dealer licensed under Article 12 of this Chapter and a recreational  
6 vehicle dealer licensed under Article 19 of this Chapter may also transfer title to a vehicle  
7 currently titled in this State to another by certifying in writing in a sworn statement to the Division  
8 that is signed by the dealer principal, general manager, general sales manager, controller, or  
9 owner of the dealership that, to the best of the signatory's knowledge and information as of the  
10 date of the sworn certification, all prior perfected liens on the vehicle that are known or  
11 reasonably ascertainable by the signatory have been paid and that the ~~motor vehicle~~ dealer,  
12 despite having used reasonable diligence, was unable to obtain the vehicle's statement of origin  
13 or certificate of title. For purposes of this subsection, a dealer may certify that the dealer is unable  
14 to obtain the vehicle's statement of origin or certificate of title if the statement of origin or  
15 certificate of title has either (i) not been delivered to the dealer or (ii) has been lost or misplaced.  
16 The Division is authorized to request any information it deems necessary to transfer the vehicle  
17 and shall develop a form for this purpose. The knowing and intentional filing of a false sworn  
18 certification with the Division pursuant to this subsection shall constitute a Class H felony. A  
19 dealer principal, owner, or manager of a motor vehicle dealership who is not a signatory of the  
20 sworn certification required under this subsection may only be charged for a criminal violation  
21 for filing a false certification under this subsection by another dealership employee if the dealer  
22 principal, owner, or manager had actual knowledge of the falsity of the sworn certification at the  
23 time the sworn certification was submitted to the Division.

24 Any person transferring title or interest in a motor vehicle shall deliver the certificate of title  
25 duly assigned in accordance with the foregoing provision to the transferee at the time of  
26 delivering the vehicle, except when a certificate of title is unavailable as provided in this  
27 subsection or in G.S. 20-72.1, and except that where a security interest is obtained in the motor  
28 vehicle from the transferee in payment of the purchase price or otherwise, the transferor shall  
29 deliver the certificate of title to the lienholder and the lienholder shall forward the certificate of  
30 title together with the transferee's application for new title and necessary fees to the Division  
31 within 20 days. If the title to a vehicle is unavailable and the dealer transfers the vehicle on a  
32 sworn certification pursuant to this section or G.S. 20-52.1, and the title is subsequently received  
33 or found by the dealer, the dealer shall retain a copy for its records and submit the title to the  
34 Division. Any person who delivers or accepts a certificate of title assigned in blank shall be guilty  
35 of a Class 2 misdemeanor. No person shall have a cause of action against the Division or Division  
36 contractors arising from the transfer of a vehicle by a sworn certification pursuant to this section.

37 The title to a salvage vehicle shall be forwarded to the Division as provided in G.S. 20-109.1,  
38 except with respect to the title of any salvage vehicle transferred pursuant to G.S. 20-109.1(b)(2)  
39 or G.S. 20-109.1(e1)."

40 **SECTION 4.(c)** G.S. 20-72.1(a) reads as rewritten:

41 "(a) Notwithstanding any other provision in this Article, when a manufacturer's statement  
42 of origin or an existing certificate of title on a motor vehicle is unavailable, a motor vehicle dealer  
43 licensed under Article 12 of this Chapter and a recreational vehicle dealer licensed under Article  
44 19 of this Chapter shall deliver the manufacturer's statement of origin or certificate of title to the  
45 Division within 20 days of receipt of the title, but no later than 60 days following the later of the  
46 date of the sale or transfer of the vehicle or the date of the creation of a security interest in the  
47 vehicle pursuant to G.S. 20-58(b). The dealer may offer the vehicle for sale provided that the  
48 purchaser is given written notice prior to sale that the dealer is not in possession of the  
49 manufacturer's statement of origin or certificate of title and that the purchaser may be entitled to  
50 liquidated damages pursuant to subsection (b) of this section if the dealer fails to deliver the  
51 manufacturer's statement of origin or certificate of title to the Division in accordance with this

1 subsection. For purposes of this subsection, a vehicle's manufacturer's statement of origin or  
2 existing certificate of title shall be considered unavailable under either of the following  
3 circumstances:

- 4 (1) The manufacturer's statement of origin or certificate of title has not been  
5 actually delivered to the dealer on or prior to the date the dealer sold or  
6 transferred the vehicle.
- 7 (2) The manufacturer's statement of origin or certificate of title was lost or  
8 misplaced on or prior to the date the dealer sold or transferred the vehicle. If  
9 the motor vehicle being sold or transferred is a used motor vehicle, the dealer  
10 is required to make application to the Division for a duplicate title within five  
11 working days of the date of the sale or transfer of the vehicle. If the vehicle  
12 being sold or transferred is a new motor vehicle, the dealer is required to  
13 request a new or duplicate manufacturer's statement of origin from the  
14 applicable manufacturer or distributor within five working days of the date of  
15 the sale or transfer of the vehicle."

16 **SECTION 4.(d)** G.S. 20-75 reads as rewritten:

17 **"§ 20-75. When transferee is a charitable organization, dealer, or insurance company.**

18 A transferee of a vehicle registered under this Article is not required to register the vehicle or  
19 forward the certificate of title to the Division as provided in G.S. 20-73 when the transferee is  
20 any of the following:

- 21 (1) A dealer who is licensed under Article 12 or Article 19 of this Chapter and  
22 who holds the vehicle for resale.

27 Revenue Code (26 U.S.C. § 501(c)(3)) and the vehicle was donated to the  
28 charitable organization solely for purposes of resale by the charitable  
29 organization.

30 To assign or transfer title or interest in the vehicle, the charitable organization, dealer, or  
31 insurance company shall execute, in the presence of a person authorized to administer oaths, a  
32 reassignment and warranty of title on the reverse of the certificate of title in the form approved  
33 by the Division, which shall include the name and address of the transferee. The title to the  
34 vehicle shall not pass or vest until the reassignment is executed and the motor vehicle delivered  
35 to the transferee.

36 The dealer transferring title or interest in a motor vehicle shall deliver the certificate of title  
37 duly assigned in accordance with the foregoing provision to the transferee at the time of  
38 delivering the vehicle, except:

- 39 (1) Where a security interest in the motor vehicle is obtained from the transferee  
40 in payment of the purchase price or otherwise, the dealer shall deliver the  
41 certificate of title to the lienholder and the lienholder shall forward the  
42 certificate of title together with the transferee's application for new certificate  
43 of title and necessary fees to the Division within 20 days; or
- 44 (2) Where the transferee has the option of cancelling the transfer of the vehicle  
45 within 10 days of delivery of the vehicle, the dealer shall deliver the certificate  
46 of title to the transferee at the end of that period. Delivery need not be made  
47 if the contract for sale has been rescinded in writing by all parties to the  
48 contract.

49 Any person who delivers or accepts a certificate of title assigned in blank shall be guilty of a  
50 Class 2 misdemeanor.

1 The title to a salvage vehicle shall be forwarded to the Division as provided in G.S. 20-109.1,  
 2 except with respect to the title of any salvage vehicle transferred pursuant to G.S. 20-109.1(b)(2)  
 3 or G.S. 20-109.1(e1)."

4 **SECTION 4.(e)** G.S. 20-79 reads as rewritten:

6 (a) How to Get a Dealer Plate. – The Division may issue a person licensed under Article  
 7 12 or Article 19 of this Chapter the appropriate classification of dealer license plate. A person  
 8 eligible for a dealer license plate may obtain one by filing an application with the Division and  
 9 paying the required fee. An application must be filed on a form provided by the Division. The  
 10 required fee is the amount set by G.S. 20-87(7).

11 (b) Number of Plates. – A dealer who was licensed under Article 12 or Article 19 of this  
 12 Chapter for the previous 12-month period ending December 31 may obtain the number of dealer  
 13 license plates allowed by the following table; the number allowed is based on the number of  
 14 motor vehicles the dealer sold during the relevant 12-month period and the average number of  
 15 qualifying sales representatives the dealer employed during that same 12-month period:

<u>Vehicles Sold In Relevant</u>	<u>Maximum Number of Plates</u>
<u>12-Month Period</u>	
Fewer than 12	3
At least 12 but less than 25	6
At least 25 but less than 37	7
At least 37 but less than 49	8
49 or more	At least 8, but no more than 5 times the average number of qualifying sales representatives employed by the dealer during the relevant 12-month period

16 A dealer who was not licensed under Article 12 or Article 19 of this Chapter for part or all of  
 17 the previous 12-month period ending December 31 may obtain the number of dealer license  
 18 plates that equals four times the number of qualifying sales representatives employed by the  
 19 dealer on the date the dealer files the application. A "qualifying sales representative" is a sales  
 20 representative who works for the dealer at least 25 hours a week on a regular basis and is  
 21 compensated by the dealer for this work.

22 A dealer who sold fewer than 49 motor vehicles the previous 12-month period ending  
 23 December 31 but has sold at least that number since January 1 may apply for additional dealer  
 24 license plates at any time. The maximum number of dealer license plates the dealer may obtain  
 25 is the number the dealer could have obtained if the dealer had sold at least 49 motor vehicles in  
 26 the previous 12-month period ending December 31.

27 A dealer who applies for a dealer license plate must certify to the Division the number of  
 28 motor vehicles the dealer sold in the relevant period. Making a material misstatement in an  
 29 application for a dealer license plate is grounds for the denial, suspension, or revocation of a  
 30 dealer's license under ~~G.S. 20-294~~G.S. 20-294 or G.S. 20-438.

31 A dealer engaged in the alteration and sale of specialty vehicles may apply for up to two  
 32 dealer plates in addition to the number of dealer plates that the dealer would otherwise be entitled  
 33 to under this section.

34 This subsection does not apply to manufacturers licensed under Article 12 of this Chapter.

35 (c) Form and Duration. – A dealer license plate is subject to G.S. 20-63, except for the  
 36 requirement that the plate display the registration number of a motor vehicle and the requirement  
 37 that the plate be a "First in Flight" plate, a "First in Freedom" plate, or a "National/State Mottos"  
 38 plate. A dealer license plate must have a distinguishing symbol identifying the plate as a dealer

3 A dealer license plate is issued for a period of one year. The Division shall vary the expiration  
4 dates of dealer registration renewals so that an approximately equal number expires at the end of  
5 each month, quarter, or other period consisting of one or more months. A dealer license plate  
6 may be transferred from one vehicle to another. When the Division issues a dealer plate, it may  
7 issue a registration that expires at the end of any monthly interval. When one of the following  
8 occurs, a dealer must surrender to the Division all dealer license plates issued to the dealer:

- 9 (1) The dealer surrenders the license issued to the dealer under Article 12 or  
10 Article 19 of this Chapter.
