## **USE MARKET-BASED SOURCING FOR MULTISTATE INCOME TAX APPORTIONMENT**

**SECTION 3.(a)** G.S. 105-130.4 reads as rewritten:

**"§ 105-130.4. Allocation and apportionment of income for corporations.**

...

(l) ~~(1) Sales Factor.~~ – The sales factor is a fraction, the numerator of which is the total sales of the corporation in this State during the income year, and the denominator of which is the total sales of the corporation everywhere during the income year. Notwithstanding any other provision under this Part, the receipts from any casual sale of property shall be excluded from both the numerator and the denominator of the sales factor. Where a corporation is not taxable in another state on its apportionable income but is taxable in another state only because of nonapportionable income, all sales shall be treated as having been made in this State.

Receipts are in this State if the taxpayer's market for the receipts is in this State. If the market for a receipt cannot be determined, the state or states of assignment shall be reasonably approximated. In a case in which a taxpayer cannot ascertain the state or states to which receipts of a sale are to be assigned through the use of a method of reasonable approximation, the receipts must be excluded from the denominator of a taxpayer's sales factor. Except as otherwise provided by this section, a taxpayer's market for receipts is in this State as provided below:

(1) In the case of sale, rental, lease, or license of real property, if and to the extent the property is located in this State.

(2) ~~Sales of tangible personal property are in this State if the property is received in this State by the purchaser. In the case of delivery of goods by common carrier or by other means of transportation, including transportation by the purchaser, the place at which the goods are ultimately received after all transportation has been completed shall be considered as the place at which the goods are received by the purchaser. Direct delivery into this State by the taxpayer to a person or firm designated by a purchaser from within or without the State shall constitute delivery to the purchaser in this State.~~In the case of rental, lease, or license of tangible personal property, if and to the extent the property is located in this State.

(3) ~~Other sales are in this State if any of the following occur:~~In the case of sale of tangible personal property, if and to the extent the property is received in this State by the purchaser. In the case of delivery of goods by common carrier or by other means of transportation, including transportation by the purchaser,

1 the place at which the goods are ultimately received after all transportation  
2 has been completed is considered the place at which the goods are received  
3 by the purchaser. Direct delivery into this State by the taxpayer to a person or  
4 firm designated by a purchaser from within or without the State constitutes  
5 delivery to the purchaser in this State.

6 a. ~~The receipts are from real or tangible personal property located in this~~  
7 ~~State, and includes receipts from incidental services sold as part of, or~~  
8 ~~in connection with, the sale of tangible personal property in this State.~~

9 b. ~~The receipts are from intangible property and are received from~~  
10 ~~sources within this State.~~

11 e. ~~The receipts are from services and the income producing activities are~~  
12 ~~in this State. For the purposes of this subdivision, an~~  
13 ~~"income producing activity" means an activity directly performed by~~  
14 ~~the taxpayer or its agents for the ultimate purpose of generating the~~  
15 ~~sale of the service. Receipts from income producing activities~~  
16 ~~performed within and without this State are attributed to this State in~~  
17 ~~proportion to the income producing activities performed in this State~~  
18 ~~to total income producing activities performed everywhere that~~  
19 ~~generate the sale of service.~~

20 (4) In the case of sale of a service, if and to the extent the service is delivered to  
21 a location in this State.

22 (5) In the case of intangible property that is rented, leased, or licensed, if and to  
23 the extent the property is used in this State. Intangible property utilized in  
24 marketing a good or service to a consumer is "used in this State" if that good  
25 or service is purchased by a consumer who is in this State.

26 (6) In the case of intangible property that is sold, if and to the extent the property  
27 is used in this State. A contract right, government license, or similar intangible  
28 property that authorized the holder to conduct a business activity in a specific  
29 geographic area is "used in this State" if the geographic area includes all or  
30 part of this State. Receipts from a sale of intangible property that is contingent  
31 on the productivity, use, or disposition of the intangible property shall be  
32 treated as receipts from the rental, lease, or licensing of the intangible property  
33 as provided under subdivision (5) of this subsection. All other receipts from a  
34 sale of intangible property shall be excluded from the numerator and  
35 denominator of the sales factor.

36 (l1) Wholesale Content Distributors. – A wholesale content distributor's market for  
37 receipts is in this State as provided in G.S. 105-130.4A. In no event may the amount of income  
38 apportioned to this State be less than the amount determined under this subsection. The amount  
39 determined under this subsection is the total domestic gross receipts of the wholesale content  
40 distributor from advertising and licensing activities multiplied by two percent (2%). For purposes  
41 of this section, the term "wholesale content distributor" has the same meaning as defined in  
42 G.S. 105-130.4A.

43 (l2) Banks. – A bank's market for receipts is in this State as provided in G.S. 105-130.4B.  
44 For purposes of this section, the term "bank" has the same meaning as defined in  
45 G.S. 105-130.4B.

46 ...

47 (s2) Pipeline Company. – Receipts from the transportation or transmission of a  
48 petroleum-based liquids pipeline or natural gas by a company subject to rate regulation by the  
49 Federal Energy Regulatory Commission shall be apportioned by multiplying the income by a  
50 fraction, the numerator of which is the number of barrel miles traffic units in this State during  
51 the tax year and the denominator of which is the total number of barrel miles traffic units

1 everywhere during the tax year. For purposes of this section, the term "~~barrel mile~~" means ~~one~~  
2 ~~barrel of liquid property transported one mile.~~"traffic unit" means one or more of the following:

3 (1) Barrel mile. – One barrel of liquid property transported one mile.

4 (2) Cubic foot mile. – One cubic foot of gaseous property transported one mile.

5 (s3) Electric Power Company. – All apportionable income of an electric power company  
6 shall be apportioned by a fraction, the numerator of which is the average value of the real and  
7 tangible personal property owned or rented and used in this State by the electric power company  
8 during the income year and the denominator of which is the average value of all the real and  
9 tangible personal property owned or rented and used by the electric power company during the  
10 income year. For purposes of this subsection, the term "electric power company" is a company,  
11 including any of its wholly owned noncorporate limited liability companies, primarily engaged  
12 in the business of supplying electricity for light, heat, current, or power to persons in this State  
13 and that is subject to control of one or more of the following entities: the North Carolina Utilities  
14 Commission or the Federal Energy Regulatory Commission.

15 For purposes of this subsection, the average value of real and tangible personal property  
16 owned or rented by an electric power company is determined as follows:

17 (1) The average value of property shall be determined by averaging the values at  
18 the beginning and end of the income year, but in all cases the Secretary may  
19 require the averaging of monthly or other periodic values during the income  
20 year if reasonably required to reflect properly the average value of the  
21 corporation's property.

22 (2) An electric power company that ceases its operations in this State before the  
23 end of its income year because of its intention to dissolve or to relinquish its  
24 certificate of authority, or because of a merger, conversion, or consolidation,  
25 or for any other reason whatsoever shall use the real estate and tangible  
26 personal property values as of the first day of the income year and the last day  
27 of its operations in this State in determining the average value of property, but  
28 the Secretary may require averaging of monthly or other periodic values  
29 during the income year if reasonably required to reflect properly the average  
30 value of the electric power company's property.

31 (3) Property owned by an electric power company is valued at its original cost.

32 (4) Property rented by an electric power company is valued at eight times the net  
33 annual rental rate.

34 (5) Net annual rental rate is the annual rental rate paid by an electric power  
35 company less any annual rental rate received by the electric power company  
36 from sub-rentals except that sub-rentals shall not be deducted when they  
37 constitute apportionable income.

38 (6) Any property under construction and any property the income from which  
39 constitutes nonapportionable income shall be excluded from the computation  
40 of the average value of an electric power company's real and tangible personal  
41 property.

42 ...

43 (t3) State Net Loss Apportionment Election. – Notwithstanding subdivision (l)(4) of this  
44 section, a taxpayer with a State net loss balance as of the end of its 2019 taxable year may elect  
45 to apportion receipts from services based on the percentage of its income-producing activities  
46 performed in this State. The election must be made on the 2020 tax year return and must be in  
47 the form prescribed by the Secretary and contain any supporting documentation the Secretary  
48 may require. The election is binding and irrevocable until the earlier of the tax year in which (i)  
49 the existing State net loss balance is fully utilized or (ii) all of the existing State net loss balance  
50 has expired, as determined by applying the limitations set forth in G.S. 105-130.8A(b). A  
51 taxpayer must apportion receipts from services in accordance with subdivision (l)(4) of this

1 section for tax years beginning on and after the tax year that the existing State net loss is fully  
2 utilized.

3 For purposes of this subsection, a taxpayer's State net loss balance is the total amount of State  
4 net losses computed under G.S. 105-130.8A for taxable years beginning before January 1, 2020,  
5 and available to carry forward to taxable years beginning on or after January 1, 2020. A State net  
6 loss balance does not include a State net loss created in a taxable year beginning on or after  
7 January 1, 2020. A State net loss created in a taxable year beginning on or after January 1, 2020,  
8 must be determined using the apportionment rules in G.S. 105-130.4(I)."

26 fraction, the numerator of which is the sum of the wholesale content distributor's gross receipts  
27 from transactions and activity in the regular course of its trade or business from sources within  
28 the State and the denominator of which is the sum of the wholesale content distributor's gross  
29 receipts from transactions and activity in the regular course of its trade or business everywhere.

50          calculating receipts for purposes of the denominator is the same as the method used in  
51          determining receipts for purposes of the numerator. The receipts factor includes only those

1 receipts described herein that are apportionable income for the taxable year. Notwithstanding any  
2 other provision under this Part, the receipts from the following are excluded from both the  
3 numerator and the denominator of the receipts factor:

- 4 (1) Receipts from a casual sale of property.
- 5 (2) Receipts exempt from taxation.

7 obligations that represents a return of principal.

14 receipts factor includes receipts from the sale, lease, or rental of real property owned by the  
15 taxpayer if the property is located within this State or receipts from the sublease of real property  
16 if the property is located within this State.

18 for calculating receipts from the sale, lease, or rental of tangible personal property is as follows:

- 19 (1) Tangible personal property. – Except as provided in subdivision (2) of this  
20 subsection, the numerator of the receipts factor includes receipts from the sale,  
21 lease, or rental of tangible personal property owned by the taxpayer if the  
22 property is located within this State when it is first placed in service by the  
23 lessee.
- 24 (2) Transportation property. – Receipts from the lease or rental of transportation  
25 property owned by the taxpayer are included in the numerator of the receipts  
26 factor to the extent that the property is used in this State. The extent an aircraft  
27 will be deemed to be used in this State and the amount of receipts that is to be  
28 included in the numerator of this State's receipts factor is determined by  
29 multiplying all the receipts from the lease or rental of the aircraft by a fraction,  
30 the numerator of which is the number of landings of the aircraft in this State  
31 and the denominator of which is the total number of landings of the aircraft.  
32 If the extent of the use of any transportation property within this State cannot  
33 be determined, then the property will be deemed to be used wholly in the state  
34 in which the property has its principal base of operations. A motor vehicle will  
35 be deemed to be used wholly in the state in which it is registered.

36 (e) Interest, Fees, and Penalties from Loans Secured by Real Property. – The numerator  
37 of the receipts factor includes interest, fees, and penalties from loans secured by real property if  
38 the property is located within this State. If the property is located both within this State and one  
39 or more other states, the receipts described in this subsection are included in the numerator of the  
40 receipts factor if more than fifty percent (50%) of the fair market value of the real property is  
41 located within this State. If more than fifty percent (50%) of the fair market value of the real  
42 property is not located within any one state, then the receipts described in this subsection are  
43 included in the numerator of the receipts factor if the borrower is located in this State. The  
44 determination of whether the real property securing a loan is located within this State is made as  
45 of the time the original agreement was made and any and all subsequent substitutions of collateral  
46 are disregarded.

47 (f) Interest, Fees, and Penalties from Loans Not Secured by Real Property. – The  
48 numerator of the receipts factor includes interest, fees, and penalties from loans not secured by  
49 real property if the borrower is located in this State.

50 (g) Net Gains from the Sale of Loans. – The numerator of the receipts factor includes net  
51 gains from the sale of loans. Net gains from the sale of loans include income recorded under the

1 coupon stripping rules of section 1286 of the Code. The amount of net gains from the sale of  
2 loans that is included in the numerator is determined as follows:

3 (1) Secured by real property. – The amount of net gains, but not less than zero,  
4 from the sale of loans secured by real property is determined by multiplying  
5 the net gains by a fraction, the numerator of which is the amount included in  
6 the numerator of the receipts factor pursuant to subsection (e) of this section,  
7 and the denominator of which is the total amount of interest, fees, and  
8 penalties from loans secured by real property.

9 (2) Not secured by real property. – The amount of net gains, but not less than zero,  
10 from the sale of loans not secured by real property is determined by  
11 multiplying the net gains by a fraction, the numerator of which is the amount  
12 included in the numerator of the receipts factor pursuant to subsection (f) of  
13 this section, and the denominator of which is the total amount of interest, fees,  
14 and penalties from loans not secured by real property.

15 (h) Receipts from Interest, Fees, and Penalties from Cardholders. – The numerator of the  
16 receipts factor includes interest, fees, and penalties charged to credit, debit, or similar  
17 cardholders, including annual fees and overdraft fees, if the cardholder is located in this State.

18 (i) Receipts from ATM Fees. – The numerator of the receipts factor includes receipts  
19 from fees from the use of an ATM owned or rented by the taxpayer, if the ATM is located in this  
20 State. The receipts factor includes all ATM fees that are not forwarded directly to another bank.  
21 Receipts from ATM fees that are not sourced under this subsection are sourced pursuant to  
22 subsection (l) of this section.

23 (j) Net Gains from the Sale of Credit Card Receivables. – The numerator of the receipts  
24 factor includes net gains, but not less than zero, from the sale of credit card receivables multiplied  
25 by a fraction, the numerator of which is the amount included in the numerator of the receipts  
26 factor pursuant to subsection (h) of this section, and the denominator of which is the taxpayer's  
27 total amount of interest, fees, and penalties charged to cardholders.

28 (k) Miscellaneous Receipts. – The numerator of the receipts factor includes all of the  
29 following:

30 (1) Card issuer's reimbursement fees. – Receipts from card issuer's reimbursement  
31 fees if the payor is located in this State.

32 (2) Receipts from merchant's discount. – Receipts from a merchant discount if the  
33 payor is located in this State.

34 (3) Loan servicing fees. – Receipts from loan servicing fees if the payor is located  
35 in this State.

36 (4) Receipts from services. – Receipts from services not otherwise apportioned  
37 under this section if the payor is located in this State.

18 (a) Scope. – This section applies to a marketplace facilitator that makes sales, including  
19 all marketplace-facilitated sales for all marketplace sellers, sourced to this State for the previous  
20 or the current calendar year that meet either of the following:

21 (1) Gross sales in excess of one hundred thousand dollars (\$100,000).

22 (2) Two hundred or more separate transactions.

23 (b) Payment of Tax. – A marketplace facilitator that meets the threshold in subsection (a)  
24 of this section is considered the retailer of each marketplace-facilitated sale it makes and is liable  
25 for collecting and remitting the sales and use tax on all such sales. A marketplace facilitator is  
26 required to comply with the same requirements and procedures as all other retailers registered or  
27 who are required to be registered to collect and remit sales and use tax in this State. A marketplace  
28 facilitator is required to collect and remit sales tax as required by this section regardless of  
29 whether a marketplace seller for whom it makes a marketplace-facilitated sale meets any of the  
30 following conditions:

31 (1) Has a physical presence in this State.

32 (2) Is required to be registered to collect and remit sales and use tax in this State.

36 State had the sale not been made through a marketplace.

37 (c) Report. – A marketplace facilitator must provide or make available to each  
38 marketplace seller the information listed in this subsection with respect to marketplace-facilitated  
39 sales that are made on behalf of the marketplace seller and that are sourced to this State. The  
40 information may be provided in any format and shall be provided or made available no later than  
41 10 days after the end of each calendar month. The required information to be provided or made  
42 available to each marketplace seller is as follows:

43 (1) Gross sales.

44 (2) The number of separate transactions.

45 (d) Liability Relief. – The Department shall not assess a marketplace facilitator for failure  
46 to collect the correct amount of tax due if the marketplace facilitator can demonstrate to the  
47 Secretary's satisfaction that all of the circumstances listed in this subsection apply. This  
48 subsection does not apply with regard to a marketplace-facilitated sale for which the marketplace  
49 facilitator is the marketplace seller or if the marketplace facilitator and the marketplace seller are  
50 affiliates. If a marketplace facilitator is not assessed for tax due under this section, the  
51 marketplace seller is liable for the tax due under this section provided the marketplace seller is

1 engaged in business in this State. The circumstances that a marketplace facilitator must  
2 demonstrate are as follows:

3 (1) The failure to collect the correct amount of tax was due to incorrect  
4 information given to the marketplace facilitator by the marketplace seller.

5 (2) The marketplace facilitator did not receive specific written advice from the  
6 Secretary for the transaction at issue.

7 (e) Refund of Tax. – If a purchaser receives a refund on any portion of the sales price

9 of G.S. 105-164.11A(a) apply.

10 (f) Class Actions. – No class action may be brought against a marketplace facilitator in  
11 any court of this State on behalf of customers arising from or in any way related to an  
12 overpayment of sales or use tax collected on facilitated sales by a marketplace facilitator,  
13 regardless of whether that claim is characterized as a tax refund claim. Nothing in this subsection  
14 affects a customer's right to seek a refund as provided under G.S. 105-164.11.

15 (g) Agreements. – Nothing in this section shall be construed to interfere with the ability  
16 of a marketplace facilitator and a marketplace seller to enter into an agreement with each other  
17 regarding the fulfillment of the requirements of this Article, except that an agreement may not  
18 require a marketplace seller to collect and remit sales and use tax on marketplace-facilitated sales.

19 (h) Use Tax Obligation. – Nothing in this section affects the obligation of any purchaser  
20 to remit use tax for any taxable transaction for which a marketplace facilitator does not collect  
21 and remit sales or use tax.

8 of the rental of an accommodation is one or more of the persons listed below that collects the

10 who collects the payment cannot be determined or is a third party that is not listed in this  
11 subsection, and subsection (c) of this section does not apply, the provider of the accommodation  
12 shall be considered the retailer of the transaction. The retailer is liable for reporting and remitting

24 of the payment, for the rental of an accommodation. An accommodation facilitator subject to this  
25 subsection is not considered the retailer of the rental of the accommodation. The accommodation  
26 facilitator must send the retailer the portion of the sales price the facilitator owes the retailer and  
27 the tax due on the sales price-price, or the portion of the sales price, the accommodation facilitator  
28 collected no later than 10 days after the end of each calendar month. A ~~An accommodation~~

33 from a ~~an accommodation~~ facilitator are held in trust by the retailer for remittance to the  
34 Secretary. A retailer that receives a tax payment from a ~~an accommodation~~ facilitator must remit  
35 the amount received to the Secretary. A retailer is not liable for tax due but not received from a

45 (d) Rental Agent. – ~~A person who, by written contract, agrees to be the rental agent for~~  
46 ~~the provider of an accommodation is considered a retailer under this Article and is liable for the~~

17 If a taxable accommodation is furnished as part of a package, the bundled transaction  
18 provisions in G.S. 105-164.4D apply in determining the sales price of the taxable
