 \mathbf{S}

SENATE BILL DRS15460-MGa-151

Short Title:	Advisory Panel on Cancer Research Recs.	(Public)
Sponsors:	Senators Sawyer, Perry, and Johnson (Primary Sponsors).	
Referred to:		
	A BILL TO BE ENTITLED	
	PLEMENTING THE RECOMMENDATIONS OF THE ADVISOR	
	R RESEARCH AND APPROPRIATING FUNDS FOR THIS PURP	OSE.
	Assembly of North Carolina enacts:	
	ECTION 1. G.S. 130A-208 reads as rewritten:	
	Central cancer registry.registry; powers and duties.	
	cancer registry is established within the Department. The central of	cancer registry
•	e, have the following powers and duties:	
<u>(1</u>		-
	and records <u>pursuant to this Part</u> relating to the incidence, treatn	· · · · · · · · · · · · · · · · · · ·
	and cure of cancer received pursuant to this Part. The central	eancer registry
(0	shall providecancer.	
<u>(2</u>	•	.· .· ·
<u>(3</u>		vestigations in
C	North Carolina, as provided in G.S. 130A-208.1."	
	ECTION 2. Part 1 of Article 7 of Chapter 130A of the General Statu	tes is amended
•	w sections to read:	
	3.1. Lead agency for cancer cluster investigations. as the lead agency for cancer cluster investigations in North Carolic	no the central
	ry shall oversee the coordination of State-level efforts and activities re	
_	ries and investigations, including efforts and activities by the Occ	
-	tal Epidemiology Branch and the Department of Environmental Qu	-
	tes efficiency and effectiveness.	anty, m a way
	he Department shall maintain a Web page on its Internet Web sit	e dedicated to
	r investigations, which shall include the identity of, and contact infor	
	miologist selected to serve as the single point of contact for State-level	
-	rsuant to G.S. 130A-208.2(a)(2).	<u>curreer cruster</u>
	3.2. Cancer epidemiologist.	
	he central cancer registry shall employ and retain an epiden	niologist with
	training, and experience in cancer epidemiology, including of	
	s, whose primary responsibility shall be to coordinate and communic	
	er activities. To fulfill this primary responsibility, the cancer epider	
	owing duties and powers:	
<u>(1</u>	Lead State-level cancer cluster inquiries and investigations in	collaboration
	with the Occupational and Environmental Epidemiology B	
	Department of Environmental Quality, as appropriate.	

- 1 (2) Serve as the single designated point of contact for State-level cancer cluster activities.
 - (3) Conduct routine cancer surveillance activities.
 - (4) Proactively monitor cancer rates statewide, including analyzing patterns of cancer incidence over geographic areas and time.
 - (5) Lead in the development, ongoing review, and updating of the statewide cancer cluster protocol established pursuant to G.S. 130A-208.3, with assistance from the Advisory Committee.
 - (6) Developing and disseminating reports.

"§ 130A-208.3. Enhanced statewide cancer cluster protocol.

The central cancer registry, in collaboration with the Cancer Cluster Subcommittee created by G.S. 130A-33.52, shall establish and periodically update an enhanced statewide cancer cluster protocol for addressing suspected cancer clusters within the State. The protocol shall be based on the most current Centers for Disease Control and Prevention (CDC) guidelines for public health agencies to assess and respond to potential cancer clusters. At a minimum, the protocol shall incorporate all of the following:

- (1) Best practices for all phases of cancer cluster assessment, including (i) surveillance for identifying new cancer cases and monitoring trends, (ii) inquiries, and (iii) detection and investigation.
- (2) State and local infrastructure needs.
- (3) <u>Innovative statistical methods, software tools, and analytic approaches for analyzing cancer rates and detecting cancer clusters.</u>
- (4) A comprehensive plan for internal communication within the Department as well as external communication with local health departments, the community, the media, and other stakeholders."

SECTION 3. Part 4 of Article 1B of Chapter 130A of the General Statutes is amended by adding a new section to read:

"§ 130A-33.52. Cancer Cluster Subcommittee.

There is created the Cancer Cluster Subcommittee of the Advisory Committee on Cancer Coordination and Control to collaborate with the Central Cancer Registry on State-level cancer cluster activities. The Cancer Cluster Subcommittee shall meet at least quarterly with the cancer epidemiologist described in G.S. 130A-208.2 to provide advice and assistance on (i) the enhanced statewide cancer cluster protocol and (ii) any State-level cancer cluster activities being conducted across the State. The subcommittee shall be comprised of eleven individuals with expertise in cancer cluster investigations, who shall be appointed as follows:

- (1) Two cancer epidemiologists, one each appointed by the President Pro Tempore of the Senate and the Speaker of the House of Representatives.
- (2) Two environmental health scientists, one each appointed by the President Pro Tempore of the Senate and the Speaker of the House of Representatives
- One local health director from a rural area of the State, appointed by the Governor.
- (4) One local health director from an urban area of the State, appointed by the Governor.
- (5) One statistician appointed by the Governor.
- (6) Two public members appointed by the Governor.
- (7) The Director of the Central Cancer Registry or a designee of the Director.
- (8) The Director of the Occupational and Environmental Epidemiology Branch or a designee of the Director.
- (9) The Secretary of the Department of Environmental Quality or a designee of the Secretary."

described in G.S. 130A-208.2 to develop and implement the statewide environmental public health tracking Web portal authorized by this section.

SECTION 4.(b) The Department of Health and Human Services, Division of Public Health, Central Cancer Registry, shall provide a report on the results of the pilot project authorized under subsection (a) of this section to the Joint Legislative Oversight Committee on Health and Human Services on or before December 1, 2021. The report shall include a detailed estimate of the projected annual cost to the Department to maintain the Web portal on a permanent basis.

SECTION 4.(a) Not later than October 1, 2020, and within available appropriations,

the Department of Health and Human Services, Division of Public Health, Central Cancer

Registry, shall develop and implement a one-year pilot project to establish a statewide

environmental public health tracking Web portal that allows North Carolina residents and others

to view aggregated environmental and health data by time, geography, cancer type, age, group,

year, and other factors determined by the Central Cancer Registry. The purpose of this pilot

project is to better inform the assessment and communication of cancer and environmental

patterns in North Carolina through a Web portal that is distinct from the Central Cancer Registry's

Internet Web site. The staff of the Central Cancer Registry and the Occupational and

Environmental Epidemiology Branch shall work collaboratively with the cancer epidemiologist

SECTION 4.(c) This section is effective when it becomes law.

SECTION 5.(a) There is appropriated from the General Fund to the Department of Health and Human Services, Division of Public Health, the following amounts for the 2020-2021 fiscal year:

- (1) The sum of ninety-seven thousand nine hundred eleven dollars (\$97,911) in recurring funds to create one full-time equivalent Cancer Epidemiologist position within the Central Cancer Registry dedicated to cancer cluster investigations.
- (2) The sum of eighty-four thousand eight hundred ninety dollars (\$84,890) in recurring funds to create one full-time equivalent Public Health Educator II position within the Occupational and Environmental Epidemiology Branch dedicated to assisting the Department of Health and Human Services and local health departments with communications during cancer cluster investigations and as the results of these investigations are made available to local health departments, the media, and the general public.
- (3) The sum of one hundred seven thousand three hundred twenty dollars (\$107,320) in recurring funds to create one full-time equivalent Geographic Information Systems (GIS) Analyst position within the Central Cancer Registry dedicated to GIS activities in support of cancer cluster investigations and geographic analysis of cancer patterns.
- (4) The sum of one hundred twenty-eight thousand three hundred fourteen dollars (\$128,314) in recurring funds to create one full-time equivalent Business and Technology Application Specialist (Website Developer) position within the Central Cancer Registry dedicated to enhancing and supporting the State Center for Health Statistics Web site to include data visualization tools for identifying cancer rates by geographic regions.
- (5) The sum of one hundred thirty-one thousand nine hundred seventy-six dollars (\$131,976) in recurring funds to create two full-time equivalent Certified Tumor Registrar positions within the Central Cancer Registry dedicated to coordinating outreach, communication, and onboarding with physician practices to improve cancer case identification across the State. These positions shall be responsible for (i) designing and implementing an onboarding and training program to support increased compliance with
