38 **SECTION 2.** G.S. 115C-546.2 reads as rewritten:

39 "**§ 115C-546.2. Allocations from the Fund; uses; expenditures; reversion to General Fund;**  
 40 **matching requirements.**

41 (a) Repealed by Session Laws 2013-316, s. 2.4(b), effective July 23, 2013, and Session  
 42 Laws 2017-206, s. 7(a), effective August 30, 2017.

43 (b) Counties shall use monies previously credited to the Fund by the Secretary of  
 44 Revenue pursuant to G.S. 115C-546.1(b) for capital outlay projects including the planning,  
 45 construction, reconstruction, enlargement, improvement, repair, or renovation of public school  
 46 buildings and for the purchase of land for public school buildings; for equipment to implement a  
 47 local school technology plan; or for both. Monies used to implement a local school technology  
 48 plan shall be transferred to the State School Technology Fund and allocated by that Fund to the  
 49 local school administrative unit for equipment.

1 As used in this section, "public school buildings" only includes facilities for individual  
2 schools that are used for instructional and related purposes and does not include centralized  
3 administration, maintenance, or other facilities.

4 In the event a county finds that it does not need all or part of the funds allocated to it for  
5 capital outlay projects including the planning, construction, reconstruction, enlargement,  
6 improvement, repair, or renovation of public school buildings, for the purchase of land for public  
7 school buildings, or for equipment to implement a local school technology plan, the unneeded  
8 funds allocated to that county may be used to retire any indebtedness incurred by the county for  
9 public school facilities.

10 In the event a county finds that its public school building needs and its school technology  
11 needs can be met in a more timely fashion through the allocation of financial resources previously  
12 allocated for purposes other than school building needs or school technology needs and not  
13 restricted for use in meeting public school building needs or school technology needs, the county  
14 commissioners may, with the concurrence of the affected local Board of Education, use those  
15 financial resources to meet school building needs and school technology needs and may allocate  
16 the funds it receives under this Article for purposes other than school building needs or school  
17 technology needs to the extent that financial resources were redirected from such purposes. The  
18 concurrence described herein shall be secured in advance of the allocation of the previously  
19 unrestricted financial resources and shall be on a form prescribed by the Local Government  
20 Commission.

21 (c) Monies in the Fund previously credited to the Fund by the Secretary of Revenue  
22 pursuant to G.S. 115C-546.1(b) allocated for capital projects shall be matched on the basis of one  
23 dollar of local funds for every three dollars of State funds. Such monies in the Fund transferred  
24 to the State Technology Fund do not require a local match.

25 Revenue received from local sales and use taxes that is restricted for public school capital  
26 outlay purposes pursuant to G.S. 105-502 or G.S. 105-487 may be used to meet the local  
27 matching requirement. Funds expended by a county after July 1, 1986, for land acquisition,  
28 engineering fees, architectural fees, or other directly related costs for a public school building  
29 capital project that was not completed prior to July 1, 1987, may be used to meet the local match  
30 requirement.

31 (d) If funds are appropriated from the Education Lottery Fund to the Public School  
32 Building Capital Fund, such funds shall be allocated for school capital construction projects on  
33 a per average daily membership basis according to the average daily membership for the budget  
34 year as determined and certified by the State Board of Education.

35 (1), (2) Repealed by Session Laws 2013-360, s. 6.11(b), effective July 1, 2013.

36 (3) No county shall have to provide matching funds required under subsection (c)  
37 of this section.

38 (4) A county may use monies in this Fund to pay for school construction projects  
39 in local school administrative units and to retire indebtedness incurred for  
40 school construction projects.

41 (5) A county may not use monies in this Fund to pay for school technology needs.

42 (6) A county may use monies in this Fund for lease agreements that meet the  
43 criteria provided in subsection (g) of this section.

44 (e) The State Board of Education may use up to one million five hundred thousand dollars  
45 (\$1,500,000) each year of monies in the Fund to support positions in the Department of Public  
46 Instruction's Support Services Division.

47 (f) If a county has received a grant fund award from the Needs-Based Public School  
48 Capital Fund, that county shall be ineligible to receive allocations from the Public School  
49 Building Capital Fund for a period of five years from the date the grant funds were awarded.

1       (g) In addition to the purposes provided in this section, a county may utilize monies in  
2 this Fund to enter into a lease agreement for the construction of new school facilities if all of the  
3 following criteria are met:

4           (1) Ownership of the subject property on which the leased school is constructed  
5 shall be retained by the county.

6           (2) The lease agreement shall be for a term of at least 15 years and no more than  
7 40 years.

8           (3) A county that has entered into a lease agreement shall provide a copy of the  
9 lease agreement to the Department of Public Instruction.

10       For the purposes of this subsection, the term "lease agreement" shall include any ancillary  
11 agreements or predevelopment agreements entered into in anticipation of or in accordance with  
12 a lease. A lease agreement entered into pursuant to this subsection shall be subject to the  
13 requirements of Article 8 of Chapter 159 of the General Statutes. In determining whether the  
14 lease agreement is necessary or expedient, pursuant to G.S. 159-151(a)(1) and  
15 G.S. 159-151(b)(1), the Local Government Commission may consider any other relevant  
16 construction and financing methods available to the county."
