"SECTION 5.3.(e2) Notwithstanding the new construction requirement in subsection (e) of this section, a county may utilize grant funds for a lease agreement if all of the following criteria are met:

(1) Ownership of the subject property on which the leased school is constructed shall be retained by the county.

(2) The lease agreement shall include a repairs and maintenance provision that requires the landlord to bear the entire expense of all repairs, maintenance, alterations, or improvements to the basic structure, fixtures, appurtenances, and grounds of the subject property for the term of the lease.

(3) The lease agreement shall be for a term of at least 15 years and no more than 25-40 years.

(4) In lieu of the progress payment requirement provided in subsection (e) of this section, a county that has entered into a lease agreement shall provide a copy of the lease agreement to the Department and shall be periodically reimbursed upon submission of documentation satisfactory to the Department that the matching requirement of this section has been met.

Notwithstanding the tier designation restrictions in subsection (e) of this section, a county designated as a development tier three area with a population not exceeding 400,000 according to the most recent federal decennial census shall be eligible for grant funds provided that the funds are utilized in accordance with this subsection. A grant awarded to a county designated as a development tier three area shall not exceed ten million dollars ($10,000,000) and shall be subject to a matching requirement of one dollar ($1.00) for every one dollar ($1.00) of grant funds awarded.

For the purposes of this section, the term "lease agreement" shall include any ancillary agreements or predevelopment agreements entered into in anticipation of or in accordance with a lease. A lease agreement entered into pursuant to this subsection shall be subject to the requirements of Article 8 of Chapter 159 of the General Statutes. In determining whether the lease agreement is necessary or expedient pursuant to G.S. 159-151(a)(1) and G.S. 159-151(b)(1), the Local Government Commission may consider any other relevant construction and financing methods available to the county.

SECTION 2. G.S. 115C-546.2 reads as rewritten:

"§ 115C-546.2. Allocations from the Fund; uses; expenditures; reversion to General Fund; matching requirements.

(a) Repealed by Session Laws 2013-316, s. 2.4(b), effective July 23, 2013, and Session Laws 2017-206, s. 7(a), effective August 30, 2017.

(b) Counties shall use monies previously credited to the Fund by the Secretary of Revenue pursuant to G.S. 115C-546.1(b) for capital outlay projects including the planning, construction, reconstruction, enlargement, improvement, repair, or renovation of public school buildings and for the purchase of land for public school buildings; for equipment to implement a local school technology plan; or for both. Monies used to implement a local school technology plan shall be transferred to the State School Technology Fund and allocated by that Fund to the local school administrative unit for equipment.
As used in this section, "public school buildings" only includes facilities for individual schools that are used for instructional and related purposes and does not include centralized administration, maintenance, or other facilities.

In the event a county finds that it does not need all or part of the funds allocated to it for capital outlay projects including the planning, construction, reconstruction, enlargement, improvement, repair, or renovation of public school buildings, for the purchase of land for public school buildings, or for equipment to implement a local school technology plan, the unneeded funds allocated to that county may be used to retire any indebtedness incurred by the county for public school facilities.

In the event a county finds that its public school building needs and its school technology needs can be met in a more timely fashion through the allocation of financial resources previously allocated for purposes other than school building needs or school technology needs and not restricted for use in meeting public school building needs or school technology needs, the county commissioners may, with the concurrence of the affected local Board of Education, use those financial resources to meet school building needs and school technology needs and may allocate the funds it receives under this Article for purposes other than school building needs or school technology needs to the extent that financial resources were redirected from such purposes. The concurrence described herein shall be secured in advance of the allocation of the previously unrestricted financial resources and shall be on a form prescribed by the Local Government Commission.

(c) Monies in the Fund previously credited to the Fund by the Secretary of Revenue pursuant to G.S. 115C-546.1(b) allocated for capital projects shall be matched on the basis of one dollar of local funds for every three dollars of State funds. Such monies in the Fund transferred to the State Technology Fund do not require a local match.

Revenue received from local sales and use taxes that is restricted for public school capital outlay purposes pursuant to G.S. 105-502 or G.S. 105-487 may be used to meet the local matching requirement. Funds expended by a county after July 1, 1986, for land acquisition, engineering fees, architectural fees, or other directly related costs for a public school building capital project that was not completed prior to July 1, 1987, may be used to meet the local match requirement.

(d) If funds are appropriated from the Education Lottery Fund to the Public School Building Capital Fund, such funds shall be allocated for school capital construction projects on a per average daily membership basis according to the average daily membership for the budget year as determined and certified by the State Board of Education.

(1), (2) Repealed by Session Laws 2013-360, s. 6.11(b), effective July 1, 2013.

(3) No county shall have to provide matching funds required under subsection (c) of this section.

(4) A county may use monies in this Fund to pay for school construction projects in local school administrative units and to retire indebtedness incurred for school construction projects.

(5) A county may not use monies in this Fund to pay for school technology needs.

(6) A county may use monies in this Fund for lease agreements that meet the criteria provided in subsection (g) of this section.

(e) The State Board of Education may use up to one million five hundred thousand dollars ($1,500,000) each year of monies in the Fund to support positions in the Department of Public Instruction's Support Services Division.

(f) If a county has received a grant fund award from the Needs-Based Public School Capital Fund, that county shall be ineligible to receive allocations from the Public School Building Capital Fund for a period of five years from the date the grant funds were awarded.
In addition to the purposes provided in this section, a county may utilize monies in this Fund to enter into a lease agreement for the construction of new school facilities if all of the following criteria are met:

1. Ownership of the subject property on which the leased school is constructed shall be retained by the county.
2. The lease agreement shall be for a term of at least 15 years and no more than 40 years.
3. A county that has entered into a lease agreement shall provide a copy of the lease agreement to the Department of Public Instruction.

For the purposes of this subsection, the term "lease agreement" shall include any ancillary agreements or predevelopment agreements entered into in anticipation of or in accordance with a lease. A lease agreement entered into pursuant to this subsection shall be subject to the requirements of Article 8 of Chapter 159 of the General Statutes. In determining whether the lease agreement is necessary or expedient, pursuant to G.S. 159-151(a)(1) and G.S. 159-151(b)(1), the Local Government Commission may consider any other relevant construction and financing methods available to the county.

SECTION 3. This act is effective when it becomes law.
