For purposes of this section, a "conflict of interest" occurs when a county department of social services is not able to manage the adverse interests of two individuals that the department of social services owes a duty to serve, or because of a preexisting relationship between an individual and a county that results in a county department of social services' inability to objectively fulfill its statutory responsibilities, or when the provision of social services and duty owed by a county department of social services conflicts with services and the duty owed by another county department of social services."
