6 The General Assembly of North Carolina enacts:

7 **SECTION 1.** Effective July 1, 2023, G.S. 96-14.7 is amended by adding a new
8 subsection to read:

9 "(c) Controlled Substances Testing. – An individual is disqualified for benefits if the
10 Division determines that the individual is subject to testing for unlawful use of controlled
11 substances, as defined in G.S. 90-87(5), or a metabolite thereof, and the individual either fails or
12 refuses the testing. An individual shall be subjected to testing for the unlawful use of controlled
13 substances as a condition of eligibility if (i) the individual was discharged for unlawful use of
14 controlled substances by the individual's bona fide employer or (ii) suitable work is only available
15 in an occupation for which drug testing is regularly conducted.

16 The following occupations are deemed occupations that regularly conduct drug testing for
17 purposes of this subsection:

- 18 (1) An occupation where the Division of Employment Security has a factual basis
19 for finding that employers hiring employees in that occupation conduct pre- or
20 post-hire drug testing as a standard eligibility requirement for obtaining or
21 maintaining employment in the occupation.
22 (2) An occupation specifically identified in State or federal law as requiring an
23 employee to be tested for controlled substances.
24 (3) An occupation that requires the employee to carry a firearm.
25 (4) An occupation identified in 14 C.F.R. § 120.105 by the Federal Aviation
26 Administration, in which the employee must be tested.
27 (5) An occupation identified in 46 C.F.R. § 16.201 by the United States Coast
28 Guard, in which the employee must be tested.
29 (6) An occupation identified in 49 C.F.R. § 382.103 by the Federal Motor Carrier
30 Safety Administration, in which the employee must be tested.
31 (7) An occupation identified in 49 C.F.R. § 219.3 by the Federal Railroad
32 Administration, in which the employee must be tested.

34 Administration, in which the employee must be tested.
35 (9) An occupation identified in 49 C.F.R. § 199.2 by the Pipeline and Hazardous
36 Materials Safety Administration, in which the employee must be tested.

1 The Division shall adopt rules to implement this subsection. The testing program shall
2 comply with federal law and, to the extent practicable, with the requirements of Article 20 of
3 Chapter 95 of the General Statutes.

4 Each individual subject to controlled substances testing under this subsection shall pay the
5 cost of the testing. Prior to testing, an individual may notify the person administering the test that
6 the individual is currently taking prescription or over-the-counter medication that may impact
7 the test results and shall provide proof of a prescription for the medication. The test administrator
8 must notify the Division of any prescription or over-the-counter medication disclosed by the
9 individual prior to the test. An individual who fails a controlled substances test may take one or
10 more additional tests at the individual's own expense.

11 An individual who tests positive for the unlawful use of controlled substances may reapply
12 for benefits if the individual can document the successful completion of a substance abuse
13 treatment program offered by a provider approved by the Division and the individual must
14 undergo controlled substances testing, at their own expense, in accordance with rules adopted by
15 the Division.

16 A disqualification for benefits based upon a failed test may be adjudicated under G.S. 96-15
17 only on the issues of whether or not the test was in error or whether the failure to pass the test
18 was due to lawful use of a drug prescribed by a licensed physician as medically necessary for the
19 individual."

20 **SECTION 2.** The Division of Employment Security shall complete as soon as
21 practicable, but no more than 120 days from the date when this act becomes law, an assessment
22 of hiring practices in the construction and agriculture industries in this State to determine whether
23 the eligibility requirement of controlled substances testing under G.S. 96-14.7(c), as enacted by
24 this act, is appropriate for those occupations.

25 **SECTION 3.(a)** There is appropriated from the General Fund to the Department of

27 (\$500,000) for the 2023-2024 fiscal year and the sum of five hundred thousand dollars (\$500,000)
28 for the 2024-2025 fiscal year to pay the costs of administering the drug testing program required
29 by this act.

30 **SECTION 3.(b)** This section becomes effective July 1, 2023.
