§ 18C-913. Reserved for future codification purposes.

§ 18C-914. Integrity of competition and prohibited events.
(a) A sports governing body may submit to the Commission in writing a request to restrict, limit, or exclude a certain type, form, or category of sports wagering with respect to sporting events of such body, if the sports governing body believes that such type, form, or category of sports wagering with respect to sporting events of such body may undermine the integrity or perceived integrity of such body or sporting events of such body. The Commission shall request comment from interactive sports wagering operators on all such requests. After giving due consideration to all comments received, the Commission shall, upon a demonstration of good cause from the requestor that such type, form, or category of sports wagering is likely to undermine the integrity or perceived integrity of such body or sporting events of such body, grant the request. The Commission shall respond to a request concerning a particular event before the start of the event, or if it is not feasible to respond before the start of the event, no later than seven days after the request is made. If the Commission determines that the requestor is more likely than not to prevail in successfully demonstrating good cause for its request, the Commission may provisionally grant the request of the sports governing body until the Commission makes a final determination as to whether the requestor has demonstrated good cause. Absent such a provisional grant by the Commission, sports wagering operators may continue to offer sports wagering on sporting events that are the subject of such a request during the pendency of the Commission's consideration of the applicable request.

(b) The Commission and interactive sports wagering operators shall cooperate with investigations conducted by sports governing bodies or law enforcement agencies, including using commercially reasonable efforts to provide or facilitate the provision of sports wagering information. All disclosures under this section are subject to an interactive sports wagering operator's obligations to comply with all federal, State, and local laws and regulations, including those relating to privacy and personally identifiable information.

(c) Interactive sports wagering operators are not required to use official league data for determining any of the following:
(1) The results of tier one sports wagers on sporting events of any organization whether headquartered in the United States or elsewhere.
(2) The results of tier two sports wagers on sporting events of organizations that are not headquartered in the United States.

(d) A sports governing body may notify the Commission that it desires interactive sports wagering operators to use official league data to settle tier two sports wagers on sporting events of such sports governing body. Notification shall be made in the form and manner as the Commission may require. The Commission shall notify each interactive sports wagering operator of a sports governing body's notification within five days of the Commission's receipt of the notification. If a sports governing body does not so notify the Commission, an interactive sports wagering operator is not required to use official league data for determining the results of tier two sports wagers on sporting events of that sports governing body.

(e) Within 60 days of the Commission notifying each interactive sports wagering operator of a sports governing body notification to the Commission, or longer period as may be agreed between the sports governing body and the applicable interactive sports wagering operator, interactive sports wagering operators shall use only official league data to determine the results of tier two sports wagers on sporting events of that sports governing body, unless any of the following apply:
(1) The sports governing body or its designee cannot provide a feed of official league data to determine the results of a particular type of tier two sports
wager, in which case interactive sports wagering operators are not required to
use official league data for determining the results of the applicable tier two
sports wager until such time as such a data feed becomes available from the
sports governing body on commercially reasonable terms and conditions.

(2) An interactive sports wagering operator can demonstrate to the Commission
that the sports governing body or its designee will not provide a feed of official
league data to the interactive sports wagering operator on commercially
reasonable terms and conditions.

(3) The designee of the sports governing body does not obtain a sports wagering
supplier license from the Commission to provide official league data to
interactive sports wagering operators to determine the results of tier two sports
wagers, if and to the extent required by law.

(f) During the pendency of the Commission's determination as to whether a sports
governing body or its designee will provide a feed of official league data on commercially
reasonable terms, an interactive sports wagering operator is not required to use official league
data for determining the results of tier two sports wagers. The Commission's determination shall
be made within 60 days of the interactive sports wagering operator notifying the Commission
that it desires to demonstrate that the sports governing body or its designees will not provide a
feed of official league data to the sports wagering operator on commercially reasonable terms.
The following is a non-exclusive list of factors the Commission may consider in evaluating
whether official league data is being offered on commercially reasonable terms and conditions
for purposes of this subsection and subsections (d) and (e) of this section:

(1) The extent to which interactive sports wagering operators have purchased the
same or similar official league data on the same or similar terms, particularly
in jurisdictions where such purchase was not required by law, or was required
by law, but only if offered on commercially reasonable terms.

(2) The nature and quantity of the official league data, including its speed,
accuracy, reliability, and overall quality, as compared to comparable
non-official data.

(3) The quality and complexity of the process used to collect and distribute the
official league data as compared to comparable non-official data.

(4) The availability of a sports governing body's tier two official league data to an
interactive sports wagering operator from more than one authorized source.

(5) Market information, including price and other terms and conditions, regarding
the purchase by interactive sports wagering operators of comparable data for
the purpose of settling sports wagers in this State and other jurisdictions.

(6) The extent to which sports governing bodies or their designees have made data
used to settle tier two sports wagers available to interactive sports wagering
operators and any terms and conditions relating to the use of that data.

(7) Any other information the Commission deems relevant.

(g) Interactive sports wagering operators shall, as soon as practicable, report to the
Commission any information relating to abnormal betting activity or patterns that may indicate
a concern with the integrity of a sporting event or events, or any other conduct that corrupts a
sports wagering outcome of a sporting event or events for purposes of financial gain, including
match fixing. The interactive sports wagering operator making such a report shall also
simultaneously report such information to the relevant sports governing body.

A bond must be conditioned on compliance with this Article, payable to the State, and in the form required by the Secretary. The amount of the bond is two times the interactive sports wagering operator's expected monthly tax liability under this Article, as determined by the Secretary, provided the amount of the bond may not be less than fifty thousand dollars ($50,000) and may not be more than two million dollars ($2,000,000). The Secretary should periodically review the sufficiency of bonds required of interactive sports wagering operators and increase the amount of a required bond when the amount of the bond furnished no longer covers the anticipated tax liability of the interactive sports wagering operator and decrease the amount when the Secretary determines that a smaller bond amount will adequately protect the State from loss.

For purposes of this section, an interactive sports wagering operator may substitute an irrevocable letter of credit for the secured bond required by this section. The letter of credit must be issued by a commercial bank acceptable to the Secretary and available to the State as a
beneficiary. The letter of credit must be in a form acceptable to the Secretary, conditioned upon
compliance with this Article, and in the amounts stipulated in this section.

§ 105-113.128. Use of tax proceeds.

The Secretary shall distribute the taxes collected under this Article, less the allowance to the
Department of Revenue and reimbursement to the Lottery Commission for administrative
costs, in accordance with this section. The Secretary may retain the cost of collection by the
Department, not to exceed five hundred thousand dollars ($500,000) a year, as reimbursement to
the Department. The Lottery Commission shall, no later than 20 days after the end of the month,
notify the Department of its expenses from administering the provisions of Article 9 of Chapter
18C of the General Statutes from the previous month. The Department shall reimburse the
Lottery Commission from the tax revenues collected under this Article no later than the end of
the month in which the Department was notified. The remainder of the net proceeds of the tax
collected under this Article are to be credited in the following priority:

1. Two million dollars ($2,000,000) annually to the Department of Health and
   Human Services for gambling addiction education and treatment programs.

3. Three hundred thousand dollars ($300,000) annually shall be appropriated to

   amount of each appropriation shall be reduced by the same proportion so that
   all institutions receive an appropriation of the same amount. The institutions
   are listed as follows:
   a. Elizabeth City State University.
   b. Fayetteville State University.

   Heritage Advisory Council for grants, in the discretion of the Council, as
   follows:

      county per year needing assistance to travel to in-State or out-of-state
      sporting events and team activities.
   b. Incentive grants not to exceed twenty-five thousand dollars ($25,000)
      to attract State, regional, and national sporting events, tournaments,
      and programs for nonprofessional athletes participating in programs
      administered by city, county, and local school administrative units.
5. Of the remaining proceeds, as follows:
   a. Twenty percent (20%) annually to be distributed equally among the

SECTION 5. If any section or provision of this act is declared unconstitutional or invalid by the courts, it does not affect the validity of this act as a whole or any part other than the part so declared to be unconstitutional or invalid.

SECTION 6. The Commission shall establish guidance to parties regulated by the provisions of Article 9 of Chapter 18C of the General Statutes, as enacted by this act. Such guidance shall address the application of Article 9 of Chapter 18C of the General Statutes, as enacted by this act, to electronic sports with due consideration to the key role of game publishers as creators of the underlying video game. The Commission may accept and issue applications for licensure in accordance with Article 9 of Chapter 18C of the General Statutes, as enacted by this act, prior to January 8, 2024, in order that licensees may begin operations on January 8, 2024. No license issued by the Commission shall become effective prior to January 8, 2024.

SECTION 7. The North Carolina State Lottery Commission shall use sufficient funds from the North Carolina State Lottery Fund to cover initial operating expenses of the Commission to implement Article 9 of Chapter 18C of the General Statutes, as enacted by this act, provided the total amount borrowed by the Commission shall not exceed fourteen million dollars ($14,000,000) without further action by the General Assembly. The Commission shall repay any funds used out of the North Carolina State Lottery Fund pursuant to this section within 36 months after the effective date of this act.

SECTION 8. The North Carolina State Lottery Commission shall study the implementation of Article 9 of Chapter 18C of the General Statutes, as enacted by this act, and shall report its findings, with any legislative recommendations, to the Joint Legislative Oversight Committee on the North Carolina State Lottery no later than March 1, 2024.
