5 The General Assembly of North Carolina enacts:

6 SECTION 1. G.S. 161-14 reads as rewritten:

7 "§ 161-14. Registration of instruments.

8 (a) After the register of deeds has determined that all statutory and locally adopted  
9 prerequisites for recording have been met, the register of deeds shall immediately register all  
10 written instruments presented to him for registration. When an instrument is presented for  
11 registration, the register of deeds shall endorse upon it the day and hour on which it was  
12 presented. This endorsement forms a part of the registration of the instrument. All instruments  
13 shall be registered in the precise order in which they were presented for registration. Immediately  
14 after endorsing the day and hour of presentation upon an instrument, the register of deeds shall  
15 index and cross-index it in its proper sequence. The register of deeds shall then proceed to register  
16 it on the day that it is presented unless a temporary index has been established.

17 The register of deeds may establish a temporary index in which all instruments presented for  
18 registration shall be indexed until they are registered and entered in the permanent indexes. A  
19 temporary index shall operate in all respects as the permanent index. All instruments presented  
20 for registration shall be registered and indexed and cross-indexed on the permanent indexes not  
21 later than 30 days after the date of presentation.

22 (b) All instruments, except instruments conforming to the provisions of ~~G.S. 25-9-521,~~  
23 G.S. 25-9-521 and any certified copy of a court-filed document, presented for registration on

26 fourteen inches.  
27 (2) Have a blank margin of three inches at the top of the first page and blank  
28 margins of at least one-half inches on the remaining sides of the first page and  
29 on all sides of subsequent pages.  
30 (3) Be typed or printed in black on white paper in a legible font. A font size no  
31 smaller than 9 points shall be considered legible. Blanks in an instrument may  
32 be completed in pen and corrections to an instrument may be made in pen.  
33 (4) Have text typed or printed on one side of a page only.  
34 (5) State the type of instrument at the top of the first page.

35 If an instrument does not meet these requirements, the register of deeds shall register the  
36 instrument after collecting the fee for nonstandard documents as required by G.S. 161-10(a)(18a)

1 in addition to all other applicable recording fees. However, if an instrument fails to meet the  
2 requirements because it contains print in a font size smaller than 9 points, the register of deeds  
3 may register the instrument without collecting the fee for nonstandard documents if, in the  
4 discretion of the register of deeds, the instrument is legible.

5 (c) Repealed by Session Laws 2019-35, s. 4, effective June 21, 2019.

14 (e) Notwithstanding subsection (a) of this section, the register of deeds shall immediately  
15 register a written instrument presented to him or her for registration that meets the following  
16 requirements: (i) the instrument is a portion of a map of a cemetery that was divided into sections  
17 based upon race, (ii) the other portion of the map of a cemetery was properly registered in the  
18 office of the register of deeds, and (iii) the unregistered portion of the map does not have the
