6 **PART I. GENERAL AGRICULTURE PROVISIONS**

7
8 **INCLUDE INCOME FROM THE SALE OF HONEY IN GROSS INCOME FOR**
9 **PURPOSES OF PRESENT USE VALUE TAXATION**

10 **SECTION 1.(a)** G.S. 105-277.3(a)(1) reads as rewritten:

11 "(1) Agricultural land. – Individually owned agricultural land consisting of one or
12 more tracts, one of which satisfies the requirements of this subdivision. For
13 agricultural land used as a farm for aquatic species, as defined in
14 G.S. 106-758, the tract must meet the income requirement for agricultural land
15 and must consist of at least five acres in actual production or produce at least
16 20,000 pounds of aquatic species for commercial sale annually, regardless of
17 acreage. For all other agricultural land, the tract must meet the income
18 requirement for agricultural land and must consist of at least 10 acres that are
19 in actual production. Land in actual production includes land under
20 improvements used in the commercial production or growing of crops, plants,
21 or animals.

22 To meet the income requirement, agricultural land must, for the three years
23 preceding January 1 of the year for which the benefit of this section is claimed,
24 have produced an average gross income of at least one thousand dollars
25 (\$1,000). Gross income includes income from the sale of the agricultural
26 products produced from the land, grazing fees for livestock, the sale of bees
27 or products derived from ~~beehives other than honey, beehives,~~ any payments

1 **CLARIFY THAT TURKEY BROODER LITTER RECYCLING IS A BONA FIDE**
2 **FARM PURPOSE WITH RESPECT TO COUNTY ZONING**

3 **SECTION 1.1.** G.S. 160D-903(a) reads as rewritten:

4 "(a) Bona Fide Farming Exempt From County Zoning. – County zoning regulations may
5 not affect property used for bona fide farm purposes; provided, however, that this section does
6 not limit zoning regulation with respect to the use of farm property for nonfarm purposes. Except
7 as provided in G.S. 106-743.4 for farms that are subject to a conservation agreement under
8 G.S. 106-743.2, bona fide farm purposes include the production and activities relating or
9 incidental to the production of crops, grains, fruits, vegetables, ornamental and flowering plants,
10 dairy, livestock, poultry, and all other forms of agriculture, as defined in G.S. 106-581.1.
11 Activities incident to the farm include existing or new residences constructed to the applicable
12 residential building code situated on the farm occupied by the owner, lessee, or operator of the
13 farm and other buildings or structures sheltering or supporting the farm use and operation. A
14 building or structure that is used solely for storage of cotton, peanuts, or sweetpotatoes, or any
15 byproduct of those commodities, is a bona fide farm purpose, including a building or structure
16 on a property that does not have the documentation listed in subdivisions (1) through (4) of this
17 subsection. For purposes of this section, a facility that receives used turkey brooder litter from
18 brooder farms and recycles the used litter by means of a drying process to reduce the moisture
19 content of the litter sufficient to send the recycled litter to a turkey grow-out farm for reuse is a
20 bona fide farm purpose. For purposes of this section, "when performed on the farm" in
21 G.S. 106-581.1(6) includes the farm within the jurisdiction of the county and any other farm
22 owned or leased to or from others by the bona fide farm operator, no matter where located. For
23 purposes of this section, the production of a nonfarm product that the Department of Agriculture
24 and Consumer Services recognizes as a "Goodness Grows in North Carolina" product that is
25 produced on a farm subject to a conservation agreement under G.S. 106-743.2 is a bona fide farm
26 purpose. For purposes of determining whether a property is being used for bona fide farm
27 purposes, any of the following is sufficient evidence that the property is being used for bona fide
28 farm purposes, but other evidence may also be considered:
