COAL COMBUSTION RESIDUAL REPORT REVISION

SECTION 27. G.S. 130A-309.204(a) reads as rewritten:

"(a) The Department shall submit quarterly written reports an annual report no later than October 1 to the Environmental Review Commission on its operations, activities, programs, and progress with respect to its obligations under this Part concerning all coal combustion residuals surface impoundments. This report may be combined with the report to members of the General Assembly required by subsection (b) of this section. At a minimum, the report shall include information concerning the status of assessment, corrective action, prioritization, and closure for each coal combustion residuals surface impoundment and information on costs connected therewith. The report shall include an executive summary of each annual Groundwater Protection and Restoration Report submitted to the Department by the operator of any coal combustion residuals surface impoundments pursuant to G.S. 130A-309.211(d) and a summary of all groundwater sampling, protection, and restoration activities related to the impoundment for the preceding year. The report shall also include an executive summary of each annual Surface Water Protection and Restoration Report submitted to the Department by the operator of any coal combustion residuals surface impoundments pursuant to G.S. 130A-309.212(e) and a summary of all surface water sampling, protection, and restoration activities related to the impoundment for the preceding year, including the status of the identification, assessment, and correction of unpermitted discharges from coal combustion residuals surface impoundments to the surface waters of the State. The Department shall supplement the written reports required by this subsection with additional written and oral reports as may be requested by the Environmental Review Commission. The Department shall submit the written reports required by this subsection whether or not the General Assembly is in session at the time the report is due."

REQUIRE THE DEPARTMENT OF ENVIRONMENTAL QUALITY TO REPORT QUARTERLY ON APPLICATIONS FOR PERMITS REQUIRED FOR NATURAL GAS PIPELINES AND GAS-FIRED ELECTRIC GENERATION FACILITIES

30 **SECTION 28.(a)** Part 1 of Article 7 of Chapter 143B of the General Statutes is 31 amended by adding a new section to read:

2 "<u>§ 143B-279.20. Report on Department activity to process applications for permits</u> 3 required for natural gas pipelines and gas-fired electric generation facilities.

34 The Department of Environmental Quality shall report on any applications received for 35 permits required for siting or operation of natural gas pipelines and gas-fired electric generation 36 facilities within the State, and activities of the Department to process such applications, including tracking of processing times. The processing time tracked shall include (i) the total processing 37 time from when an initial permit application is received to issuance or denial of the permit and 38 39 (ii) the processing time from when a complete permit application is received to issuance or denial 40 of the permit. The Department shall report quarterly to the Joint Legislative Commission on 41 Energy Policy pursuant to this section."

42 **SECTION 28.(b)** This section is effective when it becomes law and applies to 43 applications for permits for natural gas pipelines and gas-fired electric generation facilities 44 pending on or received on or after that date. The Department shall submit the initial report due 45 pursuant to G.S. 143B-279.20, as enacted by this section, no later than October 1, 2024.
