"§ 93B-18. Unlicensed activity.

(a) An occupational licensing board shall have the authority to investigate unlicensed activity and notify unlicensed persons and entities of the possible violation of the law and administrative rules and any civil action or criminal penalty that may be imposed by a court. (b) Any occupational licensing board providing notification to unlicensed persons and entities of a possible violation of the law and administrative rules and any civil action or criminal penalty that may be imposed by a court shall include the following statement in the notification:

An occupational licensing board does not have the authority to order you to discontinue your current practices. No board shall issue such orders independently of the superior court unless specifically authorized to do so by law.

"§ 93B-21. Jurisdictional disputes between boards.

It is the policy of the State that jurisdictional disputes among occupational licensing boards shall be resolved through informal procedures. If a jurisdictional dispute among occupational licensing boards cannot be resolved through informal procedures, any affected board may commence an administrative proceeding to resolve the jurisdictional dispute by filing a petition with the Office of Administrative Hearings and serve the petition on all affected boards. Once the petition is filed and the required fee is paid, the dispute shall become a contested case and shall be conducted by the Office of Administrative Hearings under Articles 3 and 4 of Chapter 150B of the General Statutes.
