

NORTH CAROLINA GENERAL ASSEMBLY AMENDMENT Senate Bill 607

AMENDMENT NO. A12

(to be filled in by
Principal Clerk)

S607-ABR-100 [v.3]

Page 1 of 3

Representative McNeely

moves to amend the bill on page 31, lines 30–31, by inserting between those lines:

"CLARIFY PROHIBITION ON COUNTIES AND CITIES ENACTING AND ENFORCING CERTAIN ORDINANCES, RULES, AND REGULATIONS RELATED TO BATTERY-CHARGED SECURITY FENCES

SECTION 22.5.(a) G.S. 153A-134.1 reads as rewritten:

"§ 153A-134.1. Regulation of battery-charged security fences.

- (a) No county may adopt an ordinance, rule, or regulation or enforce an existing ordinance, rule, or regulation that does any of the following:
 - (1) Requires any type of permit, fee, review, or approval for the installation or use of a battery-charged security fence in addition to a permit that may be required by an ordinance adopted by the governing board as authorized by G.S. 74D-11(c).
 - (2) Imposes installation or operational requirements for battery-charged security fences that are inconsistent with the requirements and standards described in subsection (b) of this section.
 - (3) Prohibits the installation or use of a battery-charged security fence on property that has been zoned exclusively for nonresidential use.
- (b) For purposes of this section, the term "battery-charged security fence" means an alarm system and ancillary components, or equipment attached to that system, including a fence, a battery-operated energizer that is intended to periodically deliver voltage impulses to the fence, and a battery charging device used exclusively to charge the battery. A battery-charged security fence shall meet the following requirements:
 - (1) Interfaces with a monitored alarm device enabling the alarm system to transmit a signal intended to summon the business or law enforcement in response to an intrusion or burglary.
 - (2) Is located on property that is not designated by a county or city exclusively for residential use.
 - (3) Has an energizer that is powered by a commercial storage battery that is not more than 12 volts of direct current.
