(Public)

 \mathbf{S}

Short Title:

SENATE BILL DRS15233-NJ-37A

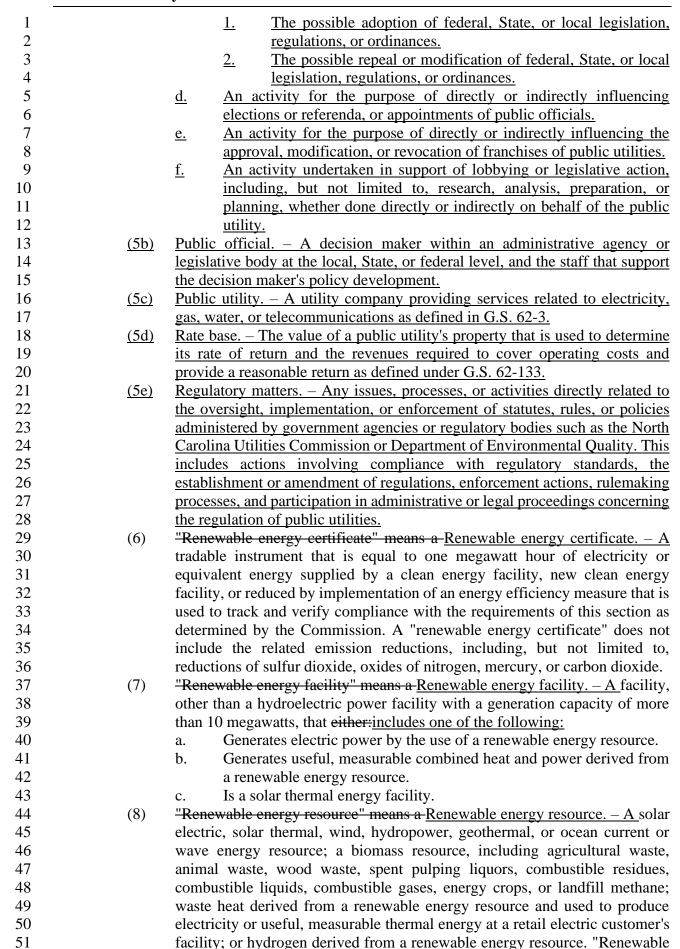

North Carolina Consumer Protection Act.

Sponsors:	Sei	nators Meyer and Murdock (Primary Sponsors).
Referred to	:	
		A BILL TO BE ENTITLED
		REVISES CERTAIN DEFINITIONS IN PUBLIC UTILITY LAW AND
		ΓΙΟΝΑL REQUIREMENTS TO PROTECT RATEPAYERS FROM PAYING
UNJUS	ST OR	UNREASONABLE FEES TO PUBLIC UTILITIES.
The Genera	al Asse	mbly of North Carolina enacts:
	SECT	ION 1. G.S. 62-133.8 reads as rewritten:
"§ 62-133.8	8. Clea	an Energy and Energy Efficiency Portfolio Standard (CEPS).
		tions. – As used in this section:
` '	<u>(1)</u>	Advertising. – Any promotional activity aimed at increasing a public utility's
		visibility, reputation, or profitability. This includes media campaigns, digital
		marketing, and other promotional materials that do not address public service
		issues or conservation efforts directly approved by a State or federal agency.
		Advertising does not include any of the following:
		federal, State, or local agency.
		b. Public messages providing information on safety measures,
	(1) (1)	emergency conditions, or service interruptions.
	(1) (1a)	<u>Clean energy facility" means a Clean energy facility. – A renewable energy</u>
		facility, a nuclear energy facility, including an uprate to a nuclear energy
		facility, or a fusion energy facility.
	(1a) (11	
		Renewable energy resources, nuclear energy resources, including an uprate to
		a nuclear energy facility, and fusion energy.
	(1b)(1c	c) "Combined heat and power system" means a Combined heat and power
		system. – A system that uses waste heat to produce electricity or useful,
		measurable thermal or mechanical energy at a retail electric customer's
		facility.
	(1d)	Commission The North Carolina Utilities Commission created under
		G.S. 62-10, which regulates public utilities in North Carolina.
	(2)	"Demand-side management" means activities, Demand-side management. —
	(2)	Activities, programs, or initiatives undertaken by an electric power supplier
		or its customers to shift the timing of electricity use from peak to nonpeak
		· · · · · · · · · · · · · · · · · · ·
		demand periods. "Demand-side management" includes, but is not limited to,
		load management, electric system equipment and operating controls, direct
		load control, and interruptible load.

1	(3)	"Electric power supplier" means a Electric power supplier. – A public utility
2		an electric membership corporation, or a municipality that sells electric power
3		to retail electric power customers in the State.
4	(3a)	"Electricity demand reduction" means a Electricity demand reduction. – A
5		measurable reduction in the electricity demand of a retail electric customer
6		that is voluntary, under the real-time control of both the electric power
7		supplier and the retail electric customer, and measured in real time, using
8		two-way communications devices that communicate on the basis of standards
9	(4)	"Energy efficiency measure" means an Energy efficiency measure Ar
10		equipment, physical, or program change implemented after January 1, 2007
11		that results in less energy used to perform the same function. "Energy
12		efficiency measure" includes, but is not limited to, energy produced from a
13		combined heat and power system that uses non-clean energy resources
14		"Energy efficiency measure" does not include demand-side management.
15	(4a)	"Fusion" means a Fusion A reaction in which at least one heavier, more
16		stable nucleus is produced from two lighter, less stable nuclei, typically
17		through high temperatures and pressures, emitting energy as a result.
18	(4b)	"Fusion energy" means the Fusion energy. – The product of fusion reactions
19	,	inside a fusion device, used for the purpose of generating electricity or other
20		commercially usable forms of energy.
	<u>(4c)</u>	Lobbying Any action undertaken to influence or attempt to influence
22		legislative or executive action, or both, as defined under G.S. 120C-100, as
21 22 23 24		well as any activity undertaken to influence regulatory matters, such as
24		rate-making.
25	(4c) (4	
26	(1)	either of the following:
26 27		a. A new renewable energy facility; or facility.
28		b. Facilities placed into service on or after January 1, 2007, which are
29		either (i) a nuclear energy facility, including an uprate to a nuclear
29 30		energy facility, or (ii) a fusion energy facility.
31	(5)	"New renewable energy facility" means a New renewable energy facility. – A
32	(0)	renewable energy facility that either:includes one of the following:
33		a. Was placed into service on or after January 1, 2007.
34		b. Delivers or has delivered electric power to an electric power supplies
35		pursuant to a contract with NC GreenPower Corporation that was
36		entered into prior to January 1, 2007.
37		c. Is a hydroelectric power facility with a generation capacity of 10
38		megawatts or less that delivers electric power to an electric power
39		supplier.
40	(5a)	Political influence activities. – Includes any of the following:
41	<u>(5u)</u>	a. Any activity intended to directly or indirectly affect or attempt to affect
42		the decisions or actions of public officials, including, but not limited
43		to, contributions or direct expenditures to political campaigns, parties
44		or advocacy groups.

energy resource" does not include peat, a fossil fuel, or nuclear energy 1 2 resource. 3 (9) Test-year method. – A method of determining the appropriate rate adjustments 4 for public utilities based on the actual and projected costs, as outlined in 5 G.S. 62-133. 6 7 **SECTION 2.** G.S. 62-131 reads as rewritten: 8 "§ 62-131. Rates must be just and reasonable; service efficient. Every rate-rate, toll, charge, schedule made, demanded or received by any public 9 utility, or by any two or more public utilities jointly, shall be just and reasonable. Such rates, 10 11 tolls, or charges will only be deemed reasonable if all of the following criteria are satisfied: Revenue limits. – The public utility demonstrates that the aggregate rates 12 (1) provide revenues that are no greater than the actual costs incurred in serving 13 14 North Carolina customers, including reasonable normalization for 15 nonrecurring costs and future adjustments as approved by the Commission, and a fair return on the public utility's rate base. 16 17 Prohibited costs. – The public utility demonstrates that no part of its rates, **(2)** tolls, or charges includes recovery of costs related to the following: 18 19 Advertisements if any portion of the message in an advertisement is <u>a.</u> 20 considered advertising. 21 Lobbying, grassroots lobbying, executive or legislative advocacy, <u>b.</u> regardless of whether such lobbying or advocacy is undertaken 22 directly or indirectly on behalf of a public utility. 23 24 Contributions or gifts to political candidates, political parties, political <u>c.</u> 25 or legislative committees or any committee or organization working to 26 influence legislative activities, referendum petitions, or elections. 27 Membership dues, sponsorships, or contributions to any business or <u>d.</u> 28 industry trade association, group, or tax-exempt related entity, 29 including, but not limited to, chambers of commerce, charitable 30 organizations, charities managed by the public utility or affiliated interest, industry groups, and organizations classified under section 31 32 527 of the Internal Revenue Code. 33 Political influence activities. <u>e.</u> 34 <u>f.</u> Legal costs and litigation related to federal, State, or local regulations, 35 legislation, ordinances, or regulatory proceedings, including actions 36 against regulatory bodies or legislative decisions. Travel, lodging, food, and beverage expenses for the utility's board of 37 <u>g.</u> directors, officers, or for the parent company's board or officers, 38 39 including any related expenses for affiliate boards or officers. 40 Any costs associated with investor relations activities, including, but h. 41 not limited to, communication, reporting, or any other promotional 42 activities intended for investors or stakeholders. 43 Compensation for any employee whose time is allocated to activities <u>i.</u> related to lobbying, legislative action, political influence activities, or 44 45 advertising, marketing, or communications seeking to influence public 46 opinion. 47 Entertainment or gifts. <u>j.</u> 48 Leasing, owning, or chartering an aircraft for use by the public utility's <u>k.</u> 49 board of directors or officers, or those of a parent company or affiliate. 50 l.Expenses related to services not regulated by the Commission.

Page 4 DRS15233-NJ-37A

m. Any other lobbying or political activity that is conducted in support of a candidate committee, a political committee, or an inaugural committee, or in support of or opposition to a candidate for public office, regardless of whether such actions are undertaken directly or indirectly on behalf of a public utility.

(3) Fair classifications. – Rates must equitably classify customer groups and ensure fairness across all categories, including residential, commercial, and industrial customers.

(b) Every public utility shall furnish adequate, efficient and reasonable service.

 (c) <u>In determining costs of service, the Commission may apply a test-year method of estimating revenue needs, utilizing appropriate normalization and adjustments as required.</u>

 (d) The Commission may approve special rates or contracts for individual customers or customer classes if it determines that such measures are in the public interest, do not unreasonably burden other customers, and align with State emissions reductions goals."

SECTION 3. Article 7 of Chapter 62 of the General Statutes is amended by adding the following new sections to read:

"§ 62-131A. Prohibited cost recovery; annual reporting.

 (a) Public utilities regulated under this Chapter cannot attempt to recover in rates any costs related to the Prohibited Costs listed in G.S. 62-131(a)(2).

 (b) By July 1 of each year, regulated public utilities shall submit to the Commission an annual report detailing all of the following:

 (1) A written, itemized description of any expenses associated with prohibited activities in G.S. 62-131(a)(2).

(2) For each expense, the report must include the date, the payee, the amount, and a description of the purpose of the expense.

(3) Third-party expenditures for prohibited activities, with details sufficient to describe the nature of the expenditure regarding payees and purposes.

A list of all divisions, departments, or other organizational employee groups within the public utility that performs activities associated with G.S. 62-131(a)(2). For each organizational employee group, the public utility shall include a list of employees who work in that group. For each employee, the public utility shall include the employee's job title, a job description sufficient to describe the employee's responsibilities, each activity described in G.S. 62-131(a)(2) in which the employee engages, and a description sufficient to describe the nature of any such activity, the total annual compensation for the employee, the hours allocated to the activity, the percentage of annual compensation paid for work associated with the activities described in G.S. 62-131(a)(2), and the percentage of annual compensation recoverable from ratepayers.

(5) Any additional information that the Commission deems relevant.

(c) The Commission shall review the reports submitted under this section, ensuring they comply with the requirements outlined in this act. The Commission may request additional clarification or documentation to ensure compliance. If any violations are identified, the Commission shall act promptly to enforce penalties as outlined in subsection (e) of this section.

(d) Public Disclosure. – A public utility shall do all of the following:

(1) Clearly and conspicuously disclose in all its public messaging and advertising whether the costs of the public messaging or advertising are being paid for by the corporation's shareholders or ratepayers. A disclosure is not clear and conspicuous if the disclosure is difficult to hear or read, or if the placement of the disclosure is easily overlooked.

DRS15233-NJ-37A Page 5

- Publish on its publicly accessible website all materials filed with the Commission in accordance with subsection (b) of this section. The Commission shall make available the annual reports filed by public utilities in accordance with this section on its publicly accessible website with notice of the availability of the reports prominently displayed on the website.
- (e) The Commission shall impose penalties on public utilities that recover prohibited costs through rates, equal to the amount improperly recovered and refund them to the ratepayers. The Commission shall also satisfy all of the following:
 - (1) In addition to any refunds that the Commission orders a public utility to pay ratepayers, the Commission shall assess a civil penalty in accordance with this section against a public utility that violates G.S. 62-131(a)(2) or fails or neglects to comply with any part or provision of any order, decision, decree, rule, direction, demand, or requirement of the Commission related to implementing G.S. 62-131(a)(2).
 - a. This civil penalty will not be less than fifty thousand dollars (\$50,000) and not more than one hundred fifty thousand dollars (\$150,000) for each violation.
 - b. Each expense improperly recorded to cost recovery through ratepayers is a separate and distinct violation. Violations are continuing violations. Each day a violation to G.S. 62-131(a)(2) occurs shall be a separate and distinct violation.
 - c. The public utility shall not recover any penalty assessed pursuant to this section from ratepayers.
 - (2) Three-fourths of the monies collected pursuant to any settlement or penalties collected by the Commission for violations of G.S. 62-131(a)(2) shall be deposited in the "Energy Equity Fund," which is hereby established in the State Treasury.
 - One-fourth of the monies collected pursuant to any settlement or penalties collected for violations of G.S. 62-131(a)(2) shall, upon appropriation by the General Assembly, be used by the Commission for purposes of increasing resources for the enforcement of this section.
 - (4) Upon appropriation by the General Assembly, monies in the "Energy Equity Fund" may be allocated for purposes of disaster recovery and relief, as well as assisting low-income households in transitioning to zero-emission appliances to mitigate air quality and public health impacts of using combustion appliances.

"§ 62-131B. Guidelines for special rates and alternative regulatory plans.

- (a) The Commission may adopt alternative regulatory mechanisms, including performance-based rates or special customer rates, provided that such measures accomplish all of the following:
 - (1) Protect the public interest.
 - (2) Ensure equitable treatment across customer classes.
 - (3) Do not compromise the reliability of electric service.
- (b) Before approving any alternative regulatory plan, the Commission shall ensure that the plan will not increase costs for other customers beyond reasonable limits or conflict with State energy goals, including renewable energy deployment.
- (c) By November 1, 2025, the Commission shall initiate rulemaking to amend its rules under G.S. 62-30 to implement the requirements of this act. The Commission's rules shall not require public utilities to file more than one annual report related to advertising and political activities, except as required under G.S. 62-133.6."
