As Required by S.L. 2015-286, Section 3.1 (for SFY 2024-2025)**

Session Law 2015-286, Section 3.1, Reduce State Agency Mobile Device Reporting Frequency, requires each agency to report annually on the following items:

(1) Any changes to agency policies on the use of mobile devices: The Department of Health and Human Services (DHHS) has not changed agency policies on mobile devices since the last report.

(2) The number and types of new devices issued since the last report: DHHS has canceled/disconnected 130 Aircards and/or Tablets, 465 Smart Phones, 77 pagers and 20 Feature Phones since the last report. 22 other/unknown devices no longer appears on the report, but the data doesn't indicate whether they were canceled/disconnected or reclassified as a different device type. Some of these apparent changes may be due to a device type being updated or corrected within the data sources (see Note 1). These changes represent a net decrease in spending of approximately **\$659,229.36 per year**.

(3) The total number of mobile devices issued by agency: DHHS has issued 7,752 mobile electronic communications devices.

(4) The total cost of mobile devices issued by the agency: Based on July 2024 usage data for cellular phones, air cards and tablets obtained via the Department of Information Technology (DIT) contract and billed by DIT, AT&T FirstNet and other devices' cost reported by DHHS' divisions, offices, and facilities, DHHS' total annual cost for mobile electronic communications devices is approximately \$3,544,468.56.
