PREFACE

This annual Census report is the product of a collaborative effort among the Center for Safer Schools and the multiple law enforcement agencies that willfully support the mission of school safety through the deployment of school resource officers (SROs). The information contained herein is the result of anonymous surveys distributed to each public-school unit and will be used to help identify potential needs such as funding and training advancements for SROs. This report is submitted in furtherance of legislation established under Session Law 2019-222 as contained in House Bill 75.

EXECUTIVE SUMMARY

School Resource Officers (SROs) are certified law enforcement professionals assigned to work within school settings. While they retain the authority to make arrests and conduct investigations on school grounds, these traditional law enforcement responsibilities represent only a small portion of their broader role in promoting school safety and student well-being. The SRO program is a critical component of modern community policing. By building trust-based relationships with students, SROs create a bridge between law enforcement and school communities — relationships that are instrumental in preventing threats both on and off campus. Their daily presence fosters a safer learning environment and helps to deter criminal behavior through proactive engagement rather than reactive enforcement.

In addition to safety responsibilities, SROs often support educational efforts by providing classroom instruction on legal topics, civics, and personal safety. They collaborate with school staff and emergency responders to conduct campus safety assessments, develop emergency preparedness plans, and coordinate responses to potential critical incidents.

Selecting the right officers for SRO assignments is essential. Ideal candidates are effective communicators who have a genuine interest in working with youth and can operate independently within school environments. They must also be able to navigate the complexities of working in partnership with school administrators while upholding their sworn duties to their department or agency.

It is important to recognize that SROs are law enforcement officers first — not enforcers of school discipline or policy. Their role requires careful use of professional discretion to differentiate between violations of school rules and violations of the law. Properly defining and

supporting this role is key to reducing unnecessary law enforcement involvement in student discipline matters.

To clarify expectations and responsibilities, many districts use formal Memorandums of Understanding (MOUs) between school systems and law enforcement agencies. These agreements outline the scope of the SRO's role, ensuring alignment between school safety goals and the operational realities of law enforcement.

Career progression also presents challenges for the SRO profession. In many departments, officers must rotate through multiple roles — such as patrol, investigation, and administration — to advance in rank and compensation. As a result, some highly skilled SROs are reassigned just as they develop meaningful connections and expertise within the school community.

Forward-thinking agencies are addressing this by creating promotion pathways that allow officers to remain in specialized roles, including school-based positions, without sacrificing career advancement opportunities.

In summary, School Resource Officers play a vital and multifaceted role in ensuring safe and supportive school environments across North Carolina. Continued investment in their training, retention, and role clarity — supported by strong partnerships between schools and law enforcement — is essential to sustaining effective school safety strategies statewide.

RESEARCH METHODOLOGY

In March 2025, the North Carolina Center for Safer Schools (CFSS) initiated its annual School Resource Officer (SRO) Census by contacting school safety directors in all public school units (PSUs) across the state. These directors were asked to distribute the census survey directly to the SROs serving within their respective schools. The survey remained open through April 2025.

Due to the dynamic nature of SRO staffing and assignments across districts, there is no definitive statewide count of active SROs at any given time. However, based on agency reports and statewide estimates, there are approximately **1,500 SROs** serving in North Carolina schools.

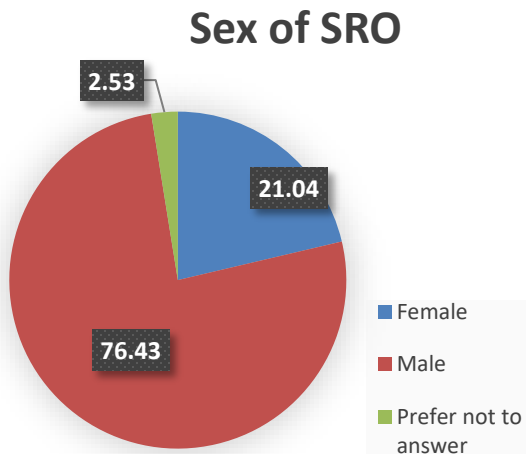

This year, **946 SROs** completed the census — an increase from **865 responses in 2024** — demonstrating improved participation and engagement from the field. In addition to operational insights, the survey collected data required by **House Bill 75**, including:

Age, Years of Law Enforcement Experience, What department they work for, Number of SROs in each Public-School Unit, Education levels, Years of SRO Experience, Funding Source, Location of SROs, Percent of SROs assigned to 1 school and Law Enforcement Affiliation.

Q4: WHAT IS THE HIGHEST LEVEL OF EDUCATION THAT YOU HAVE COMPLETED?

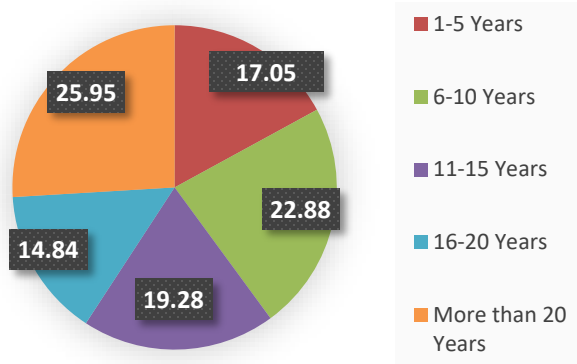

While it is a requirement that every law enforcement officer have a high school diploma for hiring purposes in any law enforcement agency, not all officers have college degrees or higher. According to the 2025 Census results, 13.0% had high school diplomas, while the results show the majority of the respondents have had some college or a two- or four-year degree. Only 4% had a master's degree or higher.

Q7: WHICH TYPE OF LAW ENFORCEMENT AGENCY DO YOU WORK FOR?

While sheriff's offices staff many schools throughout the state, local police departments provide staffing for the SRO position as well. The below illustration represents those statistics and identifies other categories such as School System Police Agencies and Private Contractors. Some larger school districts, such as Wake County, utilize 23 different law enforcement agencies to cover their schools using both municipal officers (Raleigh PD, Cary PD, for example) as well as the Wake County Sheriff's Department.

1	Police Department	37.0%	350
2	Private Contract Contracted Organization	1.06%	10
3	School System Police Agency	2.11%	20
4	Sheriff's Office	59.83%	566
	Total	100%	946

Q8: IS YOUR POSITION A GRANT-FUNDED POSITION FROM THE NC DEPARTMENT OF PUBLIC INSTRUCTION?

In 2013, the N.C. General Assembly provided a \$7 million grant to fund elementary and middle school SRO positions throughout the state. There were 210 SROs employed under this recurring grant at that time. In 2018, the General Assembly added an additional \$5 million to the original grant for distribution throughout the state. In 2022, the General Assembly increased funding to \$33 million recurring. The 2024 SRO Grant cycle funded 812 SROs statewide for elementary and middle schools. Funding is awarded through an application process where districts and charter schools apply for funding based on their individual needs. There is a mandated match that is required to receive funding. Each application is scored based on the rubric provided in the grant application, and applications are scored twice. The scores are then compared for continuity. Award letters are sent to the applicant informing them of the award received. The SRO might not be aware of the funding source that provides the SRO to the school.

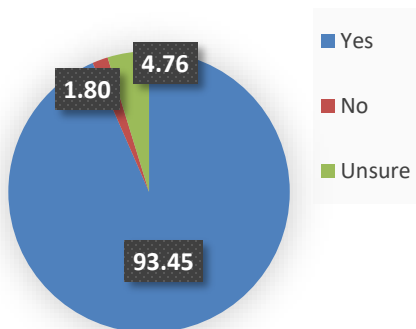

(See Appendix A for the SRO Grant award breakdown.)

Q9: DOES YOUR AGENCY HAVE A MEMORANDUM OF UNDERSTANDING (MOU) THAT DETAILS THE RESPONSIBILITIES OF THE SRO AND SCHOOL ADMINISTRATORS?

The CFSS suggests a written MOU between each SRO and the school administrators that outlines expectations, duties and requirements from both parties. We suggest that the MOU is reviewed each year by both the SRO and school administrator as part of back-to-school preparations. This helps prevent miscommunication and provides an understanding of expectations. The data below reflects that the majority SROs and schools have MOUs in place.

MOU In Place

#	Answer	%	Count
1	Yes	93.45%	884
2	No	1.80%	17

Q10: HAVE YOU COMPLETED THE MANDATORY NC JUSTICE ACADEMY'S BASIC SRO TRAINING PROGRAM?

This training is taught by the N.C. Justice Academy with support now from local community colleges. The initial training is 40 hours long and gives the officer or deputy the basic tools he or she needs to enter the education environment as a law enforcement officer and be successful. Each SRO must take the mandatory SRO Inservice annually (1 hour). Most officers complete this training within the first year as legislated. More than 92% of respondents to this survey indicated they have attended this school.

Q11: HAVE YOU COMPLETED THE NC JUSTICE ACADEMY'S ADVANCED SRO CERTIFICATE PROGRAM?

The School Resource Officer Certificate Program is designed specifically for School Resource Officers who have a desire to increase their training experience and credentials but is not mandatory. The total requirement for completion of the program is 400 class hours.

- Core Classes (80 hours)
- School Resource Officer Training (40 hours)
- School Resource Officer Ethics – Online (32 hours)
- Any Law-Based Course (8 hours or more)
- Electives (320 hours)

Q13: HAVE YOU COMPLETED CRISIS INTERVENTION TEAM (CIT) TRAINING?

Crisis Intervention Team (CIT) training is a community partnership designed to train law enforcement and first responders who encounter individuals experiencing a behavioral health crisis. With proper training, we can better help individuals get access to appropriate treatment and resources, rather than be placed in the criminal justice system or hospital emergency room.

The training has two fundamental goals: improve officer and citizen safety and help individuals in a behavioral health crisis receive appropriate help.

The training is designed to help law enforcement identify the signs and symptoms of a behavioral health crisis and how to safely de-escalate the situation. Statistics have shown that communities with a CIT program in place have a decrease in serious and fatal incidents involving individuals with behavioral health issues, officers and the public. Other benefits include positive relationships within the community; improved response to behavioral health crisis calls; safer interventions and reduced unnecessary arrests or use of force; and more efficient use of criminal justice resources.

The conference is held in the summer, but a high number of officers are assigned back to patrol or other duties for the summer.

	Total	100%	3,133

Q18: HOW MANY SCHOOLS ARE YOU PRIMARILY ASSIGNED TO AS AN SRO?

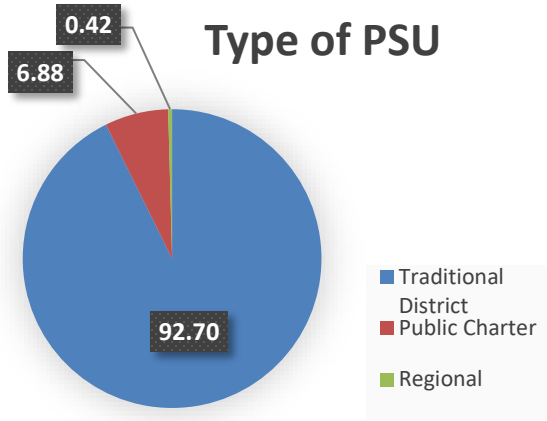

Although it is optimal to be able to assign an SRO to only one school, an SRO assignment is often dependent on departmental staffing. While the high majority of SROs are assigned to high schools, they are also assigned to schools as determined by community trends and need. Middle and elementary SROs generally share multiple schools, but it is not uncommon to have a high school SRO assigned to a nearby feeder school such as an elementary or middle school. While 80% of SROs are assigned to one school, the percentage has stayed the same since the last Census.

	Total	100%	926

Q22: WHO IS YOUR BACKUP WHEN YOU ARE AWAY FROM THE SCHOOL?

SROs are sometimes called to testify at court, call out sick and utilize vacation. When this occurs, there must be a backup plan in place to support the schools. It is reported that over 43% are covered by other trained SROs. SROs must be certified and have arresting powers.

Lockdown drills are mandated by general statute (NCGS 115C-105.49) and are good practice for schools, not only for active shooters but also for local issues that might arise (such as plane crashes, train derailments, hazardous materials incidents as well as weather events). It is also a collaborative effort among local first responders, law enforcement and school personnel.

SUMMARY

The SRO Grant Program has increased the presence of officers in schools. For the fourth consecutive year, the grant program has aided in the funding of 812 officers and placed them in elementary and middle schools across the state.

The funding is critical; without it there would be districts that are unable to provide that type of protection for their students.

With the increase in criminal behavior, the SRO plays an important role in the schools. Not only does the SRO enforce laws and maintain order, they also build positive relationships with students, some of which would not have any positive interaction with law enforcement.

SROs take on the role of mentor, as many are training in Crisis Intervention Team youth training that provides them the skills to recognize a mental health crisis and respond appropriately. SROs also are the initial first responders to their schools.

The Center for Safer Schools recommends the SRO Grant funding increase. We also recommend the continued placement of SROs in schools, as well as increased funding to provide more training.
