RE: State Crime Laboratory STIMS Report for FY 2024-2025

Dear Chairs:

Pursuant to G.S. § 114-65(f), please find the attached report from the North Carolina Department of Justice for the State Crime Laboratory's FY 2024-2025 Sexual Assault Evidence Collection Kit Tracking and Inventory Management System (STIMS).

Please let our team know if you have any questions. Thank you for your continued support.

Sincerely,

Eric Wilson
Chief of Staff

Re: State Crime Lab STIMS Report

Dear Members:

Pursuant to North Carolina General Statute § 114-65 (f), please find the attached report from the North Carolina Department of Justice (DOJ) on the State Crime Laboratory's FY 24-25 Sexual Assault Evidence Collection Kit Tracking and Inventory Management System (STIMS).

Thank you for the opportunity to provide this information. We would be happy to respond to any questions you may have regarding this report.

Sincerely,

Amanda Thompson
Director
North Carolina State Crime Laboratory

Eric Wilson, DOJ Chief of Staff

Creation of the NC Sexual Assault Evidence Collection Kit Tracking and Inventory Management System (STIMS):

The timely testing of sexual assault evidence collection kits (SAECKs or kits) is vital to solving cases, punishing offenders, bringing justice to survivors, and preventing future crimes.

In 2017, the General Assembly passed SL 2017-57, which required all law enforcement agencies to report to the State Crime Laboratory the number of untested kits in their possession. The 2017 Sexual Assault Evidence Collection Kit Law Enforcement Inventory Report, released March 1, 2018, concluded that 15,160 untested kits were in local law enforcement custody and made recommendations on how to handle these untested kits as well as all future kits.

One of the report's recommendations was to establish a statewide tracking system. As a result, the General Assembly passed SL 2018-70 (now NCGS § 114-65), which created the Statewide Sexual Assault Evidence Collection Kit Tracking and Inventory Management System (STIMS) which went live on October 1, 2018. With this tracking system, all new kits are trackable throughout the testing process. Previously untested kits have been barcoded and uploaded into the tracking system as well.

The certified inventory in all agencies across the State of North Carolina totals 16,311 previously untested SAECKs, which includes 1,434 Anonymous or Unreported Kits that are housed at the Department of Public Safety Law Enforcement Support Services for storage and will not be tested at this time per the Survivor Act. This inventory was accomplished by temporary employees who served in the capacity of inventory technicians and were hired using grant funding from USDOJ's Bureau of Justice Assistance. They travelled to each law enforcement agency housing kits to explain STIMS, how to upload the kits they have in their possession into the system, and how to submit the case information to the State Crime Laboratory for review and approval for outsourcing.

STIMS Capability and Use:

STIMS is a web-based application. No specialized software is needed by a user of the system. The system can be used on any computer or mobile device with Internet access.

The information maintained in STIMS is confidential and not a public record. It is also not intended to be a chain of custody. All medical facilities, law enforcement agencies, forensic labs, or others having custody or use of any sexual assault kit shall participate and comply with STIMS. This means they will enter data in the tracking system every time they take action with a kit (i.e., use it for an exam; transfer to law enforcement; receive it into evidence, transfer it to the crime lab; and test the kit).

A District Attorney's user group was added so that District Attorneys and their staff have visibility of all sexual assault kits within their jurisdiction, both newly submitted and previously untested, and can view them by county or agency of origin. They can monitor the flow of kits through the legislatively mandated workflow as set out in the Survivor Act. This increases the transparency and accountability of the system.

The STIMS system is accessible to survivors, law enforcement, District Attorneys, medical facilities and forensic laboratories at the following website:

Web Portal

North Carolina Sexual Assault Evidence Collection Kit Tracking and Information Management System (STIMS)

This website enables tracking of sexual assault evidence collection kits in the State of North Carolina in compliance with [N.C. Gen. Stat. § 114-65](#), which was enacted into law through Session Law 2018-70 (HB 945).

"Sexual assault evidence collection kit" means a set of materials, such as swabs and tools for collecting blood samples, used to gather forensic evidence from a victim of reported sexual assault and the evidence obtained with such materials.

[Resources for Survivors and System Users](#)

Instructions

Victims of sexual assault can view the history and current status of their sexual assault evidence collection kit by entering the sexual assault evidence kit tracking # in the "serial number" box above and clicking the adjacent search button with the magnifying glass icon (Q)

Authorized medical providers, law enforcement agencies, prosecutors, and lab personnel should select "Login" and enter their unique Username and Password to manage the status of sexual assault evidence kits under the jurisdiction of their agency.

A survivor's kit serial number is provided to them at a medical facility, which can then be tracked as shown in the example below at www.sexualassaultkittracking.ncdoj.gov.

Number of SAECKS in STIMS:

N.C.G.S § 114-65 requires the State Crime Lab to report on an annual basis the following information:

- (1) The number of tracking-enabled kits shipped to medical facilities or medical providers.
- (2) The number of tracking-enabled kits used by medical facilities or medical providers to conduct forensic medical examinations of sexual assault or attempted sexual assault victims.
- (3) Of the tracking-enabled kits used by medical facilities or medical providers to conduct forensic medical examinations, the number of kits for which a sexual assault has been reported to law enforcement sorted by law enforcement agency.
- (4) Of the tracking-enabled kits generated for reported cases, the number of kits submitted to a laboratory for forensic testing.
- (5) Of the tracking-enabled kits submitted for forensic testing, the number of kits for which forensic testing has been completed.
- (6) The number of tracking-enabled kits for which a sexual assault has not been reported, including the total submitted to local law enforcement and the total submitted to Department of Public Safety Law Enforcement Support Services.
- (7) Information regarding efforts to track and test previously untested kits described in subsection (e) of this section. (2018-70, s. 1.)

During FY 24-25, the below requested information was captured via the North Carolina State Crime Laboratory Sexual Assault Evidence Collection Kit Inventory and Tracking System (STIMS):

	NC State Crime Laboratory STIMS Data	FY 24-25
1	The number of tracking-enabled kits shipped to medical facilities or medical providers.	2,629
2	The number of tracking-enabled kits used by medical facilities or medical providers to conduct forensic medical examinations of sexual assault or attempted sexual assault victims.	2,389
3	Of the tracking-enabled kits used by medical facilities or medical providers to conduct forensic medical examinations, the number of kits for which a sexual assault has been reported to law enforcement, sorted by law enforcement agency.	2,030
4	Of the tracking-enabled kits generated for reported cases, the number of kits submitted to a laboratory for forensic testing. ¹	2,021
5	Of the tracking-enabled kits submitted for forensic testing, the number of kits for which forensic testing has been completed.	1,694
6	The number of tracking-enabled kits for which a sexual assault has not been reported, including the total submitted to local law enforcement and the total submitted to Department of Public Safety Law Enforcement Support Services.	354
7	Information regarding efforts to track and test previously untested kits described in subsection (e) of this section.	90

As requested in N.C.G.S § 114-65 (3), the kits reported to law enforcement are sorted by law enforcement agency below. **(Attachment 1)**

As requested in N.C.G.S § 114-65 (7), 90 untested kits have been inventoried and entered into STIMS in FY 2024-2025. 16,311 untested kits have been inventoried to date.

¹ The number of kits submitted to the lab in 4 above may be higher due to fiscal year crossover.
